Gothic Novels of the Twentieth Century Elsa J. Radcliffe, 1979 Easy to use competently indexed and fun to explore this bibliography is an irresistible antidote for all forms of gothic snobbery Recommended for gothophiliacs gothophobiacs and readers with idle nights and empty weekends *Wedding, Gender, and Performance in Ancient Greece* Andromache Karanika, 2024-09-11 *Wedding Gender and Performance in Ancient Greece* traces the wedding song tradition its imagery and its tropes as a genre that became crystallized throughout the ages It explores how wedding poetics permeates ancient Greek literature It first analyzes how explicit or implicit matrimonial references shape archaic epic diction and become an integral part of epic discourse orally circulating texts such as wedding songs could have a life of their own but beyond their original context could also become an integral part of a different genre especially epic and drama This author discusses the multiple

platforms that enrich the wedding song tradition including children's songs, hymns, paeans and ululations arguing for a combination of ritualized discourse with ludic childhood poetics. With an approach from cognitive and trauma studies such references can be more revealing of the female experience than previously acknowledged. This book resists the idea that a wedding constitutes an initiation ritual arguing that what on the surface may seem like a transition to a new phase reveals other underlying trends that work against the concept of a passage. It further considers how emotion is staged and revisits the poetics of return by looking at patterns such as the eloping, returning, failed and dead bride. Finally, the theme of separation and return as an exemplification of a distinct female *nostos* is revisited in female authored poetry which helps us decode the complex interweaving of wedding performances and lamentation among other types of performance. **Anthony Boucher** Jeffrey Marks, 2015-02-16 American author, editor and critic William Parker White better known to most as Anthony Boucher made countless contributions to the fields of mystery and science fiction. After beginning his career as a mystery writer at 16, Boucher went on to become a New York Times mystery critic, a host for several radio programs and the founding editor of *The Magazine of Fantasy and Science Fiction*. This comprehensive biobibliography places particular emphasis on the writings and edited publications that established his reputation among readers of science fiction. Several appendices include complete bibliographic citations for Boucher's novels, articles, short stories, unpublished works, reviews, radio plays, anthologies, translations and other written works. *Twentieth Century Crime & Mystery Writers* NA, 2015-12-25 **La Nijinska** Lynn Garafola, 2022 La Nijinska is the first biography of twentieth century ballet's premier female choreographer, shedding new light on the modern history of ballet and recuperating the memory of lost works and forgotten artists, all while revealing the sexism that still confronts women choreographers in the ballet world. **Performing Grief** Anne E. McLaren, 2020-02-29 This is the first in-depth study of Chinese bridal laments, a ritual and performative art practiced by Chinese women in premodern times that gave them a rare opportunity to voice their grievances publicly. Drawing on methodologies from numerous disciplines including performance arts and folk literatures, the author suggests that the ability to move an audience through her lament was one of the most important symbolic and ritual skills a Chinese woman could possess before the modern era. *Performing Grief* provides a detailed case study of the Nanhui region in the lower Yangtze delta. Bridal laments, the author argues, offer insights into how illiterate Chinese women understood the kinship and social hierarchies of their region, the marriage market that determined their destinies and the value of their labor in the commodified economy of the delta region. The book not only assesses and draws upon a large body of sources, both Chinese and Western, but is grounded in actual field work, offering both historical and ethnographic context in a unique and sophisticated approach. Unlike previous studies, the author covers both Han and non-Han groups and thus contributes to studies of ethnicity and cultural accommodation in China. She presents an original view about the ritual implications of bridal laments and their role in popular notions of wedding pollution. The volume includes an annotated translation from a lament.

cycle This important work on the place of laments in Chinese culture enriches our understanding of the social and performative roles of Chinese women the gendered nature of China's ritual culture and the continuous transmission of women's grievance genres into the revolutionary period As a pioneering study of the ritual and performance arts of Chinese women it will be of interest to scholars and students in the fields of anthropology social history gender studies oral literature comparative folk religion and performance arts

My Wedding Dress Susan Whelehan, Anne Laurel Carter, 2010-07-23 In the tradition of beloved anthologies of women's essay writing this collection offers twenty six true stories from well known writers and fresh new literary voices writing about a touchstone garment in a woman's life the wedding dress These are intimate stories about relationships not just those between men and women but between women and their mothers friends and children And of course with their wedding attire a relationship that is sometimes simple sometimes complex but always fascinating in what it tells us about individual lives and aspirations Some of the tales are humorous the bride whose skin turns fuchsia on her wedding night or the woman whose shopping savvy aunt takes her to New York's garment district Some are romantic the woman who puts on her dress eight years after her wedding only to be caught by her husband when he comes home early from work or the quickie immigration wedding that turned into the real thing Some are devastating the bride who loses her mother to illness only days before her wedding or the woman whose mother tells of being kidnapped by her future husband And some are revealing the woman who wears her first wedding dress for her initiation ceremony into a convent and her second to marry her beloved the dress that waited patiently in a shop window and then hidden in a box on a closet shelf the same sex wedding at age eighty the thrift shop wedding dress that gets used for everything but a wedding All are honest personal and profoundly moving

Something Old looks at how traditions like honouring one's ancestors affected wedding dress choices from a grandmother's gift to a father's old leather jacket but also at how such traditions can play a role in ways you least expect The pieces in Something New focus on dreams for the future whether that means breaking away from the expectations of one's family or choosing creating a wedding dress and a future on your own In Something Borrowed writers tell of all the reasons behind borrowing or trying to borrow dresses for whatever reason and Something Blue Or Peach Or Striped Or Floral looks at exactly that the non traditional choices women have made and why These stories run the gamut of experiences connected to the iconic dress and day If we work away at the seams even the simplest of wedding outfits reveals all manner of memories and meanings And whether you've ever worn a wedding dress or not the stories in this collection will have you looking with new eyes on your own life and exploring what the words wedding dress mean to you
