The Anthropocene David R. Butler,2021-12-21 This book is devoted to the Anthropocene the period of unprecedented
human impacts on Earth s environmental systems and illustrates how Geographers envision the concept of the Anthropocene
This edited volume illustrates that geographers have a diverse perspective on what the Anthropocene is and represents The
chapters also show that geographers do not feel it necessary to identify only one starting point for the temporal onset of the
Anthropocene Several starting points are suggested and some authors support the concept of a time transgressive
Anthropocene Chapters in this book are organized into six sections but many of them transcend easy categorization and
could have fit into two or even three different sections Geographers embrace the concept of the Anthropocene while defining
it and studying it in a variety of ways that clearly show the breadth and diversity of the discipline This book will be of great
value to scholars researchers and students interested in geography environmental humanities environmental studies and
anthropology The chapters in this book were originally published as a special issue of the journal *Annals of the American*
