Land Of The Arabs:

Who Owns the Land? Stanley A. Ellisen, Charles H. Dyer, 2003 *Who Owns the Land* is an update of Stanley Ellisen's 1991 book examining Middle East conflict in light of the biblical prophecies concerning a Jewish state. It traces the Jews' journey through history and the events that led to their determined stand in Palestine today as well as the case made by the Palestinians themselves.

Land of the Arabs Muḥammad 'Abd al-Qādir Ḥātim, 2002

Who Owns the Land? Charles H. Dyer, Stanley Ellisen, 2024-10-01 *Who Owns the Land* That's the question being asked in homes and on college campuses all over the world. The conversations can be heated and fraught with tension. There are accusations. Anger. And pain. Who is at fault? Are the Israelis occupiers and oppressors? We are seeing a rising tide of antisemitism across the globe. What is the history of this conflict? You may have looked to Google for some clarity but a mere Google search is not able to provide sufficient understanding or answers to your questions. *Who Owns the Land* provides insight and knowledge behind the Arab Israeli conflict. In addition to offering perspective on recent events, *Who Owns the Land* traces the journey of the Jewish people through history and explains the events that have led to the current situation in the Middle East today. This revised and updated version of Dr. Stanley Ellisen's bestselling book examines the numerous Jewish migrations and expulsions, the emergence of Zionism, World War II and the Holocaust, and a view of the Jews' promised restoration. *Who Owns the Land* helps readers place the current Middle East conflict in its proper historical context and enables us to interpret current events in light of the Bible.

The Legal Status Of The Arabs In Israel David Kretzmer, 2019-06-26 This study examines how the Israeli legal system copes with two major issues. The first is the tension between the constitutional definition of Israel as both a Jewish state and a democracy committed to equal rights for all of its citizens. The second issue is the delicate position of a national minority in a state that since its establishment has been involved in a bitter conflict with the Palestinian nation to which that minority belongs.

The Palestinian Arab National Movement, Volume 2: 1929-1939 (RLE Israel and Palestine) Yehoshua Porath, 2023-07-28 This book first published in 1977 continues the author's of the Palestinian National Movement from the first volume *The Emergence of the Palestinian Arab National Movement 1918-1929*. It examines in exhaustive detail the events in the crucial decade leading up to the Second World War.

Indigenous Land Rights in Israel Morad Elsana, 2020-11-29 Introducing the Negev Bedouin land issue from the international indigenous land rights perspective, this comparative study suggests options for the recognition of their land. The book demonstrates that the Bedouin land dispossession like many indigenous peoples progressed through several phases that included eviction and displacement legislation and judicial decisions that support acts of dispossession and deny the Bedouins' traditional land rights. Examining the Mawat legal doctrine on which the State and the Court rely on to deny Bedouin land rights, this volume introduces the relevant international law protecting indigenous land rights and shows how the limitations of this law prevent any meaningful protection of Bedouin land rights. In the second part of the work, the Aborigines' land in Australia is introduced as an example.

of indigenous peoples successful struggle for their traditional land rights The final chapter analyzes the basic elements of judicial recognition of the land and shows that the basic elements needed for Bedouin land recognition exist in the Israeli legal system Proposing practical recommendations for the recognition of Bedouin land this volume is a key resource to scholars and students interested in land rights international law comparative studies and the Middle East **Our Fund**

