A Lacanian Ink #11, 1997-01-01 *Lacanian Ink*, 2006 *Ordinary Psychosis and The Body* J. Redmond, 2014-07-23

Current Lacanian ideas on psychosis have much to contribute to the complex and often surprising forms of psychotic symptomatology encountered in clinical practice By focussing on the unique experience of individuals with psychosis this book examines the centrality of body phenomena to both the onset and stabilisation of psychosis **Joyce and Lacan** Daniel Bristow, 2016-07-15 What happens when the intellectual giant of twentieth century literature James Joyce is made an object of consideration and cause of desire by the intellectual giant of modern psychoanalysis Jacques Lacan This is what Joyce and Lacan explores in the three closely interrelated areas of reading writing and psychoanalysis by delving into Joyce's own relationship with psychoanalysis in his lifetime The book concentrates primarily on his last text *Finnegans Wake* the notorious difficulty of which arises from its challenging the intellect itself and our own processes of reading As well as the centrality of the *Wake* concepts of Joycean ontology sanity singularity and sexuality are excavated from sustained analysis of his earliest writings onward To be post Joycean as Lacan describes it means then to be in the wake not only of Joyce but also of Lacan's interventions on the Irish writer made in the mid 70s It was this encounter that gave rise to concepts that have gained currency in today's psychoanalytic theory and practice and importance in wider critical contexts The notions of the *sinthome* *lalangue* and Lacan's use of topology and knot theory are explored within as well as new theories being launched The book will be of interest to psychoanalysts literary theorists and students and teachers of literature theory or the works of Joyce and Lacan *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 11: Tibetan Modernities* International Association for Tibetan Studies. Seminar, 2008-05-31 This book the first scholarly publication in the West to provide detailed documentation of modern life in contemporary Tibet presents the cutting edge field work carried out by an interdisciplinary group of researchers studying caste pop music media painting education economics childbirth and environment in Tibetan communities today *Lacan and the Biblical Ethics of Psychoanalysis* Itzhak Benyamini, 2023-12-08 In this fascinating and ground breaking book Itzhak Benyamini uses discourse analysis to lay out the way Lacan constructed his own intellectual discourse informed by Judeo Christianity Offering an understanding of Lacan's emergence and intellectual struggles with significant contemporary intellectuals the author builds a panoramic view of the entire psychoanalytic discourse at the time of the foundational post Freudian generation By engaging in close reading of texts and seminars given by Lacan between the 1930s and 50s Benyamini uncovers the coming into being of Lacan's key concepts The Mirror Stage the Imaginary the Real the Symbolic the Name of the Father the Other *jouissance* and *das Ding* The author argues that Lacan wished to regulate this process of conceptualization by connecting the concepts of the Father and the Other with themes from the Judeo Christian tradition especially the Biblical one to create a clinical ethic that does not reflect a worldview or ideology and is guided solely by the analysand's unconscious desire **Catastrophe and Survival: Walter Benjamin and Psychoanalysis** Elizabeth

Stewart, 2013-03-14 Shows how Benjamin's thoughts regarding the individual's experience of the material world make significant contact with post Freudian psychoanalytic theory Elizabeth Stewart is Associate Professor of English Yeshiva University New York USA She teaches courses in European modernism post colonial literature literature and philosophy and literary and cultural theory She is the translator and editor of Lacan in the German Speaking World SUNY 2004 Lacan and the Destiny of Literature Ehsan Azari, 2011-10-27 In contemporary academic literary studies Lacan is often considered impenetrably obscure due to the unavailability of his late works insufficient articulation of his methodologies and sometimes stereotypical use of Lacanian concepts in literary theory This study aims to integrate Lacan into contemporary literary study by engaging with a broad range of Lacanian theoretical concepts often for the first time in English and using them to analyse a range of key texts from different periods Azari explores Lacan's theory of desire as well as his final theories of *littoral* and the *sinthome* and interrogates a range of poststructuralist interpretive approaches In the second part of the book he outlines the variety of ways in which Lacanian theory can be applied to literary texts and offers detailed readings of texts by Shakespeare Donne Joyce and Ashbery This ground breaking study provides original insights into a number of the most influential intellectual discussions in relation to Lacan and will fill a recognised gap in understanding Lacan and his legacy for literary study and criticism *Proceedings of the Tenth Seminar of the IATS, 2003. Volume 11: Tibetan Modernities*, 2008-05-31 This is the first major publication in the West to study modernity and its impact on contemporary Tibet Based on field work by researchers from the fields of anthropology sociology environmental science literature art and linguistics it presents essays on education economics childbirth environment caste pop music media and painting in Tibetan communities today The findings emerge from studies carried out in Ladakh Golok Lhasa Xining Shigatse and other areas of the Tibetan world It will provide important and sometimes surprising results for students of Tibet China Himalayan studies as well as an important contribution to our understandings of modernity and development in the modern world *A Clinical Introduction to Lacanian Psychoanalysis* Bruce Fink, 1999-09-15 Arguably the most profound psychoanalytic thinker since Freud and deeply influential in many fields Jacques Lacan often seems opaque to those he most wanted to reach These are the readers Bruce Fink addresses in this clear and practical account of Lacan's highly original approach to therapy Written by a clinician for clinicians Fink's introduction is an invaluable guide to Lacanian psychoanalysis how it's done and how it differs from other forms of therapy While elucidating many of Lacan's theoretical notions the book does so from the perspective of the practitioner faced with the pressing questions of diagnosis which therapeutic stance to adopt how to involve the patient and how to bring about change Slavoj Žižek Matthew Sharpe, 2017-05-15 Slavoj Žižek has emerged as the pre eminent European cultural theorist of the last decade and has been described as the ultimate Marxist Lacanian cultural studies scholar His large and growing body of work has generated considerable controversy yet his texts are not structured as standard academic tomes In *Slavoj Žižek A Little Piece of the Real* Matthew Sharpe undertakes the difficult task of drawing

