

THE BEST TIME TO BATHE.—It is best to bathe just before going to bed, as any danger of catching cold is thus avoided, and the complexion is improved by keeping warm for several hours after leaving the bath. A couple of pounds of bran put into a thin bag and then in the bath tub is excellent for softening the skin. It should be left to soak in a small quantity of water several hours before being used. The internal aids to a clear complexion are most of them well known, and the present season is the best for a thorough cleansing and purifying of the blood. The old-fashioned remedy of sulphur and molasses is considered among the best. Charcoal powdered and taken with water is said to be excellent, but it is most difficult to take. A strictly vegetable and fruit diet is followed by many for one or two weeks.—London Lancet.

Lancet 1887 Volume 1

**Betsy Thom, Rosemary Sales, Jenny
Pearce**

Lancet 1887 Volume 1:

Naples in the Time of Cholera, 1884-1911 Frank M. Snowden, 1995-12-14 This is the first extended study of cholera in modern Italy setting Naples in a comparative international framework **Journal of the American Medical Association** American Medical Association, 1894 Includes proceedings of the Association papers read at the annual sessions and list of current medical literature **Growing Up with Risk** Betsy Thom, Rosemary Sales, Jenny Pearce, 2007-05-16 This book provides a critical analysis of ways in which risk assessment and management are defined and applied in policy theory and practice in relation to children and young people It explores the complexities of balancing responsibility for protecting the young with the benefits of risk taking and the need to allow experimentation **Parliamentary Papers** Great Britain. Parliament. House of Commons, 1902 *British Medical Journal* , 1899 *Maritime Quarantine* John Booker, 2016-12-05 As a maritime trading nation the issue of quarantine was one of constant concern to Britain Whilst naturally keen to promote international trade there was a constant fear of importing potentially devastating diseases into British territories In this groundbreaking study John Booker examines the methods by which British authorities sought to keep their territories free from contagious diseases and the reactions to and practical consequences of these policies Drawing upon a wealth of documentary sources Dr Booker paints a vivid picture of this controversial episode of British political and mercantile history concluding that quarantine was a peculiarly British disaster doomed to inefficiency by the royal prerogative and concerns for trade and individual liberty Whilst it may not have fatally hindered the economic development of Britain it certainly irritated the City and the mercantile elites and remained a source of constant political friction for many years As such an understanding of British maritime quarantine provides a fuller picture of attitudes to trade culture politics and medicine in the eighteenth and nineteenth centuries *Sessional Papers* Great Britain. Parliament. House of Commons, 1902 *The American Journal of Obstetrics and Diseases of Women and Children* , 1897 **Transactions of the Section on Laryngology, Otology and Rhinology of the American Medical Association at the Annual Session** American Medical Association. Section on Laryngology, Otology, and Rhinology, 1892 *American Practice of Surgery* Joseph Decatur Bryant, Albert Henry Buck, 1910 *Annals of Surgery* , 1894 Includes the transactions of the American Surgical Association New York Surgical Society Philadelphia Academy of Surgery Southern Surgical Association Central Surgical Association and at various times of other similar organizations *"The" Journal of the American Medical Association* American Medical Association, 1898 *The Illinois Medical Journal* , 1908 *Illinois Medical Journal* , 1904 **Surgery of the lung** John Benjamin Murphy, 1898 **Eugenics Laboratory Memoirs** , 1911 *Diseases of the Intestines* Ismar Boas, 1911 **A Treatise on nervous and mental diseases** Landon Carter Gray, 1893 **Twentieth Century Practice** Thomas Lathrop Stedman, 1896 *Treasury of Human Inheritance: Hereditary disorders of bone development* Karl Pearson, 1925
