*Relating to Canada* George McKinnon Wrong, Hugh Hornby Langton, William Stewart Wallace, 1913 The 1st volume 1896 includes important publications of 1895 **Yellowstone** Richard A. Bartlett, 1988-10-01 A detailed well documented history of the establishment in 1872 growth and maturation of Yellowstone National Park America's and the world's first national park Wildlife Book Review Without question the best and most thought provoking volume on America's first national park that has been written in the last half century Journal of the West Broad ranging informative thoughtful and simply fun to read Western Historical Quarterly **Promised Lands** David M. Wrobel, 2002 Whether seen as a land of opportunity or as paradise lost the American West took shape in the nation's imagination with the help of those who wrote about it but two groups who did much to shape that perception are often overlooked today Promoters trying to lure settlers and investors to the West insisted that the frontier had already been tamed that the only frontiers remaining were those of opportunity Through posters pamphlets newspaper articles and other printed pieces these boosters literally imagined places into existence by depicting backwater areas as settled culturally developed regions where newcomers would find none of the hardships associated with frontier life Quick on their heels some of the West's original settlers had begun publishing their reminiscences in books and periodicals and banding together in pioneer societies to sustain their conception of frontier heritage Their selective memory focused on the savage wilderness they had tamed exaggerating the past every bit as much as promoters exaggerated the present Although they are generally seen today as unscrupulous charlatans and tellers of tall tales David Wrobel reveals that these promoters and reminiscers were more significant than their detractors have suggested By exploring the vast literature produced by these individuals from the end of the Civil War through the 1920s he clarifies the pivotal impact of their works on our vision of both the historic and mythic West In examining their role in forging both sense of place within the West and the nation's sense of the West as a place Wrobel shows that these works were vital to the process of identity formation among westerners themselves and to the construction of a West in the national imagination Wrobel also sheds light on the often elitist sometimes racist legacies of both groups through their characterizations of Native Americans African Americans Mexican Americans and Asian Americans In the era Wrobel examines promoters painted the future of each western place as if it were already present while the old timers preserved the past as if it were still present But as he also demonstrates that West has not really changed much promoters still tout its promise while old timers still try to preserve their selective memories Even relatively recent western residents still tap into the region's mythic pioneer heritage as they form their attachments to place Promised Lands shows us that the West may well move into the twenty first century but our images of it are forever rooted in the nineteenth **Vanguards of the Frontier** Everett Newfon Dick, 1941-01-01 Faith is neither static nor instantaneous It is not something we stumble upon and instantly understand

Neither is it a monolithic one dimensional singular entity that has but one face one color one fragrance It is many faceted multi dimensional and appears differently depending on one s angle to the Son In Finding Faith in Slow Motion Damon Gray examines faith from myriad angles and through gut wrenching life experiences as he asks regarding faith What is that stuff Spanning the emotional gamut from laughter to tears Gray challenges us to define our faith and redefine it to look at it from a multitude of perspectives and define it again The writing is intentionally evocative and playful offering the reader the ability to identify with Gray as he wrestles with the weighty subject matter of finding faith A Bath House and Plenty of Fresh Air William J.
