**An Unspoken Art** Lee Gutkind, 2014-03-11 DIVDIV In the tradition of James Herriot s All Creatures Great and Small An

Unspoken Art is Lee Gutkind's captivating look at the lives of veterinarians from the zoos to the farm. Lee Gutkind, the godfather of creative nonfiction, explores with warmth and sincerity the worlds of modern-day veterinarians from practitioners operating on Manhattan's Upper East Side to those working knee-deep in mud in the English countryside. Gutkind profiles the men and women who have devoted their lives to the care of animals, almost all treating their patients with more humanity and compassion than physicians in human hospitals do. He writes of the people who do not bat an eye at sharing a bed with their dogs and of those who spare no expense when it comes to the well-being of their pets. Unspoken Art is an insightful look at the individuals who dedicate themselves to the care of creatures and of the enduring bond between people and animals.

**James Herriot's Cat Stories** James Herriot, 1994-09-15 Between these covers, teller and tales finally meet in a warm and joyful new collection that will bring delight to the hearts of readers the world over. James Herriot's Cat Stories. Here are Buster the kitten who arrived on Christmas, Alfred the cat at the sweet shop, little Emily who lived with the gentleman tramp, and Olly and Ginny the kittens who charmed readers when they first appeared at the Herriots' house in the worldwide bestseller *Every Living Thing*. And along with these come others, each story as memorable and heartwarming as the last, each told with that magical blend of gentle wit and human compassion that marks every word from James Herriot's pen.

**The Real James Herriot** James Wight, 2011-04-27 No one is better poised to write the biography of James Herriot than the son who worked alongside him in the Yorkshire veterinary practice when Herriot became an internationally bestselling author. Now in this warm and poignant memoir, Jim Wight talks about his father, the beloved veterinarian whom his family had to share with half the world. Alf Wight, aka James Herriot, grew up in Glasgow where he lived during a happy, rough, and tumble childhood and then through the challenging years of training at the Glasgow Veterinary College. The story of how the young vet later traveled to the small Yorkshire town of Thirsk, aka Darrowby, to take the job of assistant vet is one that is well known through James Herriot's internationally celebrated books and the popular *All Creatures Great and Small* television series. But Jim Wight's biography ventures beyond the trials and tribulations of his father's life as a veterinarian to reveal the man behind the stories, the private individual who refused to allow fame and wealth to interfere with his practice or his family. With access to all of his father's papers, correspondence, manuscripts, and photographs and intimate remembrances of all the farmers, locals, and friends who populate the James Herriot books, only Jim Wight could write this definitive biography of the man who was not only his father but his best friend.

the Great War we hear and read of valiant and heroic stories There is another story one less spoken of The story of the people who refused to fight for their country Today the individuals mentioned in this book would be the focus of internet trolls In their own day they elicited an equally vehement reaction from their communities These were the people who refused to fight for their country and they were known as Conscientious Objectors This book provides a remarkable testimony about the experiences of conscientious objectors and their treatment at the hands of the state It contradicts the received view that these objectors were treated universally brutally by the army the prison system and the government and is bound to lead to a modification of the orthodox view Andy Ward was given access to 300 letters that had been discovered in a local family s attic They record a correspondence from 1916 to the end of the war between Leonard and Roland Payne two brothers who chose to become conscientious objectors and their friends and family The letters follow their journey as the authorities attempted to dissuade them from their course of action through punishment until finally they were placed in a situation where they could be useful Conchies is not a work of purely local history Rather it is a case study local history in a national context and national history in a local context It is also a very human story treated with balance and thought It will appeal to those interested in the First World War civilian experiences of the War British social history the evolving nature of public opinion and the ethical and moral issues of conscience
