They share Instagram stories about organic foods that help pregnant women propagate the pure white race and post behind the scenes selfies at antivaccination rallies. These social media personalities model a feminine lifestyle at once promoting their personal brands and radicalizing their followers. Amid discussions of issues like dating marriage and family life they call on women to become housewives to counteract the corrosive effects of feminism and champion the Great Replacement conspiracy theory which motivated massacres in Christchurch El Paso and Buffalo. Eviane Leidig offers an in depth look into the world of far right women influencers exploring the digital lives they cultivate as they seek new recruits for white nationalism. Going beyond stereotypes of the typical male white supremacist she uncovers how young attractive women are playing key roles as propagandists organizers fundraisers and entrepreneurs. Leidig argues that far right women are marketing themselves as authentic and accessible in order to reach new followers and spread a hateful ideology. This insidious and highly gendered strategy takes advantage of the structure of social media platforms where far right women influencers content is shared with and promoted to mainstream audiences. Providing much needed expertise on gender and the far right this timely and accessible book also details online and offline approaches to countering extremism. *Julia's Portion* Ellen Fitzgerald, 1988 **What Do I Read Next?** , 1994 **Godey's Lady's Book** , 1879 Includes music *The Pastor and His Projects* Ethel McMilin, 2012-04-26 Levi as the pastor's son was very popular with the young people.
