With the help of handsome Lord Lowell she vows to find the by-blows and help them should they be living in poverty. First appearance in *From The Deep* A Fiction Atlas Press Anthology published September 2021 by Fiction Atlas Press. Amazon Reviews from First Publication 5 stars. **Black's Lair** by Rosa Marchisella is a great story where most of the main characters are not young. It was a bit dark yet fun at the same time. It made me laugh and had a few surprises. 5 stars. Great book. Fun read. Well developed story line and characters. It pulled me in from beginning to end and held my attention. The world building is detailed and imaginative. Dark fantasy but humorous at times. Great read.

Japanese Fairy Tales Yei Theodora Ozaki, 2023-07-19 This collection of Japanese fairy tales is the outcome of a suggestion made to me indirectly through a friend by Mr Andrew Lang. They have been translated from the modern version written by Sadanami Sanjin. These stories are not literal translations and though the Japanese story and all quaint Japanese expressions have been faithfully preserved they have been told more with the view to interest young readers of the West than the technical student of folk lore. Grateful acknowledgment is due to Mr Y Yasuoka, Miss Fusa Okamoto, my brother Nobumori Ozaki, Dr Yoshihiro Takaki and Miss Kameko Yamao who have helped me with translations. The story which I have named *The Story of the Man who did not Wish to Die* is taken from a little book written a hundred years ago by one Shinsui Tamenaga. It is named *Chosei Furo* or *Longevity The Bamboo cutter* and the *Moon child* is taken from the classic *Taketari Monogatari* and is NOT classed by the Japanese among their fairy tales though it really belongs to this class of literature. The pictures were drawn by Mr Kakuzo Fujiyama, a Tokio artist. In telling these stories in English I have followed

my fancy in adding such touches of local color or description as they seemed to need or as pleased me and in one or two instances I have gathered in an incident from another version At all times among my friends both young and old English or American I have always found eager listeners to the beautiful legends and fairy tales of Japan and in telling them I have also found that they were still unknown to the vast majority and this has encouraged me to write them for the children of the West

Japanese Folk Stories and Fairy Tales Various Authors, 2020-09-28 A beautiful princess lived in Inaba She was called the Princess of Yakami and was the loveliest princess in all the land Her skin was like velvet her hair was dark as night and her eyes were as bright and soft as the stars She was sweet as well as fair but willful and when they said Fair Princess you must marry she replied The time has not yet come I see nowhere in Inaba the man who may be my lord At this the court was in despair The Princess would not marry until she was quite ready that the counselors knew They had not counseled the little pretty willful princess for nothing Had the king her father lived it might have been different but he was long since gone and the queen mother could do no more with the princess than could the wise men of the kingdom Early in her life the princess had learned that there was just one thing she could say which no one could answer She had only to look very sweetly at whoever was trying to persuade her to do something and then with a dainty little smile say simply But I don t want to That was all No one not even the wisest of the counselors had ever found an answer to that It was a strange state of affairs for all the little princesses before had been gentle and sweet and had done just what they were told The counselors at length proclaimed that all young men of proper age and rank should present themselves for the princess to look at and see if she liked any of them well enough to marry The news of this quickly spread everywhere It was no time at all before the road to Yakami was seen crowded with youths There were youths tall and short fat and thin handsome and ugly and each hoped he would be the favored suitor Among others there came eighty one brothers each of whom had seen the picture of the princess and wished to win her These brothers were of noble family but the youngest was the only one who was really noble He was as brave as Yositemu Eighty of the brothers were ugly and jealous of one another It seemed as if they could agree upon nothing in all the world except treating the youngest meanly They despised him because he was so good and gentle and never rude or quarrelsome The eighty first brother never complained He tried to please his brothers and when he found that he could not he stayed away from them as far as possible When therefore they went to wait on the princess he lingered at the back of the train for his brothers scoffed at him and made him carry their burdens as if he had been a servant The eighty brothers went proudly ahead As they toiled up a mountain side they came upon a poor little hare stretched out upon the grass All his fur had been pulled out and he was ill and wretched Let me tell you what will cure you said one of the brothers with a wicked laugh to his companions Go down to the sea bathe yourself in the salt water and

then run to the top of the hill The Wind God of the hilltop will cure you and your fur will grow again Thank you noble prince said the hare and as the eighty brothers turned away laughing he hurried to the sea shore Alas the salt water hurt his tender skin and the sun and wind burned him so that he cried out with pain The eighty first brother trudging along with his brothers bundles heard the cry and hurried to see if some one was hurt Poor little fellow he said pityingly What is the matter Your voice is kind your face is kind and I feel that you have a kind heart said the hare Perhaps you can help me if I tell you my story I will gladly do so if I can said the eighty first brother I was born in the Isle of Oki said the hare When I grew up I longed to see the world but I knew not how to reach the mainland After a long time however I thought of a way Great numbers of crocodiles were in the habit of coming to the beach to sun themselves One day I said to them boastfully There are more hares in Oki than crocodiles in the sea Not so said one of the crocodiles there are a great many more crocodiles Let us count I answered and then both will be satisfied I can count all of you crocodiles very easily You have only to form a line from here to Cape Kita and let the nose of one be at the tail of another and I will run lightly across on your backs and count as I go Then we shall know how many crocodiles there are But how shall we know about the hares asked a crocodile Oh that we can decide later I answered So they did as I had said They formed in a line and I ran across Their broad backs made a good bridge but alas why did I not know enough to hold my tongue As I jumped from the last crocodile to the bank I cried I have fooled you well I don t care how many crocodiles there are I only used you as a bridge to reach the mainland But just as I said this the last monster grabbed me with his teeth and tore off all my fur

Japanese Fairy Tales (Illustrated) Yei Theodora Ozaki,2015-02-01 Japanese Fairy Tales signifies a certain set of well known classic tales with a vague distinction of whether they fit the rigorous definition of folktale or not The admixed imposters are literate written pieces dating back to the Muromachi period 14th 16th centuries or even earlier times in the Middle Ages These would not normally qualify as folktales i e pieces collected from oral tradition among the populace In a more stringent sense Japanese folktales refer to orally transmitted folk narrative Systematic collection of specimens was pioneered by folklorist Kunio Yanagita Yanagita disliked the word minwa a coined term directly translated from folktale Yanagita stated that the term was not familiar to actual old folk he collected folktales from and was not willing to go along with the conventions of other countries He therefore proposed the use of the term mukashibanashi tales of long ago to apply to all creative types of folktales i e those that are not legendary types which are more of a reportage
