Lake Boon Postcard History Postcard History:

Lake Boon Lewis Halprin, Alan Kattelle, 2005 Lake Boon is a beautiful 65 acre lake located west of Boston Beginning in the 1920s its accessibility from Boston and western suburbs via two railroads made it a popular vacation spot Attracted by its natural beauty a lively and decorous summer community grew and returned year after year to enjoy boating bathing fishing and many other activities Photographers were also attracted to the lake and many of their images became postcards used by the lake residents and visitors to send to friends and relatives Through vintage postcards Lake Boon is a visual journey around the lake as it looked in the early 1900s *Beyond Walden* Robert Thorson, 2009-07-01 Acclaimed geologist Robert Thorson has been fascinated by kettle lakes ever since his youth in the upper Midwest As with historic stone walls each kettle lake has a story to tell and each is emblematic of the interplay between geology and history *Beyond Walden* covers the natural history of kettle lakes a band of small lakes that extends from the prairie potholes of Montana to the cranberry bogs of Cape Cod Kettle lakes were formed by glaciers and are recognizable by their round shape and deep waters Kettles are the most common and widely distributed species of natural lake in the United States They have no inlet or outlet streams so they are essentially natural wells tapping the groundwater Isolated from one another each lake has its own personality and is vulnerable to pollution and climate warming The most famous kettle lake is Walden Pond in Concord Massachusetts but northern Wisconsin Michigan and Minnesota are most closely associated with them These lakes have had a tremendous impact on the livelihood and lifestyles of peoples of the area Native Americans early explorers and settlers and the locals and tourists who now use the lakes for recreation Thorson explores lake science how kettle lakes are different from other lakes what it takes to keep all lakes healthy how global warming and other factors affect lakes *Beyond Walden* has a strong environmental message and will do for the kettle lakes of America's Heartland and beyond what *Stone by Stone* did for the historic stone walls of New England **Maynard** Paul Boothroyd, Lewis Halprin, 2006-03-01 Maynard was incorporated in 1871 as a manufacturing community By 1880 it was one of the most influential towns in Massachusetts As the population boomed from an expansion in business postcards became the substantial method of communication Local photographers took advantage of the events pictorial venues and influx of immigrants and visitors to create many unusual postcards of Maynard Through vintage postcards Maynard shows how this town once a farming community has retained its friendly small town character **American Book Publishing Record** R.R. Bowker Company, 1978 *Minnesota in the Mail* Bonnie Wilson, 2004 Wilson highlights both the images and the curious stories behind them Using 185 postcards selected from the extensive collection of the Minnesota Historical Society she helps readers understand the needs and wants of postcard makers and senders at the same time sharing historical details that go beyond the captions and messages The postcards are grouped in four categories towns businesses families and vacations *Hudson* Lewis Halprin, Hudson Historical Society, 2008-11-24 Hudson began in 1699 as a cluster of small industries in the northern part of the town of Marlborough

situated by the swift flowing Assabet River Through the years the industries prospered and the largely immigrant workers began to bring their families to America from overseas New homes were soon built for these families as stores churches and schools sprang up around town As this factory neighborhood progressed and became self reliant residents petitioned the state government to become their own independent town Because of their efforts the town of Hudson was incorporated in 1866

Mackinaw City Madeline Okerman Adie,2007 Rich in history magnificent in scenery and abundant in hospitality Mackinaw City lies at the very tip of Michigan s Lower Peninsula and is the area s own majestic playground From early Native American settlements French explorers and fur traders to Mackinaw City founding father Edgar Conkling s vision to build a business center upon the south shore of the Mackinac Straits Mackinaw City does not disappoint anyone who visits it Due to its strategic location on the crossroads of the Great Lakes this area has always been a gathering place for early inhabitants When the railroad arrived in the late 1800s it provided needed transportation with unique railroad and car ferries to and from Michigan s Upper Peninsula Today Mackinaw City still enjoys the distinction of being one of the most popular historical resort areas in Michigan Through the insight of talented individuals who had the foresight to capture history with the interesting and colorful medium of the postcard one is able to learn and smile at Mackinaw days gone by

Fathers and Sons in the English Middle Class, c. 1870-1920 Laura Ugolini,2021-03-31 This book explores the relationship between middle class fathers and sons in England between c 1870 and 1920 We now know that the conventional image of the middle class paterfamilias of this period as cold and authoritarian is too simplistic but there is still much to be discovered about relationships in middle class families Paying especial attention to gender and masculinities this book focuses on the interactions between fathers and sons exploring how relationships developed and masculine identities were negotiated from infancy and childhood to adulthood and old age Drawing on sources as diverse as autobiographies oral history interviews First World War conscription records and press reports of violent incidents this book questions how fathers and sons negotiated relationships marked by shifting relations of power as well as by different combinations of emotional entanglements obligations and ties It explores changes as fathers and sons grew older and assesses fathers role in trying to mould sons masculine identities characters and lives It reveals negotiation and compromise as well as rebellion and conflict underlining that fathers and sons were important to each other their relationships a significant if often overlooked aspect of middle class men s lives and identities
