The ladder of success in imperial china. Aspects of social mobility, 1368-1911 Ping-ti Ho,1980 **The Ladder Of Success In Imperial China** Ping-ti Ho,Bingdi He,1976-09-21 *The Ladder of Success in Imperial China* Ho Ping-Ti,1962

The Ladder of Success in Imperial China Bingdi He,1967 **The Ladder of Success in Imperial China** Robert Franklin Davidson,1962 The Ladder of Success in Imperial China 何平帝,1978 **Social Mobility in Traditional Chinese Society** Jung-t'â Chou,2011-03-01 Originally published Social mobility in China New York Atherton Press 1966 China's Leaders Cheng Li,2001 Who will govern China after Jiang Zemin What path will its new leaders chart in the early years of the twenty first century Drawing upon a wealth of both quantitative and qualitative data on the so called fourth generation of leaders_those who were young during the Cultural Revolution_Cheng Li shows that this group is more diversified than previous generations in formative experiences political solidarity ideological conviction and occupational background The author explores the contradictions between these emerging leaders and their non elite peers who were barred from education during the Mao era and now often are unemployed and disenchanted The book concludes with the intriguing notion that this generation of leaders may have a better understanding of its peersO concerns and therefore may make the regime more accountable to its people thus contributing to rather than opposing democratic development **Traditional Government in Imperial China** Mu Qian,1982 Professor Ch ien Mu Qian Mu describes the basic constitutive elements of China s traditional government as it evolved He concentrates upon those dynasties he considers China s most representative the Han Tang Song Ming and Qing and critically analyzes and compares their governmental organization civil service examination system taxation and defence **Radicalism and Education Reform in 20th-Century China** Suzanne Pepper,2000-07-10 The first comprehensive book to cover the whole sweep of twentieth century Chinese education

Lineages of the Absolutist State Perry Anderson,2013-03-12 Forty years after its original publication Lineages of the Absolutist State remains an exemplary achievement in comparative history Picking up from where its companion volume Passages from Antiquity to Feudalism left off Lineages traces the development of Absolutist states in the early modern period from their roots in European feudalism and assesses their various trajectories Why didn t Italy develop into an Absolutist state in the same indigenous way as the other dominant Western countries namely Spain France and England On the other hand how did Eastern European countries develop into Absolutist states similar to those of the West when their social conditions diverged so drastically Reflecting on examples in Islamic and East Asian history as well as the Ottoman Empire Anderson concludes by elucidating the particular role of European development within universal history The Phony Reformer Luke S. K. Kwong,2018-06-15 This engaging translation presents an authentic period document that reflects aspects of Chinese life and society as seen through a contemporary s eyes Portraying a phony reformer who rode the tide of the Qing court s post Boxer reform initiatives to career success and personal wealth this satire conveys the author s hope for

a new improved China one that could stand proudly alongside Western nations and Meiji Japan in the modern world His vivid descriptions of various situations shed light on late Qing elite behavior and Chinese foreign relations capture the clash between tradition and modernity the old and new as educated Chinese stood at a cultural and political crossroads

