Ladys Visit To California 1853:

Lady's visit to California, 1853, 1950 **A Lady's Visit to California, 1853** Ida Pfeiffer, 1950 From September to December 1853 Pfeiffer traveled around California her observations included prisons Indians and mining *They Saw the Elephant* JoAnn Levy, 2013-07-17 The phrase seeing the elephant symbolized for 49 gold rushers the exotic the mythical the once in a lifetime adventure unequaled anywhere else but in the journey to the promised land of fortune California Most western myths generally depict an exclusively male gold rush Levy's book debunks that myth Here a variety of women travel work and write their way across the pages of western migrant history Choice One of the best and most comprehensive accounts of gold rush life to date San Francisco Chronicle **San Francisco, 1846-1856** Roger W. Lotchin, 1974 Kathleen Gregory Klein traces female paid professional private investigators in British Canadian and American novels revealing that the detective novel is both a reflection of and potential barrier to social change for women This edition adds sixty new female private eyes to the roster and includes an afterword that assesses the current state of the genre's new and old novels A comprehensive bibliography and a character list update the field through mid 1994 **Sophie Discovers Amerika** Robert B. McFarland, Michelle Stott James, 2014 Cultural and literary historians investigate the unique literary bridge between German speaking women and the New World examining novels films travel literature poetry erotica and photography In a 1798 novel by Sophie von La Roche a European woman swims across a cold North American lake seeking help from the local indigenous tribe to deliver a baby In a 2008 San Francisco travel guide Milena Moser the self proclaimed Patron Saint of Desperate Swiss Housewives ponders the guilty pleasures of a media saturated world Wildly disparate these two texts reveal the historical arc of a much larger literary constellation the literature of German speaking women who interact with the New World In this volume cultural historians from around the world investigate this unique literary bridge between two hemispheres focusing on New World texts written by female authors from Germany Austria or Switzerland Encompassing a broad range of genres including novels films travel literature poetry erotica and even photography the essays include women's experiences across both American continents Many of the primary literary texts discussed in this volume are available in the online collections of Sophie A Digital Library of Works by German Speaking Women <http://sophie.byu.edu> Contributors Christiane Arndt Karin Baumgartner Ute Bettray Ulrike Brisson Carola Daffner Denise M Della Rossa Linda Dietrick Silke R Falkner Maureen O Gallagher Nicole Grewling Monika Hohbein Deegen Gabi Kathfer Thomas W Kniesche Julie Koser Judith E Martin Sarah C Reed Christine Rinne Tom Spencer Florentine Strzelczyk David Tingey Petra Watzke Chantal Wright Rob McFarland and Michelle Stott James are both Associate Professors of German at Brigham Young University **Gold Seeking** David Goodman, 1994 The brave independence of the roaring days the camaraderie of the gold fields jolly diggers on a spree these are the images that have come down to us of the gold era of the 1850s in Australia and California But these images were largely shaped decades later by writers such as Henry Lawson and Bret Harte they speak of later nostalgia

rather than the experience of the time In this study of the contemporary response to the discoveries of gold in Victoria and California David Goodman argues that people at the time were apprehensive about gold rushing and the kind of society it seemed to prefigure In the chaos of the gold rushes individual self interest seemed to be all that could motivate people to any exertion And it was only the economic rationalists of the day those who believed in political economy and its promise that out of the confusion of individual self interest would come some sort of social order who could wholeheartedly endorse the gold rushes as events This is a history of the ways people talked about gold As the first full length cultural history of the gold rushes on two continents it examines the meanings of gold at the time and the narratives which were told about social disruption It locates the deeper underlying themes in the response to gold It also looks at the ways in which the dominant later memories of gold were shaped And it is about national differences about the construction of distinctive national cultures out of materials common to the British world This book should be read not only by Australian and American historians but by anyone with an interest in the cultural history of modernity

