## **Lady Vanishes:**

**The Lady Vanishes** Ethel Lina White, 2017-09-07 A special edition of *The Lady Vanishes* by Ethel Lina White reissued with a bright retro design to celebrate Pan's 70th anniversary In this nail biting tense thriller a girl on a train finds herself in a terrifying situation when her travelling companion vanishes suddenly from their compartment whilst she is sleeping Every other passenger aboard insists that the woman doesn't exist that she was never there at all But as the train rattles on through Europe it becomes increasingly clear that something very sinister is at work Originally published as *The Wheel Spins* this gripping psychological suspense novel was the inspiration for Alfred Hitchcock's famous 1938 thriller starring Margaret Lockwood and Michael Redgrave

**Looking Awry** Slavoj Žižek, 1992-09-08 Slavoj Žižek a leading intellectual in the new social movements that are sweeping Eastern Europe provides a virtuoso reading of Jacques Lacan Žižek inverts current pedagogical strategies to explain the difficult philosophical underpinnings of the French theoretician and practitioner who revolutionized our view of psychoanalysis He approaches Lacan through the motifs and works of contemporary popular culture from Hitchcock's *Vertigo* to Stephen King's *Pet Sematary* from McCullough's *An Indecent Obsession* to Romero's *Return of the Living Dead* a strategy of looking awry that recalls the exhilarating and vital experience of Lacan Žižek discovers fundamental Lacanian categories the triad Imaginary Symbolic Real the object small a the opposition of drive and desire the split subject at work in horror fiction in detective thrillers in romances in the mass media's perception of ecological crisis and above all in Alfred Hitchcock's films The playfulness of Žižek's text however is entirely different from that associated with the deconstructive approach made famous by Derrida By clarifying what Lacan is saying as well as what he is not saying Žižek is uniquely able to distinguish Lacan from the poststructuralists who so often claim him *Films of Carol Reed* R Moss, 2016-01-06

**A Hitchcock Reader** Marshall Deutelbaum, Leland Poague, 2009-02-24 This new edition of *A Hitchcock Reader* aims to preserve what has been so satisfying and successful in the first edition a comprehensive anthology that may be used as a critical text in introductory or advanced film courses while also satisfying Hitchcock scholars by representing the rich variety of critical responses to the director's films over the years a total of 20 of Hitchcock's films are discussed in depth many others are considered in passing section introductions by the editors that contextualize the essays and the films they discuss well researched bibliographic references which will allow readers to broaden the scope of their study of Alfred Hitchcock

**Carol Reed** Peter William Evans, 2019-01-04 Carol Reed is one of the truly outstanding directors of British cinema and one whose work is long overdue for reconsideration This major study ranges over Reed's entire career combining observation of general trends and patterns with detailed analysis of twenty films both acknowledged masterpieces and lesser known works Evans avoids a simplistic auteurist approach placing the films in their autobiographical socio-political and cultural contexts and relating these to the analysis of Reed's art The critical approach combines psychoanalysis gender theory and the analysis of form Archival research is also relied on to clarify Reed's relations with his creative team financial

backers and others Films examined include Bank Holiday A Girl Must Live Odd Man Out The Fallen Idol The Third Man Night Train to Munich The Way Ahead Outcast of the Islands Trapeze and Oliver

**Hitchcock at the Source** R. Barton Palmer, David Boyd, 2011-09-01 The adaptation of literary works to the screen has been the subject of increasing and increasingly sophisticated critical and scholarly attention in recent years but most studies of the subject have continued to privilege literature over film by taking the literary sources as their starting point Rather than examining the processes by which a particular author has been adapted into a diversity of films by different filmmakers the contributors in Hitchcock at the Source consider the processes by which a varied range of literary sources have been transformed by one filmmaker into an impressive body of work Throughout his career Alfred Hitchcock transformed a variety of literary sources novels plays short stories into what is arguably the most coherent and distinctive narratively stylistically and thematically of all directorial oeuvres After an introduction surveying the nature and diversity of Hitchcock's sources and locating the current volume in the context of theoretical work on adaptation nineteen original essays range across the entirety of Hitchcock's career from the silent period through to the 1970s In addition to addressing the process of adaptation in particular films in terms of plot and character the contributors also consider less obvious matters of tone technique and ideology Hitchcock's manipulation of the conventions of literary and dramatic genres such as spy fiction and romantic comedy and more general problems such as Hitchcock's shift from plays to novels as his major sources in the course of the 1930s

