Fighting Blind:

Fighting Blind Ivan Castro, Jim DeFelice, 2016-11-15 Fighting was a practiced routine for Lieutenant Ivan Castro But when a mortar round struck the rooftop of his sniper s post in Iraq he found himself in a battle more difficult than even he could have imagined The direct hit killed two other soldiers and nearly claimed Castro s life as well Mangled by shrapnel and badly burned Castro was medevac d to Germany more dead than alive His lungs were collapsed He couldn t hear One eye had been blown out the nerve to the other severed In the weeks and months that followed Castro would find that physical darkness was nothing compared to the emotional darkness of loss and despair Desperate for a reason to live he eventually fought his way back to health through exercise and a single minded goal running a marathon Once he set his course there was no stopping him Stubborn to a point that at times bordered on insanity he managed not only to recover but to return to active duty Since 2007 he has run over two dozen marathons including the Boston Marathon in 2013 where he was one of the runners diverted when the bombs exploded Today Castro helps prepare soldiers for combat working exactly as if he were sighted *Fighting Blind* this frankly told account of his struggle through adversity the highs and lows and the always bumpy road in between is a story of hope and perseverance against the odds an Unbroken for the present generation

Tunney Jack Cavanaugh, 2009-04-02

Among the legendary athletes of the 1920s, the unquestioned halcyon days of sports stands Gene Tunney, the boxer who upset Jack Dempsey in spectacular fashion, notched a 77-1 record as a prizefighter, and later avenged his sole setback to a fearless and highly unorthodox fighter named Harry Greb. Yet within a few years of retiring from the ring, Tunney willingly receded into the background, renouncing the image of jock celebrity that became the stock in trade of so many of his contemporaries. To this day, Gene Tunney's name is most often recognized only in conjunction with his epic long-count second bout with Dempsey.

In *Tunney*, the veteran journalist and author Jack Cavanaugh gives an account of the incomparable sporting milieu of the Roaring Twenties, centered around Gene Tunney and Jack Dempsey, the gladiators whose two titanic clashes transfixed a nation. Cavanaugh traces Tunney's life and career, taking us from the mean streets of Tunney's native Greenwich Village to the Greenwich Connecticut home of his only love, the heiress Polly Lauder from Parris Island to Yale University, from Tunney learning fisticuffs as a skinny kid at the knee of his longshoreman father to his reign atop boxing's glamorous heavyweight division. Gene Tunney defied easy categorization as a fighter and as a person. He was a sex symbol, a master of defensive boxing strategy, and the possessor of a powerful and occasionally showy intellect, qualities that prompted the great sportswriters of the golden age of sports to portray Tunney as aloof. This intelligence would later serve him well in the corporate world as CEO of several major companies and as a patron of the arts. And while the public craved reports of bad blood between Tunney and Dempsey, the pair were in reality respectful ring adversaries who, in retirement, grew to share a sincere lifelong friendship, with Dempsey even stumping for Tunney's son John during the younger Tunney's successful run for Congress. Tunney offers a unique perspective on sports, celebrity, and popular culture in the 1920s. But more than an exciting and insightful real-life tale replete with heads of state, irrepressible showmen, mobsters, Hollywood luminaries, and the cream of New York society, *Tunney* is an irresistible story of an American underdog who forever changed the way fans
