Lady Chapel:

Some Account of the Chapel of Our Lady, in the Priory Church of St. Mary Overy, Southwark, etc Edward John CARLOS,1832 The Monuments of the Parish Church of St Peter-at-Leeds Margaret Pullan,Elizabeth Fisher,2020-10-28

The Parish Church has not only played a significant part in the life of Leeds it captures within it the history of the great events and people who together have shaped that city through the centuries Hundreds of monuments and memorials dating from the Middle Ages to the present day encrust its walls and floors telling as they do the part Leeds people have played in that story Here we see memorials to members of the Leeds Volunteers formed to offset Napoleon s threatened invasion and to the men from the city who fought in the Crimea in South Africa and in two World Wars Here also we find tributes to hundreds of local men women and children who lived out their lives in the town some now forgotten others nationally famous like Richard Oastler the Factory King Now for the first time those memorials have been captured in Margaret Pullan s pioneering publication the product of years of devoted research The range of information offered includes records of births marriages and deaths full inscriptions background histories explaining why the deceased were buried in the Parish Church and the artistic merits of their tombs Architectural ecclesiastical and local historians will find this an invaluable contribution in their respective fields of work whilst the general public will find it gives a fascinating view of the people of Leeds who lived through the years as the old town grew into a major city **Glastonbury and the Grail** Justin E. Griffin,2012-11-30

Glastonbury a small town in Somerset England stands at the epicenter of a longstanding tradition placing the Holy Grail in Britain Legend holds that Joseph of Arimathea traveled to Britain bringing with him both a gathering of followers and the cup that Jesus used at the last supper He is said to have buried the Grail at Glastonbury where some claim he founded the first church in England This volume chronicles one man s personal quest to find historical evidence supporting the traditional beliefs surrounding Joseph of Arimathea and the Holy Grail in southern England Bolstered by an abundance of evidence supporting the presence of Joseph in 1st Century Britain he separates his findings from the fantasy of the Grail Romances answering questions about the Grail and the origins and progressions of its legend **The Law Reports** Great Britain. Reproduction of the original The Gate of emembrance by Frederick Bligh Bond Façade as Spectacle: Ritual and Ideology at Wells Cathedral Carolyn Marino Malone,2004-08-01 This interdisciplinary study interprets the fa ade of Wells Cathedral as an integral part of thirteenth century English Church liturgy and politics Carolyn Malone posits that architectural motifs as signs complemented not only the fa ade s sculptural program of the Church Triumphant but also its use during liturgical processions Interpreted as an ideological construct the fa ade s design is related to theological change liturgical innovation and political strategy as well as to the conjuncture of several major historical and

cultural events of the 1220s As part of the Church's empowering ritual the facade expressed the reforming views of the Fourth Lateran Council promoted Wells as the seat of the diocese and proclaimed the covenant between Church and State in England following Magna Carta Paris Alexandra Gajewski, John McNeill, 2023-07-24 Paris The Powers that Shaped the Medieval City considers the various forces royal monastic and secular that shaped the art architecture and topography of Paris between c 1100 and c 1500 a period in which Paris became one of the foremost metropolises in the West The individual contributions written by an international group of scholars cover the subject from many different angles They encompass wide ranging case studies that address architecture manuscript illumination and stained glass as well as questions of liturgy religion and social life Topics include the early medieval churches that preceded the current cathedral church of Notre Dame and cultural production in the Paris area in the late 12th and early 13th centuries as well as Paris's chapels and bridges There is new evidence for the source of the c 1240 design for a celebrated window in the Sainte Chapelle an evaluation of the liturgical arrangements in the new shrine choir of Saint Denis built 1140-44 and a valuable assessment of the properties held by the Cistercian Order in Paris in the Middle Ages Also the book investigates the relationships between manuscript illuminators in the 14th century and representations of Paris in manuscripts and other media up to the late 15th century Paris The Powers that Shaped the Medieval City updates and enlarges our knowledge of this key city in the Middle Ages
