Conflict, Conquest, and Conversion Eleanor Tejirian, Reeva Spector Simon, 2014-10-07 Conflict Conquest and Conversion surveys two thousand years of the Christian missionary enterprise in the Middle East within the context of the region's political evolution Its broad rich narrative follows Christian missions as they interacted with imperial powers and as the momentum of religious change shifted from Christianity to Islam and back adding new dimensions to the history of the region and the nature of the relationship between the Middle East and the West Historians and political scientists increasingly recognize the importance of integrating religion into political analysis and this volume using long neglected sources uniquely advances this effort It surveys Christian missions from the earliest days of Christianity to the present paying particular attention to the role of Christian missions both Protestant and Catholic in shaping the political and economic imperialism of the nineteenth and twentieth centuries Eleanor H Tejirian and Reeva Spector Simon delineate the ongoing tensions between conversion and the focus on witness and good works within the missionary movement which contributed to the development and spread of nongovernmental organizations Through its conscientious systematic study this volume offers an unparalleled encounter with the social political and economic consequences of such trends

High Way to Heaven: The Augustinian Platform Between Reform and Reformation, 1292-1524 Eric Leland Saak, 2021-12-28 This volume reveals the political religious theological institutional and mythical ideals that formed the self identity of the Augustinian Order from Giles of Rome to the emergence of Martin Luther Based on detailed philological analysis this interdisciplinary study not only transforms the understanding of Augustine's heritage in the later Middle Ages but also that of Luther's relationship to his Order The work offers a new interpretative model of late medieval religious culture that sheds new light on the relationship between late medieval Passion devotion the increasing demonization of the Jews and the rise of catechetical literature It is the first volume of a planned trilogy that seeks to return late medieval Augustinian theology to the historical context of Augustinian religion

Pathways to Peacebuilding Uchenna D. Anyanwu, 2022-11-30 Given the consistent challenge of Islamist acute violence particularly in Nigeria this monograph attempts to respond to the question How can Jesus's followers pattern response to

violence after Jesus's model demonstrated in his triumph over death, evil, sin, and violence through staurocentric pathways. And how can Jesus's followers in Nigeria adopt the same staurocentric model in order to not only overcome acute violence within the country but also to extend hands, heads, hearts, and homes of staurocentric forgiveness, hospitality, and other practices toward Muslims? In this study, I posit that peacebuilding contextual theology be grounded on the mystery of the cross, stauros, a theologico-theoretical framework that the church in Nigeria should espouse in order to position herself to extend hands, heads, hearts, and homes of staurocentric practices whose appropriation must be undertaken through constructive and critical integration of the God-given African peacebuilding concepts autochthonous to Africa's mosaic cultural contexts. The pivotal thesis is that the staurocentric model remains the triune God's instrument for triumphing over violence and thus should be espoused by Jesus's followers in every era and context for peacebuilding in contexts of violence through a triadic constructive and critical integration of indigenous peacebuilding concepts.

From Byron to Bin Laden Nir Arieli, 2018-01-08 What makes people fight for countries other than their own? Nir Arieli offers a wide-ranging history of foreign war volunteers from the French Revolution to Syria. Challenging notions of foreign fighters as a security problem, Arieli explores motivations, ideology, gender, international law, military significance, and the memory of war.

Transcending Mission Michael W. Stroope, 2017-02-28 Is the language of mission clearly evident across the broad reaches of time? Or has the modern missionary enterprise distorted our view of the past? Michael Stroope investigates how the modern church has come to understand, speak of, and engage in the global expansion of Christianity, offering a hopeful way forward in this pressing conversation.

