## Land Marked:

*Landmarked* Cheryl Walker, 2008-09-28 The year 2008 is the deadline set by President Mbeki for the finalization of all land claims by people who were dispossessed under the apartheid and previous white governments Although most experts agree this is an impossible deadline it does provide a significant political moment for reflection on the ANC government's program of land restitution since the end of apartheid Land reform and land restitution within that remains a highly charged issue in South Africa one that deserves more in depth analysis Drawing on her experience as Rural Land Claims Commissioner in KwaZulu Natal from 1995 to 2000 Professor Cheryl Walker provides a multilayered account of land reform in South Africa one that covers general critical commentary detailed case material and personal narrative She explores the master narrative of loss and restoration which has been fundamental in shaping the restitution program offers a critical overview of the achievements of the program as a whole and discusses what she calls the non programmatic limits to land reform including urbanization environmental constraints and the impact of HIV AIDS **American State Papers** USA, 1860