**Everything You Always Wanted to Know about Lacan** Slavoj Žižek, 1992 A modernist work of art is by definition incomprehensible it functions as a shock as the irruption of a trauma which undermines the complacency of our daily routine and resists being integrated What postmodernism does however is the very opposite it objects par excellence are products with mass appeal the aim of the postmodernist treatment is to estrange their initial homeliness you think what you see is a simple melodrama your granny would have no difficulty in following Yet without taking into account the difference between symptom and sinthom the structure of the Borromean knot the fact that Woman is one of the Names of the Father you've totally missed the point if there is an author whose name epitomises this interpretive pleasure of estranging the most banal content it is Alfred Hitchcock and useless to deny it this book partakes unrestrainedly in this madness Hitchcock is placed on the analyst's couch in this extraordinary volume of case studies as its contributors bring to bear an unrivalled enthusiasm and theoretical sweep on the entire Hitchcock oeuvre from Rear Window to Psycho as an exemplar of postmodern defamiliarization Starting from the premise that everything has meaning the films ostensible narrative content and formal procedures are analysed to reveal a rich proliferation of ideological and psychical mechanisms at work But Hitchcock is here to lure the reader into serious Marxist and Lacanian considerations on the construction of meaning Timely provocative and original this is sure to become a landmark of Hitchcock studies Contributors Frederic Jameson Pascal Bonitzer Miran Bozovic Michel Chion Mladen Dolar Stojan Pellko Renata Salecl Alenka Zupancic and Slavoj Žižek

*Attunement* Professor of Theology and Affiliated Faculty in

Women's and Gender Studies Natalie Carnes, 2024-06-07 What is a feminist theologian to do with Christianity's patriarchal inheritance She can avoid the most patriarchal aspects of the theological tradition and seek resources for constructive work elsewhere Or she can critique misogynistic texts and artifacts exposing their strategies of domination to warn against replicating them Both approaches have merits and yet without other interpretive strategies they reaffirm that the theological tradition does not belong to women and others marginalized by gender They cannot transform the discourse But within feminist theology are the seeds of another approach aimed at just such transformation by reworking the theological landscape to become hospitable to all those marginalized by gender Attunement The Art and Politics of Feminist Theology identifies trajectories resonant with this alternative approach and from them describes and develops attunement as a third generative path for feminist theologians Attunement is an aesthetically invested approach to texts and artifacts that self-consciously co-creates as it interprets Aware of what the text affords the reader attunement constellates images texts and insights to build or augment positive affordances in the text and diminish negative ones Natalie Carnes describes why this approach is significant for feminist theology maps its roots in a long history of gender marginalized individuals claiming authority describes how it casts interpretation as both an aesthetic and political event and notes how it might provide a way forward in vexed topics in feminist theology

Coming Back to a Theater Near You Brian Hannan, 2016-06-14 In the Silent Era film reissues were a battle between rival studios every Mary Pickford new release in 1914 was met with a Pickford re-release For 50 years after the Silent Era reissues were a battle between the studios who considered old movies found money and cinema owners who often saw audiences reject former box office hits In the mid 1960s the return of *The Bridge on the River Kwai* 1957 the second biggest reissue of all time altered industry perceptions and James Bond double features pushed the revival market to new heights In the digital age reissues have continued to confound the critics This is the untold hundred year story of how old movies saved new Hollywood Covering the booms and busts of a recycling business that became its own industry the author describes how the likes of Charlie Chaplin Humphrey Bogart and Alfred Hitchcock won over new generations of audiences and explores the lasting appeal of films like *Napoleon* 1927 *Gone with the Wind* 1939 *The Rocky Horror Show* 1975 and *Blade Runner* 1982

*Hitchcock's Bi-Textuality* Robert Samuels, 1998-01-01 Uses close readings of Hitchcock's films to combine an articulation of Lacan's theory of ethics with a discussion of recent theories of feminine subjectivity and queer textuality