,1929 *The Palestinians* David McDowall,1987-10-01 The Palestinian people are today treated as strangers in their own country and as refugees in Arab States Despite their rule by outsiders Ottoman Turks and from 1917 the British Palestinian Arabs had always remained the majority population within Palestine From the late 19th century increasing numbers of Zionist settlers came driven by savage pogroms in Eastern Europe and later by the Nazi Holocaust Despite fervent and increasingly desperate protests by Arabs Palestine was partitioned by the UN in 1947 and much of the area the Arabs retained was subsequently lost to the new Israeli State in the wars of 1948 9 and 1967 Today over 2 million Palestinians live under Israeli administration both within Israel itself and in the Occupied Territories of the West Bank and Gaza Strip while another 2 8 million live beyond the borders of Palestine unable to return Not only have many Palestinians been deprived of their homes and properties but they have been denied democratic rights and the hope of governing their own country Lacking the right to determine their own future they have sometimes struck back in frustration and despair Tile Palestinians the new Minority Rights Group report 24 not only outlines the history of the Palestinian people but their present situation inside and outside Israel It gives a detailed account of Palestinian disadvantage under Israeli administration in the fields of law local government civic amenities housing education health employment industry agriculture land ownership and settlement and water allocation and increasing suppression of dissent Newly written by David McDowall with a Foreword by Dr Claire Palley this report also contains maps statistics and an appendix outlining the main political groups within the Palestinian movement today A detailed and accurate account of the Palestinian people at a time when their sense of powerlessness has increased and when their position is especially precarious this report is essential reading for all those who feel concern for the future of the Palestinians Israel the Middle East and world peace Please note that the terminology in the fields of minority rights and indigenous peoples rights has changed over time MRG strives to reflect these changes as well as respect the right to self identification on the part of minorities and indigenous peoples At the same time after over 50 years work we know that our archive is of considerable interest to activists and researchers Therefore we make available as much of our back catalogue as possible while being aware that the language used may not reflect current thinking on these issues

The Arab Minority In Israel's Economy Noah Lewin-epstein,Moshe Semyonov,2019-07-11 The Arab Minority in Israel s Economy considers the Arab population as an integral albeit disadvantaged part of Israeli society Using data from a thirty year period the book looks at Arab participation in the economy especially in the labor market showing how significant socioeconomic inequality persists despite a fundamental tenet of Israel s declaration of independence asserting equality of

political and social rights of all its citizens Taking an ethnic competition perspective the authors explore the extent of inequality uncovering the institutional and social processes that influence it They examine the role of local labor markets and individual human resources giving special attention to the growing labor force participation of Arab women They also consider the gains of the majority Jewish population that have resulted from competition and economic discrimination against Arabs Although the Arab community in Israel has been studied in the past this book is unique in its detailed analysis of employment activity within and outside of the Arab sector and in examining both Arabs and Jews within the stratification system The book fosters deeper understanding of Israeli society and of multi ethnic societies more generally **Permanent**

Mandates Commission League of Nations,1921 **Arabs and Jews in Ottoman Palestine** Alan Dowty,2020-03-04 The historian and expert on Israeli Palestinian relations offers a well written well balanced account of cultural conflicts in the region before WWI Anita Shapira author of *Israel A History* When did the Arab Israeli conflict begin Some discussions focus on the 1967 war some go back to the creation of the state of Israel in 1948 and others look to the beginning of the British Mandate in 1922 Alan Dowty however traces the earliest roots of the conflict to the Ottoman Empire in the 19th century arguing that this historical approach highlights constant clashes between religious and ethnic groups in Palestine Dowty demonstrates that during the 19th century there was an overwhelming hostility to European foreigners and that Arab residents viewed new Jewish settlers as European He also shows that Jewish settlers had tremendous incentive to minimize all obstacles to settlement including the inconvenient hostility of the existing population Dowty s thorough research reveals how events that occurred over 125 years ago shaped the implacable conflict that dominates the Middle East today

National Message and Banner ,1923 **Israel's Security and Its Arab Citizens** Hillel Frisch,2011-10-24 Although a rich literature combining international relations and domestic political developments has recently emerged most works specializing in state minority relations nationalism citizenship and human rights have not integrated insights from the field of international relations and security affairs into their analysis This absence is nowhere more visible than in the study of relations between the Israeli state and its Arab Palestinian minority This book aims to bring back international relations and international security perspectives into the analysis of relations between the Israeli state and its Arab minority Drawing on international relations theory it argues that the relationship between the Israeli state and the predominant community as in many other cases characterized by ethno national cleavage was heavily influenced by the state s broader regional geo strategic security situation State policies toward Israel s Arab citizens moderated in the rare times of relative geo strategic security and hardened when Israel s regional position became more precarious [The Contemporary Arab Reader on Political Islam](#) Ibrahim M. Abu-Rabi,2010-08-06 The Contemporary Arab Reader on Political Islam brings together the writings of highly influential figures in the field of Islamism in the contemporary Arab world many of whose writings have never been available before in English Addressing the key issues such as human rights civil society secularism globalisation
