Comrade of the Revolution FIDEL. CASTRO,2021-09 You cannot kill ideas Fidel for the Third World was not merely another leader He was the mirror of its aspirations That mirror will never be shattered From the Introduction Fidel Castro s speeches were classrooms for the revolution Through these speeches Fidel came before the people to explain the conjuncture and problems the government faced with honesty and by putting them into historical context Each of his speeches is a tour de force of explication a history lesson a sociology lesson a political lesson and even a lesson on literature Fidel reached back to revolutionaries from an earlier time and dug into the data produced by the government The traditions experiences and oral histories of national liberation and Marxism Leninism articulated by Fidel came alive as he spoke to new audiences engaged in building a socialist experiment just miles away from the heart of the empire Fidel Castro launched a battle of ideas in defense of socialist thought and the permanent mobilization of the people s consciousness The speeches collected in this book carry forward the battle of ideas that framed the last decades of Fidel s life until he left us on 26 November 2016 at the age of ninety

Fidel Castro and the Cuban Revolution Carlos Alberto Montaner,2017-10-24 Perhaps the foremost social analyst and journalist on Cuban affairs Carlos Alberto Montaner has written a definitive study of the Cuban regime from the vantage point of the Cuban dictator This is not simply a history of Cuban communism but rather a personal history of its leader Fidel Castro Montaner s extraordinary knowledge of the country and its politics prevents the work from becoming a psychiatric examination from afar Indeed what personal irrationalities exist are seen as built into the fabric of the regime itself and not simply as a personality aberration Fidel Castro and the Cuban Revolution is not an apologia for past United States involvement in Cuban affairs The author is severe in his judgments of such participation Nor is he sparing in his sense of the betrayal of the original purposes of the Revolution of 1959 manifested in the character and policies of Fidel Castro As the work progresses from a study of the victims to a study of the beneficiaries of the Cuban Revolution it leaves the reader with a deep sense of the tragedy of a revolution betrayed but not one that could have easily been avoided Montaner is an exile like the great Alexander Herzen before him His decision to live in Europe was made by choice not of necessity He sees his role as critical analyst not as restoring the status quo ante A most valuable aspect of this book is its intimate reevaluation of Fulgencio Batista Whatever the reader s judgment of Montaner s work no one can read it and be dismissive of the effort It is a work of intimacy even though written in exile and hence must be viewed as an important effort to understand the character of the man and regime who have changed the course of Cuban history in our times
