**False Prophets and Preachers** ,2016-04-01 In February 1534 a radical group of Anabaptists gripped with apocalyptic fervor seized the city of M nster and established an idealistic communal government that quickly deteriorated into extreme inequality and theocratic totalitarianism In response troops hired by the city s prince bishop laid siege to the city Fifteen months later the besieged inhabitants were starving and in the dead of the night five men slipped out Separated from his fellow escapees Henry Gresbeck gambled with his life by approaching enemy troops Taken prisoner he collaborated with the enemy to devise a plan to recapture M nster and later recorded the only eyewitness account of the Anabaptist kingdom of M nster Gresbeck s account which attempts to explain his role in the bizarre events disappeared into the archives and was largely ignored for centuries Before now Gresbeck s account was only available in a heavily edited German copy adapted from inferior manuscripts Christopher S Mackay who previously produced the only modern translation of the main Latin account of these events has adhered closely to Gresbeck s own words to produce the first complete and accurate English translation of this important primary source      *The Register of the Electors to Vote in the Choice of Members to Serve in Parliament* Beverley (England),1836      *A copy of the poll, taken on Friday, the 30th day of July, 1847, at the election of two members to serve in parliament, for the borough of Beverley* Beverley,1847      *The Month* ,1887      *The Lady's Book* ,1886

**The Haram of Jerusalem, 324-1099** Andreas Kaplony, 2002 From the Muslims to the Crusaders conquest Jerusalem is among the world's best known cities Its most outstanding and constant feature is its shared holiness by three major confessions Muslim Jewish and Christian Covering the Marwanid the Abbasid and the Faimid phase this study describes not only the emergence of conceptions with which the three major confessions share this city but also their interactions as well as the political circumstances and religious axioms which give each conception its specific shape Looking for these conceptions of the holy area of the city the Haram has been chosen This area of the former temple was highly significant to all three confessions The analysis is based on a careful description of the Haram focusing on topics like names and traditions architecture rituals and customs visions and dreams and on the establishment of as many parallels as possible The result is a volume of astonishing depth and comprehensiveness As a compendium of sources it is unrivalled *Journal of Palestine Studies* The excellent graphics added to each section culminating in 103 figures deserve special mention Also impressive is Kaplony's generous handling of space it seems that he was aiming for the display of all the texts available to him taking into account Kaplony's treatment of the subject one is tempted to compare it with that of the precision and care of Swiss watchmakers Unless new sources come to light which is not very likely this book will be the standard work for many years to come *Jerusalem Studies in Arabic and Islam* This book is an excellent contribution to the growing literature on Islamic Jerusalem and it will indubitably be of interest to scholars and students of medieval Islamic history *International Journal of Middle East Studies*
