Lakeland A Prose Anthology:

Prose of Lakeland B. L. Thompson, 2000 Prose of Lakeland. An Anthology. Compiled by B.L. Thompson. With Illustrations by W. Heaton Cooper Bruce Logan THOMPSON, 1954 **Norman Nicholson's Lakeland** Norman Nicholson, Irvine Hunt, 1991-01-01 **Prose of Lakeland** Bruce Logan Thompson, 1954 **Real English** James Milroy, Lesley Milroy, 2014-06-03 While it is accepted that the pronunciation of English shows wide regional differences there is a marked tendency to under estimate the extent of the variation in grammar that exists within the British Isles today In addressing this problem Real English brings together the work of a number of experts on the subject to provide a pioneer volume in the field of the grammar of spoken English *Contested Common Land* Christopher P. Rodgers, Eleanor Straughton, Angus J.L. Winchester, Margherita Pieraccini, 2012-08-06 This innovative and interdisciplinary book makes a major contribution to common pool resource studies It offers a new perspective on the sustainable governance of common resources grounded in contemporary and archival research on the common lands of England and Wales an important common resource with multiple and often conflicting uses It encompasses ecologically sensitive environments and landscapes is an important agricultural resource and provides public access to the countryside for recreation Contested Common Land brings together historical and contemporary legal scholarship to examine the environmental governance of common land from c 1600 to the present day It uses four case studies to illustrate the challenges presented by the sustainable management of common property from an interdisciplinary perspective from the Lake District Yorkshire Dales North Norfolk coast and the Cambrian Mountains These demonstrate that cultural assumptions concerning the value of common land have changed across the centuries with profound consequences for the law land management the legal expression of concepts of common property rights and their exercise The stakeholders of today are the inheritors of this complex cultural legacy and must negotiate diverse and sometimes conflicting objectives in their pursuit of a potentially unifying goal a secure and sustainable future for the commons The book also has considerable contemporary relevance providing a timely contribution to discussion of strategies for the implementation of the Commons Act of 2006 The case studies position the new legislation in England and Wales within the wider context of institutional scholarship on the governance principles for successful common pool resource management and the rejection of the tragedy of the commons **Dictionary of Cumbrian Dialect, Tradition and Folklore** William Rollinson, 1997 *The London Magazine* , 1992 *The British National Bibliography* Arthur James Wells, 2000 **Furness Abbey** Christine Dade-Robertson, 2000 This beautifully illustrated celebration of Furness Abbey second only to Fountains Abbey in wealth argues that the impact of the Abbey on the landscape and in the mind of the visitor is as strong today and that the Dissolution did not end the Abbey s history The ruin of Furness Abbey is used as a case study to explore the influence of ecclesiastical ruins on romantic painters and writers on antiquarians and archaeologists and the problem of when and how a ruin should be conserved Illustrated throughout with reproductions of engravings photographs
