Banker, 2018-09-17 Ferenc Morton Szasz was a lifelong student who became a professor of history at the University of New Mexico As a one year appointment at the Albuquerque campus evolved into a forty year career Szasz glimpsed the predictable unpredictability that he would eventually discern as one of history s most enduring and elusive traits The connections and consequences along the way forged a truly exceptional life and career A master of the United States history survey Szasz enthralled and inspired tens of thousands of students with energy enthusiasm provocative insights and good will Ambitious undergraduates regularly vied with graduate students for coveted seats in his upper level courses where he offered insights into World War II American religious history and popular culture Szasz s interests he insisted were the ideas of the people and how they shift over time In an era when historical scholarship became increasingly specialized he pursued an eclectic array of research interests and challenged his doctoral students to do the same The ten selections of Szasz s writings that are the primary content of this

volume balance insights into history s great moments with attention to events and details often overlooked by more conventional historians Szasz s crisp accessible prose reveals both the unique and universal in the human experience and offers heartfelt glimpses into humanity s paradoxical promises and perils Back cover An American Teacher in **Argentina** Julyan G. Peard, 2016-07-27 An American Teacher in Argentina tells the story of Mary E Gorman who in 1869 was the first North American woman to accept President Domingo F Sarmiento s invitation to set up normal schools in Argentina where she eventually settled An ordinary historical actor whose life only sometimes enters the historical record she moved along the fault lines of some of the greatest historical dramas and changes in nineteenth century US and Argentine history she was a pioneering child on the US Indian frontier she participated in the push for US women s education she was a single woman traveler at a time when few women traveled alone she was a player in an Argentine attempt to expand common school education and a beneficiary of the great primary products export boom in the second half of nineteenth century Argentina and thus well positioned to enjoy the country's Belle poque The book is not a straightforward biographical narrative of a woman's life It charts a life but more important it charts the evolving ideas in a life lived mostly among people pushing boundaries in pursuit of what they considered progress What emerges is a quintessentially transnational life story that engages with themes of gender education religion contact with indigenous peoples in both the US and Argentina natural history and economic and political change in Argentina in the second half of the nineteenth century Because the book tells a good story about one woman's rich and eventful life it will also appeal to an audience beyond academe The Second Wave Allan Figueroa Deck, 1989 A critical overview of Hispanic ministry in the United States its major issues and implications of this increasingly important area of concern for the U S Church and society Big Bend's Ancient and Modern Past Bruce A.