out an evolving argument from all of Žižek's texts from 1989 to 2001 and reads them as the bearers of a single theoretical project providing an authoritative reliable clearly written and well structured account of Žižek's demanding body of work From an exposition of Žižek's social and philosophical critical theory the book moves to a critical analysis of Žižek's theoretical project and its political implications Sharpe concludes by suggesting that Žižek's work however raises as many questions as it answers questions both about Žižek's theoretical system and to the wider new Left in today's world

Ulysses Rainer Emig, 2017-03-14 This collection of recent essays on James Joyce's masterpiece *Ulysses* provides an up to date overview of debates in Joycean scholarship with particular emphasis on gender postcolonial and ideological critiques and deconstructive readings The essays are framed by an introduction that assesses particularity and universal schemes in Joyce's novel including its role in modern literature

The Character of Criticism Geoffrey Galt Harpham, 2013-10-28 Why are some critical texts more compelling memorable or engaging than others Can criticism be judged as a discourse of description explanation and analysis alone or do our evaluations reflect other kinds of investments in it In this book Geoffrey Galt Harpham argues that the most powerful and effective criticism demands to be read as an expression of a distinctive sensibility a way of being in the world it demands in other words to be read as a discourse of character Through a series of detailed and intimate intellectual portraits of leading critics Elaine Scarry Martha Nussbaum Slavoj Žižek and Edward Said Harpham unfolds the complex and indirect ways in which human character is expressed in criticism A final chapter on Criticism in a State of Terror assesses the contemporary situation The Character of Criticism represents not just a snapshot of contemporary criticism but a fresh approach to criticism itself that clarifies the stakes involved for writers and readers of criticism alike It does so not by making difficult thinking easy but by making it stranger more idiosyncratic exotic and singular

Lacanian Realism Duane Rousselle, 2018-01-25 Alain Badiou has claimed that Quentin Meillassoux's book *After Finitude* Bloomsbury 2008 opened up a new path in the history of philosophy And so whether you agree or disagree with the speculative realism movement it has to be addressed Lacanian Realism does just that This book reconstructs Lacanian dogma from the ground up first by unearthing a new reading of the Lacanian category of the real second by demonstrating the political and cultural ingenuity of Lacan's concept of the real and by positioning this against the more reductive analyses of the concept by Slavoj Žižek Alain Badiou Saul Newman Todd May Joan Copjec Jacques Rancière and others and third by arguing that the subject exists intimately within the real Lacanian Realism is an imaginative and timely exploration of the relationship between Lacanian psychoanalysis and contemporary continental philosophy

It Didn't Mean Anything Alexander N. Howe, 2008-03-17 This critical study of American detective fiction examines the history and development of the detective genre through the lens of psychoanalysis Applying the ideas of French psychoanalyst Jacques Lacan the author identifies and categorizes popular works according to the fictional protagonist's hysteria obsessive neurosis perversion or psychosis The first chapter identifies several instances of hysteria within the fiction of two of the genre's pioneers Edgar

Allan Poe and Arthur Conan Doyle Chapter Two traces the development of the hard boiled detective's code of honor through the works of Dashiell Hammett Raymond Chandler and Mickey Spillane identifying the often paradoxical nature of this code and its origins in obsessive neurosis Chapter Three analyzes the anti detective fiction of Philip K Dick in terms of paranoid psychosis and the final chapter returns to the question of hysteria taking up the female hard boiled detectives of author Marcia Muller

