Fictive And The Imaginary Charting Literary Anthropology:

The Fictive and the Imaginary Wolfgang Iser,1993-03-01 The pioneer of literary anthropology Wolfgang Iser presents a wide ranging and comprehensive exploration of this new field in an attempt to explain the human need for the particular form of make believe known as literature Ranging from the Renaissance pastoral to Coleridge to Sartre and Beckett The Fictive and the Imaginary is a distinguished work of scholarship from one of Europe's most respected and influential critics

Wolfgang Iser Ben De Bruyn, 2012-05-29 Although Wolfgang Iser is one of the most influential literary theorists of the twentieth century there is no authoritative study about his oeuvre. The present work remedies that problem by analysing Iser s German and English writings in detail Apart from being the first comprehensive account of his work this study also modifies the established view of Iser's theory In contrast to the idea that his only contribution to literary studies is the reception theory of the 1970s this account demonstrates the importance of Iser's work on history and anthropology from the 1950s and 1990s Instead of exclusively focusing on familiar terms such as indeterminacy this analysis also discusses Iser s view of modernity fiction and culture As this discussion shows his writings develop a consistent theory of the novel and the way in which it allows its readers to articulate new views of reality To situate this theory Iser's institutional and intellectual background is described as well paying special attention to the Poetik und Hermeneutik circle and thinkers like Blumenberg and Kermode The continued relevance of his theory is demonstrated via comparisons with recent research on the novel and memory as well as examples from contemporary novelists like Juli Zeh and Hilary Mantel **Fictional Environments** Victoria Saramago, 2020-11-15 Finalist 2022 ASLE Ecocritical Book Award Fictional Environments Mimesis Deforestation and Development in Latin America investigates how fictional works have become sites for the production of knowledge imagination and intervention in Latin American environments It investigates the dynamic relationship between fictional images and real places as the lasting representations of forests rural areas and deserts in novels clash with collective perceptions of changes like deforestation and urbanization From the backlands of Brazil to a developing Rio de Janeiro and from the rainforests of Venezuela and Peru to the Mexican countryside rapid deforestation took place in Latin America in the second half of the twentieth century How do fictional works and other cultural objects dramatize resist and intervene in these ecological transformations Through analyses of work by Jo o Guimar es Rosa Alejo Carpentier Juan Rulfo Clarice Lispector and Mario Vargas Llosa Victoria Saramago shows how novels have inspired conservationist initiatives and offered counterpoints to developmentalist policies and how environmental concerns have informed the agendas of novelists as essayists politicians and public intellectuals This book seeks to understand the role of literary representation or mimesis in shaping sustaining and negotiating environmental imaginaries during the deep ongoing transformations that have taken place from the 1950s to the present Everyday Ideas Ronald J. Zboray, Mary Saracino Zboray, 2006 Everyday Ideas Socioliterary Experience among Antebellum New Englanders takes an unprecedented look at the use of literature in

everyday life in one of history s most literate societies the home ground of the American Renaissance Using information pulled from four thousand manuscript letters and diaries Everyday Ideas provides a comprehensive picture of how the social and literary dimensions of human existence related in antebellum New England Penned by ordinary people factory workers farmers clerks storekeepers domestics and teachers and other professionals the writings examined here brim with thoughtful references to published texts lectures and speeches by the period's canonized authors and lesser lights These personal accounts also give an insider s perspective on issues ranging from economic problems to social status conflicts to being separated from loved ones by region state or nation Everyday Ideas examines such references and accounts and interprets the multiple ways literature figured into the lives of these New Englanders An important aid in understanding historical readers and social authorship practices Everyday Ideas is a unique resource on New England and provides a framework for understanding the profound role of ideas in the everyday world of the antebellum period From Temple to Tent Sarah L. Hart, 2019-07-31 The principal interest of the text on the tabernacle tent Exodus 24 15 Numbers 10 28 is Israelite worship cultic place the cultic people and laws for the regulation of cultic life The method followed is description of the biblical text and collation of the evidence as would a classicist go about classifying an ancient Greek Vase The findings reveal a virtual world of Israelite cult The transportable tabernacle tent with its courtyard and altar resembles a temple in its complexity Through words the reader is invited into the atmosphere of the tabernacle tent where all the senses are evoked The beautifully embellished fore room of the tent illuminated by the light of the lamp stand is seen the waft of incense smelt the atmosphere of fear or attraction that emanates from the epicentre of holiness felt The tabernacle tent is constructed of words not of stones It is indestructible and does not succumb to the vagaries of time as pristine today as it was over 2 500 years ago when it was first created Handbook of Research on Creativity Kerry Thomas, Janet Chan, 2013-11-29 Containing cutting edge research the Handbook of Research on Creativity will strongly appeal to academics and advanced students in cultural studies creative industries art history and theory experimental music and performance studies digital and ne Narrative Reader Martin McQuillan, 2000 The Narrative Reader aims to provide a comprehensive survey of narrative theories ranging from Plato to Post Structuralism The selection of texts is bold and broad demonstrating the extent to which narrative permeates the entire field of literature and culture It shows the ways in which narrative crosses disciplines continents and theoretical perspectives and is a long overdue and welcome addition to the field The Narrative Reader will fascinate students and researchers alike providing a much needed point of entry to the increasingly complex field of narrative theory

