**L'Affaire Famille** Tim Parise, 2013-04-22 A supertanker goes missing in the Mozambique Channel A month later it is rediscovered far out at sea by the Bourbon Busset family descendants of thirty kings and at least one pope who just happen to be yachting in the neighborhood Over the objections of their own crew and the American government the Bourbon Bussets carry the tanker into Mauritius claim a quarter of its value in admiralty court and win the case After the president of Togo disappears from his mistress s bed in the middle of the night and is mysteriously restored to her before morning he subsequently makes major alterations to Togo s annual budget and foreign policy Fortunately he doesn t have to push them through alone The other key men in his government also appear to have something to hide and thus something to gain by following his lead Although they may be more forthcoming about exactly what they are hiding with the Chinese ambassador In central Africa British reporter Tony Henderson has stumbled onto something unusual revolutionaries who not only don t want publicity for their cause they actually go to great lengths to avoid it He is gently but firmly shooed away from potential hot spots and told to go report on local agricultural complaints instead much to his chagrin The Ugandan government may be on the verge of collapse with a massive popular movement to restore the traditional kingdoms underway and no one will tell him about it On the other side of the world Dr Robert Saul a clever biochemist with a beautiful but vapid wife and a taste for ignoring patients and perjuring himself in his spare time is being courted by a major pharmaceutical firm His unpleasant personality is canceled out by one very important consideration he has developed a revolutionary antiviral called VIPER which not only cures the common cold but also HIV and everything in between The clinical trials look promising In another twenty years AIDS will have been consigned to the history books However the Bourbon Bussets have other ideas In their opinion twenty years is too long to wait and any price too high to pay for public access to the vaccine Armed with a ready supply of cash and a creative approach to private property and with their machinations stretching from Swaziland to Rome to Ciudad Juarez they go after Dr Saul themselves They want him to release the patent for the antiviral into the public domain And if he proves uncooperative well then they will have to find a way to persuade him The price of failure is twenty million

**La vérité sur l'affaire Galilée** Aimé Richardt, Jean-Gérard Théobald, 2018-06-01 Depuis le XIXe siècle la cause était entendue l'Eglise catholique avait condamné emprisonné et martyrisé Galilée un astronome génial qui avait démontré que la Terre tournait autour du Soleil ce que l'Eglise refusait d'admettre Or la réalité est tout autre Non seulement Galilée n'a jamais passé un jour en prison n'a jamais été martyrisé mais Aimé Richardt démontre en s'appuyant sur des documents irréfutables que Galilée n'a jamais prouvé la rotation de la Terre autour du Soleil et que l'Eglise était fondée à le condamner En effet les plus hautes autorités religieuses lui avaient demandé en 1616 d'apporter une preuve scientifique qui était d'ailleurs celle de Copernic ou de parler d'hypothèse et surtout de ne pas intervenir dans l'explication des textes de la Bible qui paraissaient soutenir la thèse opposée du géocentrisme Après l'avoir promis Galilée est revenu sur sa parole il a donc été jugé et condamné avec une mansuétude toute particulière réclame par le pape qui était son ami On est bien loin de l'image du martyr en proie à la persécution de l'Eglise

**King of the World** Philip Mansel, 2020-09-01 Louis XIV was a man in pursuit of glory Not content to be the ruler of a world power he wanted the power to rule the world And for a time he came tantalizingly close Philip Mansel's King of the World is the most comprehensive and up to date biography in English of this hypnotic flawed figure who continues to captivate our attention This lively work takes Louis outside Versailles and shows the true extent of his global ambitions with stops in London Madrid Constantinople Bangkok and beyond We witness the importance of his alliance with the Spanish crown and his success in securing Spain for his descendants his enmity with England and his relations with the rest of Europe as well as Asia Africa and the Americas We also see the king's effect on the two great global diasporas of Huguenots and Jacobites and their influence on him as he failed in his brutal attempts to stop Protestants from leaving France Along the way we are enveloped in the splendor of Louis's

court and the fascinating cast of characters who prostrated and plotted within it King of the World is exceptionally researched drawing on international archives and incorporating sources who knew the king intimately including the newly released correspondence of Louis's second wife Madame de Maintenon Mansel's narrative flair is a perfect match for this grand figure and he brings the Sun King's world to vivid life This is a global biography of a global king whose power was extensive but also limited by laws and circumstances and whose interests and ambitions stretched far beyond his homeland Through it all we watch Louis XIV progressively turn from a dazzling attractive young king to a belligerent reactionary who sets France on the path to 1789 It is a convincing and compelling portrait of a man who three hundred years after his death still epitomizes the idea of le grand monarque
