Ladies Almanack:

Ladies Almanack Djuna Barnes, 1992 Barnes's affectionate lampoon of the expatriate lesbian community in Paris was privately printed in 1928. Arranged by month it records the life and loves of Dame Evangeline Musset modeled after salon hostess Natalie Barney in a robust style taken from Shakespeare and Robert Burton's *Anatomy of Melancholy* and is illustrated throughout with Barnes's own drawings. This new edition is a facsimile of the 1928 edition with the addition of an afterword providing details on the book's origins and a key to its real life models. **Ladies Almanack** Djuna Barnes, 2016-02-06 2016 Reprint of 1928 Edition Full facsimile of the original edition not reproduced with Optical Recognition Software Carrying the longish title of *Ladies Almanack* showing their signs and their tides their moons and their changes the seasons as it is with them their eclipses and equinoxes as well as a full record of diurnal and nocturnal distempers Barnes work is a novel in which real persons or actual events figure under disguise Its subject is the predominantly lesbian social circle centering on Natalie Clifford Barney's salon in Paris in the 1920s It is written in an archaic Rabelaisian style with Barnes's own illustrations in the style of Elizabethan woodcuts The obscure language inside jokes and ambiguity of the work have kept critics arguing about whether it is an affectionate satire or a bitter attack but Barney herself loved the book and re read it throughout her life *Ladies Almanack* Djuna Barnes, 2006 Combines visual artistry with literary parody bawdy humour and zest for the sensual pleasures of love and friendship between strong minded women *Ladies Almanack* Djuna Barnes, 2004-06-01 Oh Zeus Oh Diane Oh Hellebore Oh Absalom Oh Piscary Right What shall I do with it To have been the First that alone would have gifted me As it is shall I not pour ashes upon my Head gird me in Sackcloth covering my Nothing and Despair under a Mountain of Cinders and thus become a Monument to No Ability for her sake **The Ladies Diary: Or, The Womens Almanack, for the Year of Our Lord ...**, 1806 **Secrecy and Sapphic Modernism** S. Nair, 2011-12-06 Novels by significant Modernist authors can be described as romans clef providing insight into restrictions governing the representation of female homosexuality in the early twentieth century Nair argues that key novels of the period represented same sex desire through the encryption of personal references directed towards coterie audiences *Reader's Guide to Lesbian and Gay Studies* Timothy Murphy, 2013-10-18 The Reader's Guide to Lesbian and Gay Studies surveys the field in some 470 entries on individuals Adrienne Rich arts and cultural studies Dance ethics religion and philosophical issues Monastic Traditions historical figures periods and ideas Germany between the World Wars language literature and communication British Drama law and politics Child Custody medicine and biological sciences Health and Illness and psychology social sciences and education Kinsey Report *Djuna Barnes and Affective Modernism* Julie Taylor, 2012-02-29 Explores the dynamic connections between the affective body and Djuna Barnes's textual corpus Julie Taylor uses the writings of the American novelist poet dramatist artist and journalist Djuna Barnes to form the basis of a series of disruptive questions about modernist aesthetics and the politics of reading **Modernist Eroticism** A.

Schaffner, S. Weller, 2012-09-27 This volume explores the impact of sexological and early psychoanalytic conceptions of sexual perversion on the representation of the erotic in the work of a range of major European modernists including Joyce Kafka Lawrence Mann Proust and Rilke as well as in that of some less well known figures of the period such as Dujardin and Jahnn Women of the Left Bank Shari Benstock, 2010-06-28 A valuable and intriguing study of the lives and works of literary women who shaped expatriate Paris NPR Focusing on some two dozen American English and French women whose talent shaped the Paris expatriate experience in the early twentieth century from Anais Nin to Alice B Toklas and beyond this book shines new light on how gender was experienced and expressed during an important moment in modern literary history Shari Benstock weaves together with great skill the histories of an extraordinary group of talented women publishers like Sylvia Beach Caresse Crosby Margaret Anderson and Jane Heap novelists Jean Rhys Gertrude Stein and Edith Wharton She examines in some depth the writing produced by poets journalists and novelists thus combining literary criticism and social history in a seamless running narrative NPR Through their writings including unpublished and newly available documentary sources of the period Djuna Barnes Nancy Cunard Jean Rhys Gertrude Stein Edith Wharton and others are revealed as significant in the development of modernism imagism and other avant garde movements in which they were overshadowed or ignored by their male counterparts Benstock tracks the sexually liberated lifestyles and the creative originality of these women with a wealth of documentation Publishers Weekly An inspiration setting a standard for literary history and feminist criticism that will be difficult to surpass American Literature Making Girls into Women Kathryn R. Kent, 2003-01-17 Explores the links between the emergence of lesbian and proto lesbian identities at the turn of the century and the discourses of sentimentality mass culture and modernism International Perspectives on Gender and Mathematics Education Olof Steinhorsdottir, Helen J. Forgasz, Joanne Rossi Becker, Kyeonghwa Lee, 2010-06-01 Why a book on gender issues in mathematics in the 21st century Several factors have influenced the undertaking of this project by the editors First an international volume focusing on gender and mathematics has not appeared since publication of papers emerging from the 1996 International Congress on Mathematical Education Keitel 1998 Surely it was time for an updated look at this critical area of mathematics education Second we have had lively discussion and working groups on gender issues at conferences of the International Group for the Psychology of Mathematics Education PME for the past four years sessions at which stimulating and ground breaking research has been discussed by participants from many different countries Some publication seemed essential to share this new knowledge emerging from a wider variety of countries and from different cultural perspectives Third some western countries such as Australia and the USA have experienced in recent years a focus on the boy problem with an underlying assumption that issues of females and mathematics have been solved and are no longer worthy of interest Thus it seemed timely to look more closely at the issue of gender and mathematics internationally When the idea for this volume first emerged invitations were issued to those regularly attending the working and discussion

