Lake Placid And North Elba A History 18:

Olympic Winter Games, 1980, Lake Placid, North Elba and Wilmington and Vicinity, 1977 *A History of the Adirondacks* Alfred Lee Donaldson, 1921 Genealogical and Family History of Northern New York William Richard Cutter, 1910 Rural Indigenouness Melissa Otis, 2018-12-20 The Adirondacks have been an Indigenous homeland for millennia and the presence of Native people in the region was obvious but not well documented by Europeans who did not venture into the interior between the seventeenth and early nineteenth centuries Yet by the late nineteenth century historians had scarcely any record of their long lasting and vibrant existence in the area With *Rural Indigenouness* Otis shines a light on the rich history of Algonquian and Iroquoian people offering the first comprehensive study of the relationship between Native Americans and the Adirondacks While Otis focuses on the nineteenth century she extends her analysis to periods before and after this era revealing both the continuity and change that characterize the relationship over time Otis argues that the landscape was much more than a mere hunting ground for Native residents rather it a location of exchange a space of interaction where the land was woven into the fabric of their lives as an essential source of refuge and survival Drawing upon archival research material culture and oral histories Otis examines the nature of Indigenous populations living in predominantly Euroamerican communities to identify the ways in which some maintained their distinct identity while also making selective adaptations exemplifying the concept of survivance In doing so *Rural Indigenouness* develops a new conversation in the field of Native American studies that expands our understanding of urban and rural indigeneity **Environment, Space, Place - Volume 5, Issue 2 (Fall 2013)** C.
