Untiedt,2017-12-15 There is sometimes a fine line between history and folklore This Publication of the Texas Folklore Society features articles that tell stories about real life characters from the historical past of Texas as well as offer personal reflections about life from diverse perspectives throughout the last century These contributors go beyond merely stating facts about dates or locations or names of the events and people that can be found in court documents or genealogical records several of these authors provide a very intimate connection to the tales they share These articles are not just about people that we read about as school children and they do not merely describe how our culture used to be or how vastly it has changed rather they emphasize the ways we keep our culture alive through the retelling of the events and customs and major figures that are important enough to pass on from one generation to the next The first section covers legendary characters

like Davy Crockett Mody Boatright Sam Houston and Cynthia Ann Parker from our state's past as well as people who were bigger or bolder than others yet seem to have been forgotten Some of those characters came from different countries while others are connected directly to our Texas Folklore Society family tree The second section includes works that examine songs of our youth as well as the customs and social constructs associated with music whether it's on a football field or in a prison yard The works in the final section recall memories of a simpler time when cars and home appliances lacked modern conveniences we now take for granted before Facebook and YouTube allowed us to become Internet movie stars and when it was a treat just to go and visit with family and friends

*The Films of Budd Boetticher* Robert Nott, 2018-10-02 Budd Boetticher 1916-2001 was a bullfighter a pleasant madman and a talented journeyman filmmaker who could with the right material and drive create a minor Western film classic as easily as he could kill a bull Yet pain and passion naturally mixed in both endeavors Drawing on studio archives and featuring insightful interviews with Boetticher and those who worked with him this retrospective looks at each of his 33 films in detail covering his cinematic career from his days as an assistant's assistant on the set of Hal Roach comedies to his last documentary some 45 years later

**Paving the Way** Herma Hill Kay,2021-04-13 The first wave of trailblazing female law professors and the stage they set for American democracy When it comes to breaking down barriers for women in the workplace Ruth Bader Ginsburg s name speaks volumes for itself but as she clarifies in the foreword to this long awaited book there are too many trailblazing names we do not know Herma Hill Kay former Dean of UC Berkeley School of Law and Ginsburg s closest professional colleague wrote Paving the Way to tell the stories of the first fourteen female law professors at ABA and AALS accredited law schools in the United States Kay who became the fifteenth such professor labored over the stories of these women in order to provide an essential history of their path for the more than 2 000 women working as law professors today and all of their feminist colleagues Because Herma Hill Kay who died in 2017 was able to obtain so much first hand information about the fourteen

women who preceded her *Paving the Way* is filled with details quiet and loud of each of their lives and careers from their own perspectives Kay wraps each story in rich historical context lest we forget the extraordinarily difficult times in which these women lived *Paving the Way* is not just a collection of individual stories of remarkable women but also a well crafted interweaving of law and society during a historical period when women s voices were often not heard and sometimes actively muted The final chapter connects these first fourteen women to the second wave of women law professors who achieved tenure track appointments in the 1960s and 1970s carrying on the torch and analogous challenges This is a decidedly feminist project one that Justice Ruth Bader Ginsburg advocated for tirelessly and admired publicly in the years before her death
