Ideas and Think Tanks in Contemporary Britain , 1996

Think Tanks in Britain and how they influence British Policy on Europe Matthias Giepen, 2008-09-10 Seminar paper from the year 2008 in the subject English Language and Literature Studies Culture and Applied Geography grade 1 0 University of Kassel Gesellschaftswissenschaften Geschichte Nordmerikas und Gro britanniens course Britain and the European integration process language English abstract The 2007 Survey of Think Tanks states that out of a total of 1198 think tanks in Western Europe 283 operate from within the United Kingdom 1 This is by far the highest number amongst the member states of the EU There is a long tradition of think tanks in Britain Informal groups and individuals were offering political advice since the eighteenth century maybe earlier 2 In this essay I try to examine some of the major British think tanks that focus on the European Union and their politics concerning the EU Where possible I will give evidence on how they actually influenced British policy making in terms of the EU I will examine the possibilities of how think tanks can influence governments and public opinion and I will summarize some of the criticism on think tanks in general

Futures of Socialism Colm Murphy, 2023-06-08 The transformation of the Labour Party by 1997 is among the most consequential political developments in modern British history Futures of Socialism overhauls the story of Labour s modernisation and provides an innovative new history Diving into the tumultuous world of the British left after 1973 rocked by crushing defeats bitter schisms and ideological disorientation Colm Murphy uncovers competing intellectual agendas for modern socialism Responding to deindustrialisation neoliberalism and constitutional agitation these visions of modernisation ranged across domestic and European policy and the politics of class gender race and democracy By reconstructing the sites and networks of political debate the book explains their changing influence inside Labour It also throws new light on New Labour highlighting its roots in this social democratic intellectual maelstrom Futures of Socialism provides an essential analysis of social democracy in an era of market liberalism and of the ideas behind a historic political reconstruction that remains deeply controversial today

Labour's Immigration Policy Erica Consterdine, 2017-10-15

This book explains how and why the New Labour governments transformed Britain's immigration system from a highly restrictive regime to one of the most expansive in Europe otherwise known as the Managed Migration policy. It offers the first in depth and candid account of this period of dramatic political development from the actors who made policy during the making of the migrant state. Drawing on document analysis and over 50 elite interviews the book sets out to explain how and why this radical policy change transpired by examining how organized interests, political parties and institutions shaped and changed policy. This book offers valuable insights to anyone who wants to understand why immigration is dominating the political debate and will be essential reading for those wanting to know why governments pursue expansive immigration regimes.

Neoliberal Thought and Thatcherism Robert Ledger, 2017-12-01 The premiership of Margaret Thatcher has been portrayed as uniquely ideological in its pursuit of a more market based economy. A body of literature has been built on how a sharp turn to the right by the Conservative Party during the 1980s inspired by the likes of Milton Friedman and Friedrich Hayek acted as one of the key stepping stones to the turbo charged capitalism and globalization of our modern world. But how neoliberal was Thatcherism? The link between ideas and the Thatcher government has frequently been over generalized and under specified. Existing accounts tend to characterize neoliberalism as a homogeneous and often ill defined group of thinkers that exerted a broad influence over the Thatcher government. In particular this study explores how Margaret Thatcher approached special interest groups, a core neoliberal concern. The results demonstrate a willingness to utilize the state often in contradictory ways to pursue apparently more market orientated policies. This book through a combination of archival research, interviews and examination of neoliberal thought itself defines the dominant strains of neoliberalism more clearly and explores their relationship with Thatcherism.

Encyclopedia of Development Methods Andrzej Huczynski, 2018-05-08 This title was first published in 2001. This title was first published in 2001. The core of this thoroughly revised book is a directory of more than 700 methods. Each entry typically comprises an explanation, a bibliography and cross references. Other features include a review of different approaches to classifying the methods and two valuable appendices: the first is to help practitioners analyse their methods, the second providing details of relevant books, journals and other information sources.

Governing Britain Patrick Diamond, 2013-11-27 Number Ten Downing Street and the Cabinet Office are at the apex of power in British government but relatively little is known about the day to day functioning of these great institutions of state. Drawing on an unprecedented level of access and wide ranging interviews with former ministers, senior civil servants and political advisers, Patrick Diamond examines the administrative and political machinery serving the Prime Minister. By exploring the ideological beliefs underpinning the policy making process and in illuminating the importance of the British Political Tradition in shaping the institutions and practice of statecraft, this book reveals the contemporary realities of government and democracy in practice.

Policy Making in Britain Peter Dorey, 2005-04-30 This textbook introduces students to the public policy making process in Britain today. Assuming no prior

