Lager In Frankreich:

The Politics of Imperial Memory in France, 1850-1900 Christina B. Carroll, 2022-05-15 By highlighting the connections between domestic political struggles and overseas imperial structures *The Politics of Imperial Memory in France 1850 1900* explains how and why French Republicans embraced colonial conquest as a central part of their political platform Christina B Carroll explores the meaning and value of empire in late nineteenth century France arguing that ongoing disputes about the French state's political organization intersected with racialized beliefs about European superiority over colonial others in French imperial thought For much of this period French writers and politicians did not always differentiate between continental and colonial empire By employing a range of sources from newspapers and pamphlets to textbooks and novels Carroll demonstrates that the memory of older continental imperial models shaped French understandings of and justifications for their new colonial empire She shows that the slow identification of the two types of empire emerged due to a politicized campaign led by colonial advocates who sought to defend overseas expansion against their opponents This new model of colonial empire was shaped by a complicated set of influences including political conflict the legacy of both Napoleons international competition racial science and French experiences in the colonies *The Politics of Imperial Memory in France 1850 1900* skillfully weaves together knowledge from its wide ranging source base to articulate how the meaning and history of empire became deeply intertwined with the meaning and history of the French nation

In Transit Ruth Schwertfeger, 2012-01-01 Contents The title of the book *In Transit* as a reference to the novel written by Anna Seghers functions on two levels On a narrative level it is a primary metaphor for the fate of all German Jews who fled from the Third Reich and found themselves in France doubly stigmatized as Germans the despised boches and as juifs On another level *In Transit* offers perspectives on the Occupation of France and the Vichy regime the so called Dark Years that have not been part of the Vichy debate So how did German Jews who fled from Nazi Germany to France narrate and document their experiences This book tells their stories and in a sense brings them back home to Germany where they always wanted to belong It is high time to bring these narratives out of exile and place them firmly on the ground of the Vichy regime The Author Ruth Schwertfeger is Professor of German at the University of Wisconsin Milwaukee Her dissertation at Oxford on the German Expressionist Georg Kaiser led to her engagement with exile studies and with the Holocaust Schwertfeger is the author of *Women of Theresienstadt* and *Else Lasker-Schölerer* both published by Berg Publishers Oxford and *The Wee Wild One* Stories of Belfast and *Beyond* published by the University of Wisconsin Press

The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos, 1933-1945, Volume IV Geoffrey P. Megargee, Mel Hecker, 2022-04-26 The United States Holocaust Memorial Museum Encyclopedia of Camps and Ghettos 1933 1945 Volume IV aims to provide as much basic information as possible about individual camps and other detention facilities Why were they established Who ran them What kinds of prisoners did they hold What kinds of work did the prisoners do and for whom What were the conditions like The entries detail the sources from which the authors drew their material so future scholars can expand upon the work Finally and perhaps most important this is a work of memorialization it preserves the histories of places where people suffered and died Volume IV examines an under researched segment of the larger Nazi incarceration system camps and other detention facilities under the direct control of the German military the Wehrmacht These include prisoner of war POW camps including camps for enlisted men camps for officers camps for naval personnel and airmen and transit camps civilian internment and labor camps work camps for Tunisian Jews brothels in which women were forced to have sex with soldiers and prisons and penal camps for Wehrmacht personnel Most of these sites have not been described in detail in the existing historical literature and a substantial number of them have never been documented at all The volume also includes an introduction to the German prisoner of war camp system and its evolution introductions to each of the various types of camps operated by the Wehrmacht and entries devoted to each individual camp representing the most comprehensive documentation to date of the Wehrmacht camp system Within the entries the volume draws upon German military documents eyewitness and survivor testimony and postwar investigations to describe the experiences of prisoners of war and civilian prisoners held captive by the Wehrmacht Of particular note is the detailed documentation of the Wehrmacht s crimes against Soviet prisoners of war which have largely been neglected in the English language literature up to this point despite the fact that more than three million Soviet prisoners died in German captivity The volume also provides substantial coverage of the diverse range of conditions encountered by other Allied prisoners of war illustrating both the substantial privations faced by all prisoners of war and the stark contrast between the Germans treatment of Soviet prisoners and those of other nationalities The volume also details the significant involvement of the Wehrmacht in crimes against the civilian populations of occupied Europe and North Africa As a result this volume not only brings to light many detention sites whose existence has been little known but also advances the decades old process of dismantling the myth of the clean Wehrmacht according to which the German military had nothing to do with the Holocaust and the Nazi regime s other crimes

harrowing read not easily forgotten its power is such that a manuscript copy helped convince Ron Atkey Minister of Employment and Immigration in Joe Clark's government to grant 50 000 boat people asylum in Canada in 1979 during the Southeast Asian refugee crisis Robin Roger The Literary Review of Canada None Is Too Many will undoubtedly continue to serve as a potent reminder of the fragility of tolerance even in a country where it is held as one of our highest values
