Lady In Kicking Horse Reservoir:

The Lady in Kicking Horse Reservoir: Poems Richard Hugo, 1973-01-17 Richard Hugo's concern is the unenviable the unvisited even the uninviting which he must invest with his own deprivations his own private war The distinctiveness of impulse into his language the movement organized in single syllables by the craving mind this credible richness is related to is even derived from the poverty of the places local emanations free or freed to be the poet's own Richard Howard Richard Hugo is such an important poet because the difficulties inherent in his art provide him a means of saying what he has to say It is no accident that he must develop a negative in order to produce a true image Richard Howard *We are called human*

Michael S. Allen, 1982 **On Sacred Ground** Nicholas O'Connell, 2011-10-01 On Sacred Ground explores the literature of the Northwest the area that extends from the Pacific Ocean to the Rocky Mountains and from the forty ninth parallel to the Siskiyou Mountains The Northwest exhibits astonishing geographical diversity and yet the entire bioregion shares a similarity of climate flora and fauna For Nicholas O'Connell the effects of nature on everyday Northwest life carry over to the region's literature Although Northwest writers address a number of subjects the relationship between people and place proves the dominant one and that has been true since the first tribes settled the region and began telling stories about it thousands of years ago Indeed it is the common thread linking Chief Seattle to Theodore Roethke Narsissa Whitman to Ursula K Le Guin Joaquin Miller to Ivan Doig Marilynne Robinson to Jack London Betty MacDonald to Gary Snyder Tracing the history of Pacific Northwest literary works from Native American myths to the accounts of explorers and settlers the effusions of the romantics the sharply etched stories of the realists the mystic visions of Northwest poets and the contemporary explosion of Northwest poetry and prose O'Connell shows how the most important contribution of Northwest writers to American literature is their articulation of a more spiritual human relationship with landscape Pacific Northwest writers and storytellers see the Northwest not just as a source of material wealth but as a spiritual homeland a place to lead a rich and fulfilling life within the whole context of creation And just as the relationship between people and place serves as the unifying feature of Northwest literature so also does literature itself possess a perhaps unique ability to transform a landscape into a sacred place

The Real West Marginal Way: A Poet's Autobiography Richard Hugo, 1992-06-17 Of Richard Hugo's Making Certain It Goes On David Wagoner has written Richard Hugo spared himself and us no pains or joys in making the wonderful vigorous original poems brought together in this single collection His was and is a very important voice in modern American poetry Hugo was also an editor of the Yale Younger Poets series and a distinguished teacher and master of the personal essay Now many of his essays have been assembled and arranged by Ripley Hugo the poet's widow and a writer and teacher and Lois and James Welch writers and close friends of the poet Together the essays constitute a compelling autobiographical narrative that takes Hugo from his lonely childhood through the war years and his working and creative life to an interview just before his death in 1982 William Matthews also a friend of Hugo's has written an

introduction All Our Stories Are Here Brady Harrison, 2009-01-01 This wide ranging collection of essays addresses a diverse and expanded vision of Montana literature offering new readings of both canonical and overlooked texts Although a handful of Montana writers such as Richard Hugo A B Guthrie Jr D Arcy McNickle and James Welch have received considerable critical attention sizable gaps remain in the analysis of the state's ever growing and ever evolving canon The twelve essays in All Our Stories Are Here not only build on the exemplary foundational work of other writers but also open further interpretative and critical conversations Expanding on the critical paradigms of the past and bringing to bear some of the latest developments in literary and cultural studies the contributors engage issues such as queer ambivalence in Montana writing representations of the state in popular romances and the importance of the University of Montana's creative writing program in fostering the state's literary corpus The contributors also explore the work of writers who have not yet received their critical due take new looks at old friends and offer some of the first explorations of recent works by well established artists All Our Stories Are Here conveys a sense of continuity in the field of Western literary criticism while at the same time challenging conventional approaches to regional literature *The Power of Adrienne Rich* Hilary Holladay, 2025-04-15 A New York Times Book Review Editors Choice A comprehensive biography of one of the most acclaimed poets of her generation and a face of American feminism New York Times A major American writer thinker and activist Adrienne Rich 1929-2012 transformed herself from a traditional Radcliffe educated lyric poet and married mother of three sons into a path breaking lesbian feminist author of forceful uncompromising prose as well as poetry In doing so she emerged as an architect and exemplar of the feminist movement breaking ranks to denounce the male dominated literary establishment and paving the way for women writers to take their places in the cultural mainstream Drawing on a wealth of unpublished materials including Rich's correspondence and in depth interviews with many people who knew her Hilary Holladay provides a vividly detailed full dimensional portrait of a woman whose work and life continue to challenge and inspire new generations *The Old Formalism* Jonathan Holden, 1999-01-01 Our appreciation of American poetry is as influenced by the personas presented in the poems as by public perception of the poets themselves Emily Dickinson peeking from behind a doorway with large dark eyes is an indelible image superimposed over her spare enigmatic poems The grand gestures of Walt Whitman's voice have much to do with our reading of Song of Myself And we cannot hear Mending Wall or Mowing without thinking of the image of the rustic sly farmer poet that Robert Frost so carefully cultivated The moral authority of the poet reveals itself through the poems as well and it is crucial to the meaning of the poem Holden argues if art is to elevate life Part 1 of The Old Formalism The Practice is a close study of some of the conventions and developments in contemporary American poetry with such topics as sex and poetry rhetoricity and sensibility Holden shows lucidly how character or lack of it is revealed in poetry In Personae the second part he gives a studied reading of a group of several admired poets such as Richard Hugo Mary Kinzie Ted Kooser and William Stafford Holden uses biographical references and personal contacts with the poets to strengthen the

notion of character revealed in poetry This book takes a decided stand in the ongoing debate of the past two decades about the relationship of American poetry to American culture In an age when image dominates word and the business of poetry is nearly as celebrity laden as Hollywood Holden takes us past the media glitz backstage where the poems are waiting to be read Quite simply in a clear incisive manner he teaches us how to read well again **Making Certain It Goes On: The Collected Poems of Richard Hugo** Richard Hugo,1991-07-17 The definitive collection of a major American poet's work Richard Hugo was in James Wright's words a great poet true to our difficult life Making Certain It Goes On brings together as Hugo wished the poems published in book form during his lifetime together with the new poems he wrote in his last years

Hunting Men Dave Smith,2006-12-01 In Hunting Men poet Dave Smith reasserts the validity of poetry in our times With eloquence grace and a searching intelligence Smith illuminates both poems and poets Believing that great poetry cannot be divorced from an intimate organic link to place he builds a compelling case for the importance of southern poets Like the hunters who taught Smith as a young man patience observation and willingness to rely on his senses he leads readers on an expedition through a specific poetic place with a sure sense of direction and destination Beginning with a discussion of southern poetry that seeks to define the form and its value for a global readership the first of the book s three sections also includes reflections on Edgar Allan Poe John Crowe Ransom Robert Penn Warren and James Dickey In the second part Smith focuses on contemporary poets Richard Hugo Stephen Dunn Stephen Dobyns and Larry Levis among others In the final chapters he examines how he came to be a poet and reflects on the nature and practice of poetry Smith describes himself as a poet born and raised in the South but never entirely comfortable with the neighborhood or many of the public assumptions about southernness By describing why southern poetry is important to him he reveals why poetry matters to all of us as he asserts the moral weight of regional art My success if it occurs will be to send readers to the books of the poets where the world as they knew it waits and is full of the delights of the unglimped and known