Suzhou Michael Marme,2005 This book shows how though Suzhou entered the Ming defeated and suspect interactions between the imperial state and local elites gave rise to a network of markets centered on Suzhou that fostered high quality local specialization *Encyclopedia of Chinese History* Michael Dillon,2016-12-01 China has become accessible to the west in the last twenty years in a way that was not possible in the previous thirty The number of westerners travelling to China to study for business or for tourism has increased dramatically and there has been a corresponding increase in interest in Chinese culture society and economy and increasing coverage of contemporary China in the media Our understanding of China s history has also been evolving The study of history in the People s Republic of China during the Mao Zedong period was strictly regulated and primary sources were rarely available to westerners or even to most Chinese historians Now that the Chinese archives are open to researchers there is a growing body of academic expertise on history in China that is open to western analysis and historical methods This has in many ways changed the way that Chinese history particularly the modern period is viewed The Encyclopedia of Chinese History covers the entire span of Chinese history from the period known primarily through archaeology to the present day Treating Chinese history in the broadest sense the Encyclopedia includes coverage of the frontier regions of Manchuria Mongolia Xinjiang and Tibet that have played such an important role in the history of China Proper and will also include material on Taiwan and on the Chinese diaspora In A Z format with entries written by experts in the field of Chinese Studies the Encyclopedia will be an invaluable resource for students of Chinese history politics and culture **Social Stratification** James Littlejohn,2021-10-17 Originally published in 1972 this book aimed to provide the student with a basic understanding of the main theories of social stratification and to acquaint them with current methods of research with the results from modern research with emphasis on British research and with current issues in this field The first two chapters are concerned with theory and are followed by chapters on slavery and the caste system These are intended to illustrate concepts and theory and to offer the student a comparative perspective in which to view stratification in modern society which is dealt with in a final lengthy chapter The book has been written primarily for first year university students but also with sixth formers and students in colleges of further education in mind

Suzhou in Transition Beibei Tang,Paul Cheung,2020-11-11 Through the lens of the city of Suzhou this edited volume presents views on the complex interaction between the central state market agents local governments and individuals who have shaped the development of Chinese cities and urban life Featuring a range of disciplinary perspectives contributors to this volume have all undertaken research in one municipality Suzhou to consider how history and culture have evolved during the modernisation of Chinese cities and the transformation of urban space as well as shifting rural urban relations and

urban life during the reform era The volume is underscored by a complex dynamic system consisting of three interlocked mechanisms through which the central and local state interact history and culture social and economic life and administration and governance As such chapters analyse responses both from the state and society as driving forces of local development with an interplay between tradition and heritage on the one hand and China s economic and social development on the other Suzhou in Transition will appeal to students and scholars of Chinese and urban studies as well as urban sociology and geography

Max Weber's Economic Ethic of the World Religions Thomas C. Ertman, 2017-03-24 This book brings together for the first time in English internationally recognized specialists who seek to identify what is living and what is dead in the great German social scientist Max Weber s analyses of China India and Ancient Israel found in his massive unfinished *Economic Ethic of the World Religions* In so doing the volume offers a powerful new perspective on the current debate concerning the timing of and deeper roots of the Great Divergence and more recent convergence in the economic and political development of the West on the one hand and the great civilizations of Asia on the other At the same time this volume also rebalances our understanding of Weber s entire intellectual output by returning *The Protestant Ethic and the Spirit of Capitalism* to its proper place within *Economic Ethic of the World Religions* and establishing that work as the equal of the similarly unfinished *Economy and Society*

Exploring Educational Policy Transfer Yijun Yang, 2024-08-23 This book examines the detailed process of China s borrowing from the Japanese vocational education model from the perspective of educational policy transfer It is expected that a systematic examination of the history of China s borrowing of Japanese vocational education through the lens of educational policy transfer will on the one hand fill the gap in the study of the history of vocational education in China from the perspective of educational policy transfer and on the other hand allow the applicability of the educational transfer theoretical framework to be tested through the example of China s borrowing from Japanese vocational education

The Shanghai Taotai Yuen-sang Leung, Yuansheng Liang, 1990 This is a study of the circuit intendant or taotai under the Ching particularly the Shanghai taotai It examines the institutional and historical settings within which the taotai operated and traces the development of the Shanghai taotai office from 1730 through the nineteenth century The focus of investigation is in examining the adjustment of functions and responsibilities of the taotai and his changing role in the post Opium War era particularly in the contexts of foreign relations modernisation and local politics Central to the author s interpretation is the concept of linkage man or linkage position The Shanghai taotai as a linkage man provides vital connection and channel of communication and interaction between two or more separate worlds or value systems and often works as a conflict manager

The Age of Silver Ning Ma, 2017 *The Age of Silver* considers how commerce fueled the emergence of the novel around the globe examining the evolution of epochal works of national literature from *Don Quixote* in 1605 to *Robinson Crusoe* in 1719