Prinsloo, Christl M. Maier, 2013-02-14 This fascinating collection investigates the inherent spatiality of human existence The contributors discuss ancient Mediterranean texts and societies from a decidedly spatial perspective debating over such issues as narratological space critical spatiality sociological theories on space space and identity space and body The volume consists of three parts and commences with three studies focusing on theoretical approaches towards spatial analysis and application of the theory to specific Old and New Testament texts The essays in the second part examine the sacred space and the formation of identity with particular attention to Jerusalem and the temple seen as sacred space and the lived experience of authors describing this space in various ways. The third part discusses the spatial theory and its application to a variety of texts ranging from the Epic of Gilgamesh to the New Testament The Cultural Role of Architecture Paul Emmons, Jane Lomholt, John Shannon Hendrix, 2012-11-12 Exploring the ambiguities of how we define the word culture in our global society this book identifies its imprint on architectural ideas It examines the historical role of the cultural in architectural production and expression looking at meaning and communication tracing the formations of cultural identities Chapters written by international academics in history theory and philosophy of architecture examine how different modes of representation throughout history have drawn profound meanings from cultural practices and beliefs These are as diverse as the designs they inspire and include religious mythic poetic political and philosophical references Coetzee's Revisions of the Human Kai Wiegandt, 2020-01-22 Kai Wiegandt's study offers a nuanced thoroughgoing and deeply engaging account of novelist J M Coetzee's revision of our core ideas of the human not least the human sense of uniqueness that we have invested in our belief in reason and conviction of God likeness He persuasively analyses the careful ways through which Coetzee deploys narrative as a mode of thinking through such human and post human questions so developing a fresh and original approach Wiegandt calls anthropological realism Drawing on thinkers from across the French German and Anglophone traditions Wiegandt has produced a fiercely insightful and committedly interdisciplinary study Elleke

Boehmer Professor of World Literature in English University of Oxford J M Coetzee's Revisions of the Human offers a bold and compelling argument that is sure to make a serious intervention in Coetzee criticism Wiegandt introduces several new fields of enguiry in relation to Coetzee's fiction the discussions thus reframe well worn debates in an innovative way making for unexpected insights in seemingly familiar critical terrain The book opens up a valuable and thought provoking perspective on Coetzee's work and will be of particular interest to the philosophically minded Coetzee specialist Carrol Clarkson Professor and Chair of Modern English Literature University of Amsterdam Tracking skilfully across the shifting terrain of I M Coetzee's fictions Kai Wiegandt draws out their philosophical and literary intertexts in this lucid erudite and compelling book and thereby illuminates a fundamental concern that has persisted throughout Coetzee's career to probe and push our ideas of what it is to be human Jarad Zimbler author of J M Coetzee and the Politics of Style This study argues that the most consistent concern in Coetzee's oeuvre is the question of what makes us human Ideas of the human that stress language use reason self consciousness autonomy and God likeness are revised in his novels via a poetic of testing which pits intertextually referenced ideas against each other in polyphonic narratives In addition to examining the philosophical provenance of questions of the human in the work of such thinkers as Plato Hegel Heidegger Barthes and Foucault the study charts Coetzee's reconfiguration of elements drawn from major literary precursors like Cervantes Heinrich von Kleist Kafka and Beckett Its leading argument is that Coetzee revises the Enlightenment idea of the human as a disengaged autonomous thinker by demonstrating the limitations of reason that he instead offers a view of humanity as engaged agency a view most compatible with ideas developed in the discourse of post humanism theories of materiality and social practice theory and that his revisions depend on narrative form as much as they recommend a narrative approach to ideas in general

Experiencing the Apocalypse at the Limits of Alterity Leif Hongisto, 2010-08-18 Applying current narrative criticism to the study of the Apocalypse Hongisto underscores the oral nature of the narrative vis vis the roles of the readers listeners EXPERIENCING THE APOCALYPSE AT THE LIMITS OF ALTERITY probes the interplay of meaning creation as readers listeners encounter the narrative The author shows how readers listeners alike partake in the narrative design and become constructors of the narrative given their own life experiences Thus the overarching reading context assists in the creation of a narrativity for the text The form of the Apocalypse along with its imagistic quality convey a message that is not primarily cognitive but is delivered and grasped by a sense of alterity encompassing the imaginary world of the text and the real world of the readers listeners