What Trouble I Have Seen David Peterson del Mar, 2009-07-01 It was 1869 and Sarah Moses with a very black eye told her father The world will never know what trouble I have seen What she'd seen was violence at the hands of her husband Does the world know any more of such things today than it did in Sarah's time Sarah it so happens lived in Oregon that Edenic state on the Pacific Coast and it is here that David Peterson del Mar centers his history of violence against wives What causes such violence Has it changed over time How does it relate to the state of society as a whole And how have women tried to stop it resist it escape it These are the questions Peterson del Mar pursues and the answers he finds are as

fascinating as they are disturbing Thousands of thickly documented divorce cases from the Oregon circuit courts let us listen to voices who often go unheard These are the people who didn't keep diaries or leave autobiographies who sometimes could not write at all Here they speak of a society that quietly condoned wife beating until the spread of an ethos of self restraint in the late nineteenth century And then Peterson del Mar finds the practice increased with a vengeance with the florescence of expressive individualism during the twentieth century What Trouble I Have Seen also traces a dramatic shift in wives response to their husbands violence Settler and Native American women commonly fought abusive mates Most wives of the late nineteenth century acted more cautiously and relied on others for protection But twentieth century privatism Peterson del Mar discovers often isolated modern wives from family and neighbors casting abused women on the mercy of the police women's shelters and most important their own resources Thus a new emphasis on self determination even as it stimulated violence among men enhanced the ability of women to resist and escape violent husbands The first sustained history of violence toward wives What Trouble I Have Seen offers remarkable testimony to the impact of social trends on the most private arrangements and the resilience of women subject to a seemingly timeless crime **California Historical**

Quarterly, 1953 Beaten Down David Peterson del Mar, 2011-10-01 Selected by Choice as an Outstanding Academic Title for 2003 The word violence conjures up images of terrorism bombings and lynchings Beaten Down is concerned with more prosaic acts of physical force a husband slapping his wife a parent taking a birch branch to a child a pair of drunken friends squaring off to establish who was the better man David Peterson del Mar accounts for the social relations of power that lie behind this intimate form of violence this white noise that has always been with us humming quietly between more explosive acts of violence Broad in its chronological and cultural sweep Beaten Down examines interpersonal violence in Washington Oregon and British Columbia beginning with Native American cultures before colonization and continuing into the mid twentieth century It contrasts the disparate ways of practicing and punishing interpersonal violence on each side of the U S Canadian border Del Mar concludes that we cannot comprehend the causes and moral consequences of a violent act without considering larger social relations of power whether between colonizers and original inhabitants between spouses between parents and children or between and among different ethnic groups The author has drawn on a vast array of vivid sources including newspaper accounts autobiographies novels oral histories historical and ethnographic publications and hundreds of detailed court cases to account for not only the relative frequency of different forms of violence but also the shifting definitions and perceptions of what constitutes violence This is a thoughtful and probing account of how and why people have hit each other and the manner in which opinion makers and ordinary citizens have censured defended or celebrated such acts Del Mar's conclusions have important implications for an understanding of violence and perceptions of violence in contemporary society **San Francisco** Michael Johns, 2018-05-15 A local rock star once said San Francisco is forty nine square miles surrounded by reality No American city has such a broad sweep of staggering views of the ocean of a huge bay

of surrounding hills or such a high opinion of its own worth San Francisco has always been rich too the city's great wealth has long underwritten the broadmindedness so vital to its charm But there is much more to the City by the Bay than money and rarefied air and in San Francisco Michael Johns intimately portrays the history and surprisingly complex sensibilities that give this small city its outsized personality Johns explores how despite its sophistication San Francisco retains a frontier quality that has always attracted seekers of fortune power pleasure refuge rebellion Yet the city is more than irreverent independent and a bit outside the law it's also historically progressive technologically innovative and open to all kinds of people and ideas As Johns shows us San Francisco is an easy place to be different a home to the Beats and the hippies a vibrant LGBT community and left wing politics the rise of Burning Man and the creation of technologies that make today's San Francisco the City of Apps From Haight Ashbury to the Tenderloin Chinatown to the Mission Johns's urban journey blends historical narrative personal reflections on the city today and a treasure trove of images for a true San Francisco treat
