Land Reform A World Survey:

Land Reform Russell King, 2019-03-13 This book lays down some general themes and principles in the study of land reform and traces the historical evolution of the concept of land reform It constitutes a continent based country by country survey of the significant recent reforms in the less developed countries *Future Survey Annual 1984* World Future Society, 1984-06-01

Cadastre: Geo-Information Innovations in Land Administration Tahsin Yomralioglu, John McLaughlin, 2017-03-15 This book highlights the latest improvements in cadastre with examples and case studies from various parts of the world Authors from different continents in association with national and international organizations and societies present the most comprehensive forum to date for cadastre offering a broad overview of land administration and contemporary perspectives on current research and developments including surveying land management remote sensing and geo information sciences Cadastre is a universal concept and is defined as the work of officially mapping and systemically registering the areas borders and values of all kinds of land and property It is normally a parcel based and up to date land information system containing a record of interests in land with rights restrictions and responsibilities It may be established for fiscal and legal purposes to assist in management for better planning and other administrative purposes and to enable sustainable development and environmental protection As such cadastre is an important public inventory documenting the records of ownership bordering and responsibility regarding the land with title deeds to parcels and answering the questions of whose land where and how much The materials included in the book can support courses at universities and related training institutions worldwide and will greatly improve readers understanding of the scholarly fields involved in cadastre land registration and management surveying and mapping and geo information management land governance land taxation and public administration etc

Land, Poverty and Livelihoods in an Era of Globalization A. Haroon

Akram-Lodhi, Saturnino M. Borras Jr., Cristóbal Kay, 2007-01-24 Here internationally renowned scholars explore the structural causes of rural poverty income inequality and the processes of social exclusion and political subordination across Africa Asia and Latin America Handbook of Agricultural Economics Robert E. Evenson, Prabhu Pingali, 2009-10-20 Advances in agriculture offer many countries the best and only chance of reducing poverty Yet economic growth and population increases are driving higher demand for food and rising real prices What solutions have successfully promoted agriculture This volume examines national and international food agriculture policies and how they enhance agricultural productivity growth It provides unique historical reviews on policies and their effects and it clearly articulates both positive and negative lessons for promoting agriculture lead growth With chapters written by international authorities this book recognizes that agriculture is not just about providing food for today but about growing it in an environmentally sustainable way that can help people work their ways out of poverty Chapters cover international macro economic policies and trade farm structure in developing countries regional experiences in agriculture and regional studies on agricultural productivity policies Peasants, Agrarian

Socialism, And Rural Development In Ethiopia Alemneh Dejene, 2019-06-04 One of the few systematic field surveys undertaken following the 1975 agrarian reform in Ethiopia this study analyzes the conditions constraining agricultural productivity of peasant farmers in the Arsi region and examines how farmers view peasant and government organizations established to attain agrarian socialism Based on data generated through interviews with farmers peasant association leaders and extension agents Dr Dejene argues that the low prices for agricultural products shortages of consumer goods and lack of improvements in farming technology are among the major obstacles to increasing output among peasant farmers The author also explores the government policy of transforming peasant associations into collective farming units which he finds is supported by only one quarter of the farmers interviewed His study indicates that peasant institutions could best mobilize labor and resources to generate agricultural surplus and undertake conservation activities that would prevent future famine Thus the author concludes that present government efforts should emphasize strengthening the cooperative movement rather than establishing collective farming

Who Owns Appalachia? Appalachian Land Ownership Task Force, 2021-10-21 Long viewed as a problem in other countries the ownership of land and resources is becoming an issue of mounting concern in the United States Nowhere has it surfaced more dramatically than in the southern Appalachians where the exploitation of timber and mineral resources has been recently aggravated by the ravages of strip mining and flash floods This landmark study of the mountain region documents for the first time the full scale and extent of the ownership and control of the region s land and resources and shows in a compelling yet non polemical fashion the relationship between this control and conditions affecting the lives of the region s people Begun in 1978 and extending through 1980 this survey of land ownership is notable for the magnitude of its coverage It embraces six states of the southern Appalachian region Virginia West Virginia Kentucky Tennessee North Carolina and Alabama From these states the research team selected 80 counties and within those counties field workers documented the ownership of over 55 000 parcels of property totaling over 20 million acres of land and mineral rights The survey is equally significant for its systematic investigation of the relations between ownership and conditions within Appalachian communities Researchers compiled data on 100 socioeconomic indicators and correlated these with the ownership of land and mineral rights The findings of the survey form a generally dark picture of the region local governments struggling to provide needed services on tax revenues that are at once inadequate and inequitable economic development and diversification stifled increasing loss of farmland a traditional source of subsistence in the region Most evident perhaps is the adverse effect upon housing resulting from corporate ownership and land speculation Nor is the trend toward greater conglomerate ownership of energy resources the expansion of absentee ownership into new areas and the search for new mineral and energy sources encouraging Who Owns Appalachia will be an enduring resource for all those interested in this region and its problems It is moreover both a model and a document for social and economic concerns likely to be of critical importance for the entire nation

