Land des Baal Kay Kohlmeyer, Eva Strommenger, 1982 Die Ausstellung wurde vorbereitet vom vom Museum für Vor- und Frühgeschichte Berlin *Ancient Western Asia Beyond the Paradigm of Collapse and Regeneration (1200-900 BCE)* Maria Grazia Masetti-Rouault, Ilaria Calini, Robert Hawley, Lorenzo d'Alfonso, 2024-05-07 New results and interpretations challenging the notion of a uniform macroregional collapse throughout the Late Bronze Age Eastern Mediterranean *Ancient Western Asia Beyond the Paradigm of Collapse and Regeneration 1200-900 BCE* presents select essays originating in a two year research collaboration between New York University and Paris Sciences et Lettres The contributions here offer new results and interpretations of the processes and outcomes of the transition from the Late Bronze Age to the Iron Age in three broad regions Anatolia northern Mesopotamia and the Levant Together these challenge the notion of a uniform macroregional collapse throughout the Eastern Mediterranean followed by the regeneration of political powers Current research on newly discovered or reinterpreted textual and material evidence from Western Asia instead suggests that this transition was characterized by a diversity of local responses emerging from diverse environmental settings and culture complexes as evident in the case studies collected here in history archaeology and art history The editors avoid particularism by adopting a regional organization with the aim of identifying and tracing similar processes and outcomes emerging locally across the three regions Ultimately this volume reimagines the Late Bronze Iron Age transition as the emergence of a set of recursive processes and outcomes nested firmly in the local cultural interactions of western Asia before the beginning of the new unifying era of Assyrian imperialism *The Monuments of Syria* Ross Burns, 2009-06-30 This is a guidebook to Syria's historical and archaeological treasures It is a new revised and expanded edition in a travel friendly format Syria is home to some of the world's richest historical and archaeological remains dating from the Bronze Age through biblical and Byzantine times to the early Islamic and Ottoman periods Yet even in an age of mass tourism these magnificent monuments are little known and rarely visited in other words ripe for discovery by independent minded and adventurous travellers The *Monuments of Syria* is organised as a gazetteer of all Syria's historical sites with complementary sections on history and architectural influences and comprehensive chronologies and glossaries This fully revised edition includes the latest information about site visits and the layout of museums extensive and detailed itineraries for further travel and a new 24 page colour section **Monuments of Syria** Ross Burns, 1999 *Monuments of Syria* is organized as a gazetteer of all Syria's historical sites with complementary sections on history and architectural influences and comprehensive chronologies and glossaries New material has been added to this revised edition including 20 colour photographs while its format has been redesigned to a more convenient size for travellers **BOOK JACKET** Islamic Metalwork in the Freer Gallery of Art Freer Gallery of Art, 1985 *Vorderasiatische Wagentypen* Jutta Bollweg, 1999 Vom Frühdynastikum bis in die Altbabylonische Zeit und später sind zahlreiche Terracotta Modelle vorderasiatischer Wagen erhalten geblieben Sie lassen sich in vier Grundtypen