**Alfred Hitchcock** Jane Sloan, 1995-03-08 A concise and intelligent synthesis of what we know and think about Hitchcock and a road map to future work on the subject There is no complete index to Hitchcock's career like this one and critics and historians will mine Sloan's work with enormous profit The Critical Survey section constitutes an invaluable contribution to the project of metacriticism Matthew Bernstein author of *Walter Wanger Hollywood Independent*

**The Camera Lies** Dan Callahan, 2020 Alfred Hitchcock once famously remarked Actors are cattle In *The Camera Lies* Dan Callahan uncovers the sophisticated acting theory that lay beneath the director's notorious

indifference towards his performers spotlighting the great performances of deceit and duplicity he often coaxed from them

**Hitchcock and the Spy Film** James Chapman, 2017-11-30 Film historian James Chapman has mined Hitchcock's own papers to investigate fully for the first time the spy thrillers of the world's most famous filmmaker Hitchcock made his name as director of the spy movie He returned repeatedly to the genre from the British classics of the 1930s including *The 39 Steps* and *The Lady Vanishes* through wartime Hollywood films *Foreign Correspondent* and *Saboteur* to the Cold War tracts *North by Northwest* *Torn Curtain* and his unmade film *The Short Night* Chapman's close reading of these films demonstrates the development of Hitchcock's own style as well as how the spy genre as a whole responded to changing political and cultural contexts from the threat of Nazism in the 1930s and 40s to the atom spies and double agents of the post war world

**The Men Who Knew Too Much** Susan M. Griffin, Alan Nadel, 2012-02-13 *The Men Who Knew Too Much* innovatively pairs these two greats showing them to be at once classic and contemporary Over a dozen major scholars and critics take up works by James and Hitchcock in paired sets to explore the often surprising ways that reading James helps us watch Hitchcock and what watching Hitchcock tells us about reading James [Hitchcock](#) Francois Truffaut, 2015-12-04 Iconic groundbreaking interviews of Alfred Hitchcock by film critic Francois Truffaut providing insight into the cinematic method the history of film and one of the greatest directors of all time In *Hitchcock* film critic Francois Truffaut presents fifty hours of interviews with Alfred Hitchcock about the whole of his vast directorial career from his silent movies in Great Britain to his color films in Hollywood The result is a portrait of one of the greatest directors the world has ever known an all round specialist who masterminded everything from the screenplay and the photography to the editing and the soundtrack Hitchcock discusses the inspiration behind his films and the art of creating fear and suspense as well as giving strikingly honest assessments of his achievements and failures his doubts and hopes This peek into the brain of one of cinema's greats is a must read for all film aficionados [Hitchcock, Second Edition](#) William Rothman, 2012-08-20 First published in 1982 William Rothman's *Hitchcock* is a classic work of film criticism Written in an engaging style that is philosophically sophisticated yet free of jargon and using over nine hundred images from the films to illustrate and back up its critical claims the book follows six different Hitchcock films as they unfold moment by moment from first shot to last In addition to a thoughtful new preface and the original readings of *The Lodger* 1927 *Murder* 1930 *The 39 Steps* 1935 *Shadow of a Doubt* 1943 and *Psycho* 1960 this expanded edition includes a groundbreaking new chapter now the book's longest on *Marnie* 1964 Hitchcock's most heartfelt yet most controversial film Hitchcock never tired of quoting Oscar Wilde's line And all men kill the thing they love Dark moods therefore prevail in the five original chapters culminating in the reading of *Psycho* but in demonstrating how *Marnie* overcomes or transcends the murderous aspect of Hitchcock's art this new chapter balances the scales and gives an important new dimension to the book With exemplary precision *Hitchcock Second Edition* shows how Hitchcock films express cinematically serious thoughts about such matters as the nature and relationships of love murder

sexuality marriage and theater and about their own medium In so doing it keeps faith with the idea that Hitchcock was a master perhaps the master of what he called the art of pure cinema However insofar as it investigates philosophically the conditions of authorship in the medium of film it is an auteurist study unlike any other By attending to the films themselves and to the ways we experience them rather than allowing some theory to dictate what to say about them the book proves the fruitfulness of an approach that is open and responsive to the ways serious films are capable of teaching us how to think seriously about them