The Church of England and the Second World War John D. Alexander, 2025-08-28 In *The Church of England and the Second World War*, John D. Alexander analyses how historic Christian ethical traditions influenced the Church of England's contributions to British pre-war and wartime public policy debates. These traditions include just war, holy war, pacifism, and Christian realism as deployed by such diverse Anglican figures as Cosmo Gordon Lang, William Temple, Herbert Hensley Henson, George Bell, Cyril Forster, Garbett, Charles Raven, Percy Hartill, Evelyn Underhill, Vera Brittain, and James Parkes. Additional themes include war as divine judgement, humanitarian intervention, and Church of England responses to the Holocaust. As a case study in the application of Christian ethical traditions, this book makes vital connections between Anglican studies, international relations theory, and the diplomatic, military, and humanitarian challenges of the mid-twentieth century.

Love, War, and the Grail Helen Nicholson, 2001 Includes genealogical charts of kings and noblemen associated with the search for the grail.

Fighting for Holiness John Charles Ryle, 2022 Many Christians are content to attend church and live happy lives, but there is no fight in their Christianity. True Christianity, explained by the author, is a fight against the flesh, the world, and the devil, which aim to detract us from holiness. Every Christian is called to holiness, but there can be no holiness without a fight.

The Crusades: Motives, Methods and Moments Emil Shehadeh, Although the crusades ended several hundred years ago, they remain a vexed issue today, not least for Muslims who seem to evoke the

crusades whenever the problem of contemporary Muslim violence is discussed President Obama's National Prayer Breakfast speech suggested that the crusades have robbed the West of the right to criticise Islamic violence Were the crusades holy wars Were there any other motives behind the crusades Why have popes recently apologised to Muslims for the crusades The crusades are examined against Christian and Muslim standards Did the Roman Catholic Church use the Word of God appropriately Could the crusades have been prevented by an earlier Protestant Reformation The issue of a Just War is discussed Can the crusades be justified from a Christian point of view What preceded the crusades in Christian Muslim relations Are Muslims the victims of the crusades Can the House of Islam justify continuing their war on Christians today because of the crusades What can be learnt from the crusades The Monthly Magazine, 1823 Christianity and Romance in Medieval England Rosalind Field, Phillipa Hardman, Michelle Sweeney, 2010 The essays collected here show how the romances of medieval England engaged with contemporary Christian culture and demonstrate the importance of reading them with an awareness of that culture **The Battle for Christendom** Frank Welsh, 2008-09-04 The fifteenth century Council of Constance ends the Catholic Church's papal schism and sets Europe on its path to the Renaissance in this in depth history At the dawn of the fifteenth century the Ottoman Empire posed an existential threat to Christian Europe Meanwhile the Catholic Church was in chaos with three Popes claiming the Chair of Saint Peter and dangerous stirrings of reform In an attempt to save the Christian world Emperor Sigismund of the Holy Roman Empire called the nations of Europe together for a conference at Constance beside the Rhine In *The Battle for Christendom* historian Frank Welsh demonstrates that the 1414 Council of Constance was one of the most pivotal events in European history The last event of the medieval world the months of fierce debate and political maneuvering heralded the dawn of the Renaissance and the rise of humanism Yet it would also bring about darker events as the first moments of the Protestant Reformation began with the burning of the Czech divine Jan Hus The story rises to a climax on the battlements of Constantinople in 1453 where despite all of Sigismund's attempts to repel the Ottomans the East rose up once more In Welsh's lively retelling *The Battle for Christendom* is an enthralling history that holds lessons for our own times of international turmoil **The Treasury; a Magazine of Religious and Current Thought for Pastor and People**, 1891 *On Christendom's Far Shore* James Larry Hood, 2013-12-18 *On Christendom's Far Shore* describes and explains American society by first illuminating its foundational stones the traditional western Judeo-Christian faith in God and the West's once common understanding of the natural order and the nature and destiny of man It explores the biblical concepts of faith paradox tragedy and grace time gender relations love work play individual and communal responsibilities freedom and the Kingdom of Heaven The book illustrates how these ideas and values underlie more specifically American values and American social and governmental patterns and structures such as the pursuit of knowledge and wisdom the creation of families and larger social groups and communities the mentoring of future generations and people's understanding of self governance and how to relate to other nations *On Christendom's Far Shore*