groups at PME Potential authors were charged to focus on gender issues in mathematics and were given wide scope to hone in on the issues that were central to their own research efforts or were in receipt or in need of close attention in their own national or regional contexts

Silence and Power Mary Lynn Broe, 1991 Seventeen essayists study this enigmatic author's works not in the traditional style in which they were first reviewed but rather through a range of contemporary interpretations that resituate Barnes in the context of literary theory and feminist revisions of modernism Paper edition unseen 13 95 Annotation copyrighted by Book News Inc Portland OR

Djuna Barnes and Theology Zhao Ng, 2022-01-13 Modernism religion and queer bodies come together in this study of Djuna Barnes's writings and art Examining the role of Barnes's theological imagination in relation to a phenomenology of suffering joy and sexed embodiment this book unfolds an intricate synthesis of theology psychoanalysis and narrative theory to interrogate how queerness informs her art Providing an original contribution to religious and literary theory Ng develops a neo ontological account of melancholy in relation to the myth of the Fall and provides a novel framework for understanding comedy and tragedy in relation to the question of theodicy Presented in light of a large body of new archival evidence Barnes's works are also examined for the first time in relation to a wide range of intertextual and intermedial encounters including the medieval mysticism of Marguerite Porete Stravinsky's music 16th and 18th century engravings by Albrecht Dürer and Joseph Ottinger and French and Russian literature from Baudelaire and Lautréamont to Proust and Dostoevsky

The Embodiment of American Culture Heinz Tschachler, Maureen Devine, Michael Draxlbauer, 2003 American culture has literally become fixated on the body at the same time that the body has emerged as a key term within critical and cultural theory Contributions thus address the body as a site of the cultural construction of various identities which are themselves enacted negotiated or subverted through bodily practices Contributions come from literary and cultural studies film and media studies history and sociology and women studies and are representative of many theoretical positions hermeneutic historical structuralist feminist postmodernist They deal with representations and discursifications of the body in a broad array of texts in literature the visual arts theater the performing arts film and mass media science and technology as well as in various cultural practices

Late Modernism Tyrus Miller, 1999-02-25 The late modernists were the ones who let down the side they saw the wave of the future the erosion of literary and political borders and they let the world in and so distinguished themselves from the refinements of the early modernists This is the first book to make this fascinating

distinction and to highlight this aspect of intellectual history and to situate Mina Loy Djuna Barnes Wyndham Lewis and Samuel Beckett at this critical juncture *Improper Modernism* Daniela Caselli, 2016-12-05 In her compelling reexamination of Djuna Barnes's work Daniela Caselli raises timely questions about Barnes's biography and feminist criticism identity and authority and modernist canon formation Through close readings of Barnes's manuscripts correspondence critically acclaimed and little known texts Caselli tackles one of the central unacknowledged issues in Barnes's intertextuality She shows how throughout Barnes's corpus the repetition of texts by other authors from Blake to Middleton and by Barnes herself forces us to rethink the relationship between authority and gender and the reasons for her marginal place within modernism All her texts linked as they are by correspondences and permutations wage a war against the common sense of the straight mind Caselli begins by analyzing how literary criticism has shaped our perceptions of Barnes showing how the various personae assigned to Barnes are challenged when the right questions are posed Why is Barnes such a famous author when many of her texts remain unread even by critics Why has criticism reduced Barnes's work to biographical speculations How can Barnes's hybrid eccentric and unconventional corpus be read as part of literary modernism when it often seems to sever itself from it How can an oeuvre reject the labels of feminist and lesbian literature whilst nevertheless holding at its centre the relationships between language sexuality and the real How can Barnes's work help us to rethink the relation between simplicity and difficulty within literary modernism Caselli concludes by arguing that Barnes's complex and bewildering work is committed to a high modernist notion of art as a supremely difficult undertaking whilst refusing to conform to standards of modernist acceptability