Lacan, Deleuze and World Politics Andreja Zevnik, 2016-02-26 This book aims to rethink the way in which the subject is inscribed in the modern political and does so by exploring the potentiality of Lacan's Deleuzian theoretical framework It concerns a different ontology and a non dualist understanding of political and legal existence by focusing on questions such as how to think alternative notions of political existence and what kind of political social and legal order do these come to create This investigation into political appearance of subjects through concepts of law body and life is led and influenced by the thought of Gilles Deleuze and Jacques Lacan as well as Alain Badiou Antonio Negri and Slavoj Žižek The book takes on various conceptualisations of life explores the relationship between law and life and develops an alternative notion of legal and political existence in particular in the context of rights On the back of Guantánamo's legal and political discourses this work aims to show why and how the problems of world politics or the limitations of human rights discourse require an engagement with questions such as what it means to exist as a human being what forms of life are politically recognised which are not and why this distinction By pointing to a different ontology for thinking and understanding global politics and demonstrating how a trans disciplinary and philosophical approaches can foster the debates in world politics this book will be of interest to postgraduates and scholars working on critical normative ideas in international politics critical security studies and critical legal studies

Perversion Stephanie S. Swales, 2012-08-21 Lacan's psychoanalytic take on what makes a pervert perverse is not the fact of habitually engaging in specific abnormal or transgressive sexual acts but of occupying a particular structural position in relation to the Other Perversion is one of Lacan's three main ontological diagnostic structures structures that indicate fundamentally different ways of solving the problems of alienation separation from the primary caregiver and castration or having limits set by the law on one's jouissance The perverse subject has undergone alienation but disavowed castration suffering from excessive jouissance and a core belief that the law and social norms are fraudulent at worst and weak at best In Perversion Stephanie Swales provides a close reading a qualitative hermeneutic reading of what Lacan said about perversion and its substructures i.e. fetishism voyeurism exhibitionism sadism and masochism Lacanian theory is carefully explained in accessible language and perversion is elucidated in terms of its etiology characteristics symptoms and fundamental fantasy Referring to sex offenders as a sample she offers clinicians a guide to making differential diagnoses between psychotic neurotic and perverse patients and provides

a treatment model for working with perversion versus neurosis Two detailed qualitative clinical case studies are presented one of a neurotic sex offender and the other of a perverse sex offender highlighting crucial differences in the transference relation and subsequent treatment recommendations for both forensic and private practice contexts Perversion offers a fresh psychoanalytic approach to the subject and will be of great interest to scholars and clinicians in the fields of psychoanalysis psychology forensic science cultural studies and philosophy

Writing, Speech and Flesh in Lacanian Psychoanalysis
Shirley Zisser, 2021-09-13 This book explores the place of the flesh in the linguistically inflected categories of Freudian and Lacanian psychoanalysis drawing explicit attention to the organic as an inherent part of the linguistic categories that appear in the writings of Freud and Lacan Lacan's return to Freud famously involves a linguistic turn in psychoanalysis The centering of language as a major operator in psychic life often leads to a dualistic or quasi dualistic view in which language and the enjoyment of the body are polarized Exploring the intricate connections of the linguistic and the organic in both Lacanian and Freudian psychoanalysis from its beginnings Zisser shows that surprisingly and not only in Lacan's late teaching psycho linguistic categories turn out to be suffused with organicity After unfolding the remnant of the flesh in the signifier as a major component of Lacan's critique of Saussure using visual artworks as objective correlatives as it does so the book delineates two forms of psychic writing These are aligned not only with two fundamental states of the psychic apparatus as described by Freud pain and satisfaction but with two ways of sculpting formulated by Alberti in the Renaissance but also referred to by Freud Continuing in a Derridean vein the book demonstrates the primacy of writing to speech in psychoanalysis emphasizing how the relation between speech and writing is not binary but topological as speech in its psychoanalytic conception is nothing but the folding inside out of unconscious writing Innovatively placing the flesh at the core of its approach the text also incorporates the seminal work of psychoanalyst Michèle Montrelay to articulate the precise relation between the linguistic and the organic Writing, Speech and Flesh in Lacanian Psychoanalysis will be indispensable to psychoanalysts literary theorists rhetoricians deconstructionists and those studying at the intersection of psychoanalysis language and the visual arts

The Meanings of Rights
Costas Douzinas, Conor Gearty, 2014-05-01 Does the apparent victory universality and ubiquity of the idea of rights indicate that such rights have transcended all conflicts of interests and moved beyond the presumption that it is the clash of ideas that drives culture Or has the rhetorical triumph of rights not been replicated in reality The contributors to this book answer these questions in the context of an increasing wealth gap between the metropolitan elites and the rest a chasm in income and chances between the rich and the poor and walls which divide the comfortable middle classes from the underclass Why do these inequalities persist in our supposed human rights abiding societies In seeking to address the foundations genealogies meaning and impact of rights this book captures some of the energy breadth power and paradoxes that make deployment of the language of human rights such an essential but changeable part of so many of our contemporary discourses
