## **Laghia De La Mort:**

*Rhythms* Elizabeth Lindley,Laura McMahon,2008 Drawing on thinkers such as Deleuze and Guattari Kristeva Lefebvre Meschonnic and Virilio this book explores the concept of rhythms in relation to questions of temporality and the everyday technology and the city poetry and autobiography space and the body in performance   *Childhood, Autobiography and the Francophone Caribbean* Louise Hardwick,2013-04-04 This book explores a major modern turn in Francophone Caribbean literature towards rewrites of enfance narratives of childhood and asks why this occurred post 1990   *Different Drummers* Martin Munro,2010-07-16 Munro argues in an informed and imaginative way that greater attention should be paid to the recurring sonic elements of black cultures in the new world Different Drummers provides profound insights into the importance of rhythm as a marker of resistance and a dynamic facet of everyday life across Caribbean literatures and in African American music J Michael Dash New York University Munro takes us on a fascinating journey through the music of poetry and the poetry of music beautifully tying together the cultures and literary texts of a range of Caribbean societies Laurent Dubois author of Soccer Empire The World Cup and the Future of France   The Literary Mirroring of Aboriginal Australia and the Caribbean Dashiell Moore,2025-05-15 The Literary Mirroring of Aboriginal Australia and the Caribbean challenges the structural opposition of indigeneity and creolisation through a historical and literary analysis of the connections between the First and Last of the New Worlds Australia and the Caribbean Dashiell Moore explores the continuities between indigenous and creole lifeworlds in the work of renowned Caribbean writers such as Edward Glissant Wilson Harris Sylvia Wynter and Kamau Brathwaite and prominent Aboriginal Australian writers including Alexis Wright Ali Cobey Eckermann and Lionel Fogarty Common to these authors is their reimagining of the inter colonial other as a mirror image This image achieved through opacity and projection visualises in creative ways both the movement to indigenisation in post independence Caribbean literature and the inter indigenous encounters of Aboriginal Australian literature By upending the antipodean relationship of the Caribbean and Australia this groundbreaking study offers radically new perspectives on the world generated by literary relation   Contemporary Art and Feminism Jacqueline Millner,Catriona Moore,2021-07-05 This important new book examines contemporary art while foregrounding the key role feminism has played in enabling current modes of artmaking spectatorship and theoretical discourse Contemporary Art and Feminism carefully outlines the links between feminist theory and practice of the past four decades of contemporary art and offers a radical re reading of the contemporary movement Rather than focus on filling in the gaps of accepted histories by adding the missing female queer First Nations and women artists of colour the authors seek to revise broader understandings of contemporary practice by providing case studies contextualised in a robust art historical and theoretical basis Readers are encouraged to see where art ideas come from and evaluate past and present art strategies What strategies materials or tropes are less relevant in today's networked event driven art economies What strategies and themes should we keep hold of or develop in new ways This is a

significant and innovative intervention that is ideal for students in courses on contemporary art within fine arts visual studies history of art gender studies and queer studies   **Joseph Zobel** Louise Hardwick,2018-03-27 Joseph Zobel is one of the best known Francophone Caribbean authors and is internationally recognised for his novel La Rue Cases N gres 1950 Through a series of close readings with supporting references drawn from his published short stories poetry and diaries Joseph Zobel N gitude and the Novel generates new insights into Zobel s highly original decision to develop N gitude s project of affirming pride in black identity by turning to the novel   **Fighting for Honor** T. J. Desch-Obi,2021-04-12 A groundbreaking investigation into the migration of martial arts techniques across continents and centuries The presence of African influence and tradition in the Americas has long been recognized in art music language agriculture and religion T J Desch Obi explores another cultural continuity that is as old as eighteenth century slave settlements in South America and as contemporary as hip hop culture In this thorough survey of the history of African martial arts techniques Desch Obi maps the translation of numerous physical combat techniques across three continents and several centuries to illustrate how these practices evolved over time and are still recognizable in American culture today Some of these art traditions were part of African military training while others were for self defense and spiritual discipline Grounded in historical and cultural anthropological methodologies Desch Obi s investigation traces the influence of well delineated African traditions on long observed but misunderstood African and African American cultural activities in North America Brazil and the Caribbean He links the Brazilian martial art capoeira to reports of slave activities recorded in colonial and antebellum North America Likewise Desch Obi connects images of the kalenda African stick fighting techniques to the Haitian Revolution Throughout the study Desch Obi examines the ties between physical mastery of these arts and changing perceptions of honor Including forty five illustrations this rich history of the arrival and dissemination of African martial arts in the Atlantic world offers a new vantage for furthering our understanding of the powerful influence of enslaved populations on our collective social history   [Library of Congress Catalogs](#) Library of Congress,1980   **Autofiction and Advocacy in the Francophone Caribbean** Renée Larrier,2020-03-23 Very refreshing in the understanding of Caribbean literature Succeeds in blending close readings of specific texts with a constant awareness of the larger picture From a theoretical complexity that calls on Glissant Fanon Ngugi Benito Rojo among others this profoundly human exploration of autofiction and advocacy in Francophone Caribbean literature study does not succumb to the temptation of theory that is she does not demand texts illustrate a rigid theoretical frame the reverse is true throughout the study Cilas Kemedjio University of Rochester Larrier breaks new ground in analyzing first person narratives by five Francophone Caribbean writers Joseph Zobel Patrick Chamoiseau Gisele Pineau Edwidge Danticat and Maryse Conde that manifest distinctive interaction among narrators protagonists characters and readers through a layering of voices languages time sources and identities Employing the Martinican combat dance danmye as a trope the author argues that these narratives can be read as testimony to the legacy

of slavery colonialism and patriarchy that denied Caribbean people their subjectivity In chapters devoted to Zobel Chamoiseau Pineau Danticat and Conde who come from Martinique Guadeloupe and Haiti Larrier probes the presence construction and strategy of the first person narrator which sometimes shifts within the text itself Providing a perspective different from European travel literature these texts deliberately position the I as a witness and or performer who articulates experiences ignored or misinterpreted by sojourners more widely circulated chronicles While not purporting to speak for others the I is concerned with transmitting what he or she saw heard experienced or endured therefore disrupting conventional representations of the Francophone Caribbean Moreover in modeling authenticity and agency autofiction is also a form of advocacy   **Caribbean and Latin America** Ulrich Fleischmann,Ineke Phaf-Rheinberger,1987   *Africana*

*Gisèle Pineau's Works* Lisa Connell,Delphine Gras,2022-10-20 As one of the most prominent voices from and about the French Caribbean Gis le Pineau has garnered significant scholarly attention however this interest has culminated in precious few volumes devoted entirely to the author and her work In response to this lack of in depth critical attention Reimagining Resistance in Gis le Pineau s Works brings together a range of perspectives from both sides of the Atlantic and across the Pacific to explore the unique ways in which Gis le Pineau s works redefine the concept of resistance particularly as it relates to gender race history and Antillean identity As this volume ultimately demonstrates resistance holds up a mirror to the political economic and cultural forces that have shaped the past construct the present and build the future It argues that Pineau s characters open the narrative frame for reading them and move us beyond the categories of the wholly defiant or the inherently complicit Above all as they invite us to reimagine resistance they expose our expectations and hopefully shift our understanding about what it means to rise and to fall in a world we seek to call our own **Journal of West Indian Literature** ,2002   **Philologica Pragensia** ,1989
