**Land of Contrast** Frederic J. Athearn,1985      Peru a land of contrast Millicent Todd, Millicent Todd Bingham 1880-1968 was an American geographer and author. She was the first woman to be awarded a doctorate in the department of geology and geography from Harvard University. She was concerned about the protection of the environment and donated an island belonging to her family to the Audubon Society as a wildlife sanctuary. She was the author of *Peru A Land of Contrasts* 1914      Mexico Otherwise Jürgen Buchenau,2005. A diverse collection of observations on nineteenth and twentieth century Mexico by non-Mexican authors      1898 David Traxel,2009-09-23. In 1898: The Birth of the American Century, David Traxel tells the story of a watershed year—a year of foreign conflict, extravagant adventure, and breakneck social change that forged a new America: a sudden empire with many far-flung possessions, a dynamic new player upon the global stage. At the heart of this vivid anecdotal history is a masterly account of the Spanish American War, the splendid little war that garnered the nation Guam, Puerto Rico, and the Philippines. From the sinking of the *Maine* in waters off Havana to Teddy Roosevelt's rough riders and the triumph of Admiral Dewey, here is the lightning-swift military episode that transformed America into a world power. Here, too, are many stories not so often told: the bloody first successes of the new United Mine Workers; the tentative beginnings of the Ford Motor Company; the million-dollar launch of the *Uneeda Biscuit*, each in its way as important as the harbinger of the American century. Compulsively readable, frequently humorous, utterly fascinating in its every detail, 1898 is popular history at its finest.