knowledge it provides a full review of the key actors institutions and processes **A neoliberal revolution?** Hugh Pemberton, James Freeman, Aled Davies, 2024-07-09 This book examines the Thatcher government's attempt to revolutionise Britain's pensions system in the 1980s and create a nation of risk taking savers with an individual stake in capitalism Drawing upon recently released archival records it shows how the ideas motivating these reforms journeyed from the writings of neoliberal intellectuals into government and became the centrepiece of a plan to abolish significant parts of the UK's welfare state and replace these with privatised personal pensions Revealing a government that veered between political caution and radicalism the book explains why this revolution failed and charts the malign legacy left by the evolutionary changes that ministers salvaged from the wreckage of their reforms The book contributes to understanding of policy change Thatcherism and international neoliberalism by showing how major reforms to social security could reflect neoliberal thought and yet profoundly disappoint their architects *British Think-Tanks And The Climate Of Opinion* , **Engaging Enemies** Simon Griffiths, 2014-10-09 Friedrich Hayek was a founding figure of the neo liberalism that flourished in the 1980s Yet despite his antagonistic relationship with socialism his work became a surprising source of inspiration for several influential thinkers on the left This book explains the left's unusual engagement with Hayek and reflects on its significance Engaging Enemies uses the left's late discovery of Hayek to examine the contemporary fate of socialism and social democracy Did socialism survive the twentieth century Did it collapse with the fall of the Berlin Wall as Hayek claimed Or did it transform into something else and if so what In turn this allows an examination of ideological and historical continuity Was the left's engagement with Hayek part of a wider break with a period of ideological continuity that marked the twentieth century but which did not survive its ending As such the book is also a study of how ideologies change with the times incorporating new elements and jettisoning others The left's engagement with Hayek was also influential on party politics particularly on the modernization of the Labour Party and the development of New Labour Engaging Enemies concludes with a discussion of the wider role of the market for the left today and the contemporary significance of the engagement with Hayek for Labour in the wake of the 2008 economic crisis Liberalism and the Welfare State Roger E. Backhouse, Bradley W. Bateman, Tamotsu Nishizawa, Dieter Plehwe, 2017-06-30 The welfare state has over the past forty years come under increasing attack from liberals who consider comprehensive welfare provision inimical to liberalism Yet many of the architects of the post World War II welfare states were liberals many of whom were economists as much as socialists Liberalism and the Welfare State investigates the thinking of liberal economists about welfare focusing on Britain Germany and Japan each of which had a different tradition of economic thinking and different institutions for welfare provision This volume explores the early history of welfare thinking from the British New Liberals of the early twentieth century German Ordoliberals and post war Japanese Liberal economists It delves into arguments about neoliberalism under British Conservative and New Labour governments after German reunification and under Koizumi in Japan Given the importance of both international policy collaboration and

international networks of neoliberal economists this volume also explores neoliberal ideas on federalism and the responses of neoliberal think tanks to the global financial crisis Liberalism and the Welfare State provides a comparative analysis of economists attitudes to the welfare state Notwithstanding the differences in each country support emerged very early on for social minimum standards but strong disagreements within each country quickly developed The result was divergence as the debates shaped different welfare regimes More recently the strong impact of efficiency related critiques of welfare regimes has crowded out more nuanced and complex discussions of the past This volume provides a reminder that neither liberalism nor economic ideas in general are inimical to well designed welfare provision The ongoing debate on economics and welfare can be greatly improved by way of stronger consideration of different lineages of both liberal and neoliberal lines of economic thought

The Guardians of Concepts Martina Steber, 2023-01-13 Since 1945 what conservative means has troubled intellectuals politicians and parties in the United Kingdom and West Germany In Britain conservatism was an accepted term of the political vocabulary denoting a particular tradition of political thought and practice In West Germany by contrast conservatism was a difficult concept for the young democracy to swallow It carried a heavy antiliberal and antidemocratic burden and led people to question whether there was a place for conservatism within democratic culture after all The Guardians of Concepts scrutinizes the debates about conservatism in the UK and the Federal Republic of Germany from the late 1940s to the early 1980s Informed by historical semantics it conceives of conservatism as a flexible linguistic structure and shows the importance of language for the self understanding of many conservatives who not by chance have regarded themselves as the guardians of concepts The intense national and transnational debates about the meaning of conservatism had far reaching consequences and continue to influence politics today

Britain in the Nineties Hugh Berrington, 2014-06-11 This volume looks at the changes in British politics and government since the accession of Mrs Thatcher in 1979 and in particular at the 1990s Its aim is to explore some of these changes and to emphasize the recurring paradoxes in political developments

The Official History of Criminal Justice in England and Wales David Downes, Tim Newburn, 2022-11-29 This book is Volume IV in the Official History of Criminal Justice in England and Wales Previous volumes have focused on the moral reforms of the 1960s the changes to the criminal courts and the introduction of an independent prosecution service and the broad shifts in penal policy that have taken place in the post war era This volume examines the changing politics of law and order charting the gradual shift toward greater political conflict and dispute Until the early 1970s law and order rarely occupied a privileged place in political debate From that point this began to change with initially the Conservatives utilising crime and penal policy as a means of distinguishing themselves from their opponents This volume charts these changes in the politics of law and order and examines the rise in the temperature of political debate around such issues as the Labour Party markedly shifted its direction in the 1990s This book will be of interest to students of British political history criminology and sociology

Making Thatcher's Britain Ben

Jackson, Robert Saunders, 2012-08-02 Margaret Thatcher was one of the most controversial figures of modern times Her governments inspired hatred and veneration in equal measure and her legacy remains fiercely contested Yet assessments of the Thatcher era are often divorced from any larger historical perspective This book draws together leading historians to locate Thatcher and Thatcherism within the political social cultural and economic history of modern Britain It explores the social and economic crises of the 1970s Britain s relationships with Europe the Commonwealth and the United States and the different experiences of Thatcherism in Scotland Wales and Northern Ireland The book assesses the impact of the Thatcher era on class and gender and situates Thatcherism within the Cold War the end of Empire and the rise of an Anglo American New Right Drawing on the latest available sources it opens a wide ranging debate about the Thatcher era and its place in modern British history *British Elections and Parties Review* David Denver, Justin Fisher, Steve Ludlam, Charles Pattie, 2013-10-18 This volume features key political issues for 1990s Britain the reform of the Labour party the use of opinion polls the impact of the media European integration Scotland and regional trends and the bases of party support

Right here, we have countless books **Ideas And Think Tanks In Contemporary Britain** and collections to check out. We additionally provide variant types and plus type of the books to browse.