Guldi,David Armitage,2014-10-02 A call to arms to historians and everyone interested in history in contemporary society This title is also available as Open Access **Handbook on Alternative Global Development** Franklin Obeng-Odoom,2023-11-03 Challenging the dominant and mainstream views in global development this pioneering Handbook questions the entirety of the development process in order to outline holistic political economies of development discontents and alternatives **Land Tenure Reform in Asia and Africa** S. Holden,K. Otsuka,K. Deininger,2013-08-30 Rural poverty remains widespread and persistent in South Asia and Sub Saharan Africa A group of leading experts critically examines the impact of land tenure reforms on poverty reduction and natural resource management in countries in Africa and Asia with highly diverse historical contexts **The Western European Economy** Allan M. Williams,2015-03-27 This book originally published in 1987 presents a broad overview of the spatial organization of the European economy providing a valuable synthesis of recently published material by geographers and other social scientists A major theme is the interdependence of economic development at various scales The three main sections look at international and European economic context detailed changes in particular sectors specific types if regional economic formations Case studies are used and reference made to historical processes **Routledge Library Editions: Economic Geography** Various,2021-06-23 The books in this set originally published between 1968 and 1992 introduce the reader to the many lines of thought in the literature on economic geography and tie these various aspects together within the concept of the economy As well as providing a comprehensive overview of the Western European economy since the Second World War and including specific studies and assessments of the Dutch and Italian economies these volumes examine the economic factors that have shaped cities and patterns of urbanization **Progress in Rural Geography (Routledge Revivals)** Michael Pacione,2014-06-03 This wide ranging volume first published in 1983 reflects the increasing scope of the field of rural geography in the second half of the twentieth century Although traditional areas of study such as agriculture and the land use patterns of the countryside remained important scholars also began to consider rural transport employment housing and policy as well as to develop new theories and methodologies for application to study The chapters included here addressed the need for a review of the changes that had taken place within the field of rural geography and as such provide an essential background to students with an interest in rural demography planning and agriculture **Recasting Iranian Modernity** Kamran Matin,2013-11-07 Critically deploying the idea of uneven and combined development this book provides a novel non Eurocentric account of Iran s experience of modernity and revolution Recasting Iranian Modernity presents the argument that Eurocentrism can be decisively overcome through a social theory that has international relations at its ontological core This will enable a conception of history in which there is an intrinsic international dimension to social change that prevents historical repetition This hitherto under theorized international dimension is the book argues manifest in combined patterns of development which incorporate both foreign and native forms It is the tension prone and unstable nature of these hybrid developmental

patterns that mark Iranian modernity and fuelled the socio political dynamics of the 1979 revolution and the rise of political Islam Challenging solely comparative approaches to the Iranian Revolution that explain it away as either a deviation from or a reaction to modernity on the grounds of its religious form this book will be valuable to those interested in an alternative theoretical approach to the Iranian Revolution modern Iran and political Islam working in the fields of International Relations Middle East and Islamic Studies History Political Science Political Sociology Postcolonialism and Comparative Politics

The Oxford Encyclopedia of Economic History Joel Mokyr, 2003 What were the economic roots of modern industrialism Were labor unions ever effective in raising workers living standards Did high levels of taxation in the past normally lead to economic decline These and similar questions profoundly inform a wide range of intertwined social issues whose complexity scope and depth become fully evident in the Encyclopedia Due to the interdisciplinary nature of the field the Encyclopedia is divided not only by chronological and geographic boundaries but also by related subfields such as agricultural history demographic history business history and the histories of technology migration and transportation The articles all written and signed by international contributors include scholars from Europe Latin America Africa and Asia Covering economic history in all areas of the world and segments of economies from prehistoric times to the present The Oxford Encyclopedia of Economic History is the ideal resource for students economists and general readers offering a unique glimpse into this integral part of world history

