(the Smaller) K. Nārāyaṇaswāmi Aiyar,1896      Laghu Yoga Vasishtha ,2018      The Concise Yoga Vāsiṣṭha ,2010-03-31 The Concise Yoga V si ha a clear provocative summary of one of the leading texts of Hinduism Swami Venkatesananda continues the long tradition of elaborating on and clarifying the teachings of the sage V si ha It captures the verve of the original text while eliminating needless repetition For the specialist this book makes available a handy guide to the original Sanskrit without sacrificing philosophical depth To the comparative religionist it provides an occasion for understanding how Hinduism has been able to accommodate seemingly opposite schools of thought without giving way to the platitudes which mar many syncretic movements      **The Supreme Yoga** ,2003-01-01 The Yoga Vasistha has been a favourite book of spiritual seekers in India these several centuries Its special appeal lies in its thoroughly rational approach and in its presentation of Vedanta as a philosophy to bridge the gulf between the secular and the sacred action and contemplation in human life through a comprehensive and lofty spirituality This monumental scripture is the greatest help to the spiritual awakening and the direct experience of the Truth This is certain If this is what you want you are welcome to the Yoga Vasistha An oft recurring expression in this scripture is kakataliya a crow alights on the coconut palm tree and at that very moment a ripe coconut falls The two unrelated events thus seem to be related in time and space though there is no causal relationship Such is life Such is creation But the mind caught up in its own trap of logic questions why invents a why and a wherefore to satisfy itself conveniently ignoring the inconvenient questions that still haunt an intelligent mind Vasistha demands direct observation of the mind its motion its notions its reasoning the assumed cause and the projected result and even the observer the observed and the observation and the realisation of their indivisible unity as the infinite consciousness

scholars thus achieved Nair argues a nuanced cultural exchange and interreligious and cross philosophical dialogue significant not only to South Asia's past but also its present      Meditation & Its Practices Swami Adiswarananda, 2011-10-29
