## **Few Good Words:**

**Philosophy** Ranganayakamma, The question of unintelligibility does not arise with regard to books of fiction such as the stories and novels irrespective of how they are written Even if a story is not understood there is no great harm done The problem is with the theoretical essays Even there there is no problem with the essays related to the natural science if the language is simple The real problem is with the books of philosophy When we find the word philosophy on the face of the book we feel that this book is meant for the scholars not for us The very word philosophy at the outset will scare us immensely When we read the word philosophy on the face of a book it does not mean that it represents a great truth or a great science The contents of the book could be correct or useless or a blend of both The logic of the book will be in accordance with the philosophy of the book A correct one will have a correct logic a wrong one will have a wrong logic and a vacillating one will have a vacillating logic Diary of a Common Man Dr. Raj,2024-12-28 In Diary of a Common Man the

Pandey,2019-06-14 Stories are the backbone of ethnographic research During fieldwork subjects describe their lives through stories Afterward ethnographers come home from their journeys with stories of their own about their experiences in the field Storytime in India is an exploration of the stories that come out of ethnographic fieldwork Helen Priscilla Myers and Umesh Chandra Pandey examine the ways in which their research collecting Bhojpuri wedding songs became interwoven with the stories of their lives their work together and their shared experience reading *The Eustace Diamonds* by Anthony Trollope Moving through these intertwined stories the reader learns about the complete Bhojpuri wedding tradition through songs sung by Gangajali and access to the original song recordings and their translations In the interludes Pandey reads and interprets *The Eustace Diamonds* confronting the reader with the ever present influence of colonialism both in India and in ethnographic fieldwork Interwoven throughout are stories of the everyday highlighting the ups and downs of the ethnographic experience Storytime in India combines the style of the Victorian novel with the structure of traditional Indian village tales in which stories are told within stories This book questions how we can and should present ethnography as well as what we really learn in the field As Myers and Pandey ultimately conclude writers of scholarly books are storytellers themselves and scholarly books are a form of art just like the traditions they study      **Successful Catering** Sony Bode,2002