LAW, CUSTOM AND PROPERTY RIGHTS AMONG THE MA/NYIMA OF THE NUBA MOUNTAINS IN THE SUDAN Hunud Abia Kadouf, 2014-11-18 This book is based on an extensive field work in which the author tried to study the customary law of property of an African agrarian tribal community of ma also known as Nyima of the Nuba Mountains in the northern Sudan The writer has tried to explain the nature of property holding in the light of the people's philosophy evidenced in their social structure and their traditional beliefs Special attention is paid to the traditional structure of political leadership in this highly segmented society that was prone not only to inter tribal wars but was also in a constant fission and fusion among themselves when not at war with other neighboring tribes In discussing jurisdictional issues and traditional settlement mechanisms based partly on law and custom both adopted by this egalitarian society the study is made currently relevant by keen observation on the effect of modernity on traditional ethics and morality of the ma society that was once described by some authors as being impervious to foreign influence Furthermore the reception and assimilation of the state law together with the Shari'ah laws in various areas such as that relating to property devolution family institution and burial rites is treated as being of great significance in the overall development of the tribal customary laws Like any other Nuba tribe the consciousness of the ma people of their ethos of identity marks their ferociously guarded customs and traditions prevalent up to date The book is not only a precious academic endeavor full of keen observations in depth study and analysis of tribal customary laws of property but is also a memoir for the author to commemorate formidable tribal group of the ma people in the Nuba Mountains of the Sudan *Egypt Rabab El*

Mahdi, Professor Philip Marfleet, 2013-04-04 Egypt is at the axis of the Arab world With the largest population the largest industrial economy and the longest tradition of modern political activity it has profound influence across the region But there have been few attempts to understand contemporary Egyptian society in particular growing internal pressures for change and their implications for the Middle East and the wider world This book is the first for over 20 years to offer an accessible examination of contemporary issues in Egypt It offers the reader analyses of its politics culture and society including contributions by several Egyptian academics and activists This unique new book addresses the turmoil created by imposition of neo liberal economic policies the increasingly fragile nature of an authoritarian regime the influence of movements for democratic opening and popular participation and the impacts of Islamism The authors argue that Egypt has entered a period of instability during which the low intensity democracy embraced by the Mubarak regime faces multiple challenges including demands for radical change This unique new book assesses the ability of the state to resist the new movements and the latter's capacity to fulfill their aims

Making Negotiated Land Reform Work Klaus W. Deininger, 1999 Describes a new type of negotiated land reform that relies on voluntary land transfers based on negotiation between buyers and sellers where the government's role is restricted to establishing the necessary framework and making available a land purchase grant to eligible beneficiaries

The Cambridge History of Capitalism: Volume 2, The Spread of Capitalism: From 1848 to the Present Larry Neal, Jeffrey G. Williamson, 2014-01-23 The second volume of The Cambridge History of Capitalism provides an authoritative reference on the spread and impact of capitalism across the world and the varieties of responses to it Employing a wide geographical coverage and strong comparative outlook a team of leading scholars explore the global consequences that capitalism has had for industry agriculture and trade along with the reactions by governments firms and markets The authors consider how World War I halted the initial spread of capitalism but global capitalism arose again by the close of the twentieth century They explore how the responses of labor movements compounded by the reactions by political regimes whether defensive or proactive led to diverse military and welfare consequences Beneficial results eventually emerged but the rise and spread of capitalism has not been easy or smooth This definitive volume will have widespread appeal amongst historians economists and political scientists

To Inherit the Earth Angus Lindsay Wright, Wendy Wolford, 2003 In the country with the widest income gap between rich and poor and where millions of children fend for themselves on city streets one of the world's most successful grassroots social movements has arisen To Inherit the Earth tells the dramatic story of Brazil's Landless Workers Movement or MST millions of desperately poor landless jobless men and women who through their own nonviolent efforts have secured rights to over 20 million acres of farmland Not only are the MST fighting for their own rights they are transforming their society into a more just one and their approach may offer the best solution yet to Brazil's environmental problems in the Amazon and elsewhere Authors Wright and Wolford put the movement in its historical political and environmental context trace its growth and address the issues the MST faces going

forward And throughout they share dozens of personal stories of people in the movement stories filled with tremendous courage personal sacrifice faith humor drama and determination
