*The British Building Industry since 1800* Christopher Powell, 2013-12-16 This scholarly and well researched study of the building industry documents the interplay of new materials and technologies costs and the changing social and economic forces that affected the decision making about our built environment over the last two centuries The author provides a succinct and readable survey of the growth and development of British building which will be of interest to all building specialists and those training for a career in the construction industry

### **The Life and Death of the Shopping City**

Alistair Kefford, 2022-04-07 How have British cities changed in the years since the Second World War And what drove this transformation This innovative new history traces the development of the post war British city from the 1940s era of reconstruction through the rise and fall of modernist urban renewal up to the present day crisis of high street retailing and central area economies Alistair Kefford shows how planners property developers councils and retailers worked together to create the modern shopping city remaking the physical fabric economy and experience of cities around this retail driven developmental model This book also offers a wider social history of mass affluence showing how cities were transformed to meet the perceived demands of a society of shoppers and why this effort was felt to be so urgent in an era of urban deindustrialisation By bringing the story of the shopping city right up to its present day crisis and collapse Kefford makes clear how the historical trajectories traced in this book continue powerfully to shape urban Britain today

*International Bibliography of Business History* Francis Goodall, Terry Gourvish, Steven Tolliday, 2013-12-16 The field of business history has changed and grown dramatically over the last few years There is less interest in the traditional company centred approach and more concern about the wider business context With the growth of multi national corporations in the 1980s international and inter firm comparisons have gained in importance In addition there has been a move towards improving links with mainstream economic financial and social history through techniques and outlook The International Bibliography of Business History brings all of the strands together and provides the user with a comprehensive guide to the literature in the field The Bibliography is a unique volume which covers the depth and breadth of research in business history This exhaustive volume has been compiled by a team of subject specialists from around the world under the editorship of three prestigious business historians

**The British Building Industry Since 1800** Christopher G. Powell, 1996 Powell introduces and describes two centuries of building activity and the building industry addressing such questions as why and what was built who decided to build and how they did so

**F.F. Bruce: A Life** Timothy Grass, 2011-04-01 Grass outlines the life of F F Bruce one of the most significant Evangelical scholars of the 20th century He does so with originality insight and a grasp of the implications for the church today Evangelicals have often wrestled with two problems the relation between academic theology and church life and the quest for recognition of their status as credible interpreters of the Bible Frederick Fyvie Bruce 1910 1990 was one of the most influential British biblical scholars of the 20th century and his career offers valuable insights into these

issues as well as shedding light on the ways in which Evangelicalism was changing from the 1950s onwards This biography integrates discussion of his family life his activity as a member of the Open Brethren and his academic career Tim Grass argues that Bruce like his father was always something of an evangelist at heart **Laing** Frederick Roy Coad,1879 *The Making of the Modern British Home* Peter Scott,2013-08-29 The Making of the Modern British Home explores the impact of the modern suburban semi detached house on British family life during the 1920s and 1930s focusing primarily on working class households who moved from cramped inner urban accommodation to new suburban council or owner occupied housing estates Migration to suburbia is shown to have initiated a dramatic transformation in lifestyles from a traditional working class mode of living based around long established tightly knit urban communities to a recognisably modern mode centred around the home the nuclear family and building a better future for the next generation This process had far reaching impacts on family life entailing a change in household priorities to meet the higher costs of suburban living which in turn impacted on many aspects of household behaviour including family size This volume also constitutes a general history of the development of both owner occupied and municipal suburban housing estates in interwar Britain including the evolution of housing policy the housing development process housing and estate design lay outs and architectural features marketing owner occupation and consumer durables to a mass market furnishing the new suburban home making ends meet suburban gardens social filtering and conflict on the new estates and problems of mis selling and Jerry building Peter Scott integrates the social history of the interwar suburbs with their economic business marketing and architectural planning histories demonstrating how these elements interacted to produce a new model of working class lifestyles and respectability which marked a fundamental break with pre 1914 working class urban communities *Triumph of the South* Peter Scott,2007 This book provides a scholarly but accessible account of British regional development during the twentieth century focusing on the emergence and development of the North South divide Beginning with regional imbalance in the Victorian and Edwardian economies the book goes on to discuss the effects on the First World War and its aftermath which created a discernible split between the depressed North and West and the relatively prosperous South Attention is also paid to the impact of government policy on regional development during the interwar years and beyond and factors affecting industrial location in this period *Water, Doors and Buildings: Studies in the History of Construction* James Campbell,Nina Baker,Michael Driver,Michael Heaton,Michael Tutton,Christine Wall,David Yeomans,Sabine Kuban,2019 This volume presents 50 peer reviewed papers presented at the Sixth Annual Conference of the Construction History Society held at Queens College Cambridge from 5 7 April 2019 which cover a wide variety of topics on aspects of construction history with a section devoted entirely to papers on water engineering **Triumph of the South** Peter Scott,2017-11-22 This book provides a scholarly but accessible account of British regional development during the twentieth century focusing on the emergence and development of the North South divide Beginning with regional imbalance in the Victorian and Edwardian

economies the book goes on to discuss the effects on the First World War and its aftermath which created a discernible split between the depressed North and West and the relatively prosperous South Attention is also paid to the impact of government policy on regional development during the interwar years and beyond and factors affecting industrial location in this period

**Oxford Dictionary of National Biography: Knox-Lear** Henry Colin Gray Matthew, Brian Harrison, 2004 55 000 biographies of people who shaped the history of the British Isles and beyond from the earliest times to the year 2002

Dictionary of Business Biography: H-L David J Jeremy, 1984 *F. F. Bruce* Tim Grass, 2012-01-09 This is the first ever full length biography of Frederick Fyvie Bruce 1910 1990 one of the most influential British biblical scholars of the twentieth century Over his lifetime F F Bruce authored some fifty books and nearly two thousand articles and reviews His career offers valuable insights into key issues that affected evangelicals from the 1950s onwards including the relationship between academic theology and church life and the perception of evangelical scholarship within the academy at large

Evangelicalism in Modern Britain David W. Bebbington, 2003-09-02 This major textbook is a newly researched historical study of Evangelical religion in its British cultural setting from its inception in the time of John Wesley to charismatic renewal today The Church of England the Church of Scotland and the variety of Nonconformist denominations and sects in England Scotland and Wales are discussed but the book concentrates on the broad patterns of change affecting all the churches It shows the great impact of the Evangelical movement on nineteenth century Britain accounts for its resurgence since the Second World War and argues that developments in the ideas and attitudes of the movement were shaped most by changes in British culture The contemporary interest in the phenomenon of Fundamentalism especially in the United States makes the book especially timely

**Searching for the True Church** Roger N. Shuff, 2007-01-01 Roger Shuff holds that the influence of the Brethren movement on wider evangelical life in England in the twentieth century is often underrated This book records and accounts for the fact that Brethren reached the peak of their strength at the time when evangelicalism was at its lowest ebb immediately before World War II However the movement then moved into persistent decline as evangelicalism regained ground in the postwar period Accompanying this downward trend has been a sharp accentuation of the contrast between Brethren congregations who engage constructively with the non Brethren scene and at the other end of the spectrum the isolationist group commonly referred to as Exclusive Brethren Besides being the first scholarly study of Brethrenism in England for nearly forty years the book will find a wider audience among present and former adherents of the Brethren movement in its various guises It also offers useful insights for Christian leaders and other professionals who find themselves with pastoral care for people upon whom their encounter with the Brethren has had a profound psychological impact
