A Study of the Irish Land Question

PHILIP BULL

Land Politics Nationalism A Study Of The Irish Land Question

Alvin Jackson

Land Politics Nationalism A Study Of The Irish Land Question:

Land, Politics and Nationalism Philip Bull,1996 This is a history of the Irish land question surveying its evolution from the Famine to the eve of the Second World War Arguably the land question was even more urgent in the eyes of ordinary people than the national question which indeed it came largely to subsume **Michael Davitt** Carla King,2009 This short biography outlines the scope of Davitt s great interests and achievements **The Oxford Handbook of Modern Irish History** Alvin Jackson,2014-03-27 The study of Irish history once riven and constricted has recently enjoyed a resurgence with new practitioners new approaches and new methods of investigation The Oxford Handbook of Modern Irish History represents the diversity of this emerging talent and achievement by bringing together 36 leading scholars of modern Ireland and embracing 400 years of Irish history uniting early and late modernists as well as contemporary historians The Handbook offers a set of scholarly perspectives drawn from numerous disciplines including history political science literature geography and the Irish language It looks at the Irish at home as well as in their migrant and diasporic communities The Handbook combines sets of wide thematic and interpretative essays with more detailed investigations of particular periods Each of the contributors offers a summation of the state of scholarship within their subject area linking their own research insights with assessments of future directions within the discipline In its breadth and depth and diversity The Oxford Handbook of Modern Irish History offers an authoritative and vibrant portrayal of the history of modern Ireland **Politics and the Irish Working Class, 1830-1945** Donal Ó Drisceoil,F. Lane,2005-09-30 This book is the first ever collection of scholarly essays on the history of the Irish working class It provides a comprehensive introduction to the involvement of Irish workers in political life and movements between 1830 and 1945 Fourteen leading Irish and international historians and political scientists trace the politicization of Irish workers during a period of considerable social and political turmoil The contributions include both surveys covering the entire period and case studies that provide new perspectives on crucial historical movements and moments This volume is a milestone in Irish labour and political historiography and an important contribution to the international literature on politics and the working class **Historical Dictionary of Ireland** Frank A. Biletz,2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of Historical Dictionary of Ireland is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland Charles Stewart Parnell and His Times N. C. Fleming,Alan

O'Day,2011-07-06 Charles Stewart Parnell 1846 1891 wrote remarkably little about himself but he has attracted the attention of many writers politicians and scholars both during his lifetime and ever since His controversial and provocative role in Irish and British affairs had him vilified as a murderer in The Times and afterwards dramatically vindicated by the Westminster Parliament It cast him as a romantic hero to the young James Joyce and a self serving opportunist to the journalists of the Nation Parnell has been the subject of court cases parliamentary enquiries and debates journalism plays poems literary analysis and historical studies For the first time all these have been collected catalogued and cross referenced in one volume an invaluable resource for scholars of late nineteenth century Ireland and Britain Divided into fifteen chapters including a biographical sketch the volume contains information on manuscript and archival collections printed primary sources Parnell s writing Parnell s speeches in the House of Commons and outside Parliament contemporary journalism contemporary writing and contemporary illustrations on Irish affairs and a substantial list of scholarly work including biographies books articles chapters and theses This volume offers readers a clear record of the substantial material already available on Parnell and in doing so offers resources to future research in this area

Ireland since 1800 K.Theodore Hoppen,2013-12-02 The second edition of this bestselling survey of modern Irish history covers social religious as well as political history and offers a distinctive combination of chronological and thematic approaches

Irish Freedom Richard English,2008-09-04 Richard English s brilliant new book now available in paperback is a compelling narrative history of Irish nationalism in which events are not merely recounted but analysed Full of rich detail drawn from years of original research and also from the extensive specialist literature on the subject it offers explanations of why Irish nationalists have believed and acted as they have why their ideas and strategies have changed over time and what effect Irish nationalism has had in shaping modern Ireland It takes us from the Ulster Plantation to Home Rule from the Famine of 1847 to the Hunger Strikes of the 1970s from Parnell to Pearse from Wolfe Tone to Gerry Adams from the bitter struggle of the Civil War to the uneasy peace of the early twenty first century Is it imaginable that Ireland might as some have suggested be about to enter a post nationalist period Or will Irish nationalism remain a defining force on the island in future years a courageous and successful attempt to synthesise the entire story between two covers for the neophyte and for the exhausted specialist alike Tom Garvin Irish Times

Hegemony and Fantasy in Irish Drama, 1899-1949 P. Murphy,2015-12-04 Hegemony and Fantasy in Irish Drama 1899 1949 offers a theoretically innovative reconsideration of drama produced in the Irish Renaissance as well as an engagement with non canonical drama in the under researched period 1926 1949

A History of Irish Working-Class Writing Michael Pierse,2018 Michael Pierse is Lecturer in Irish literature at Queen s University Belfast His research mainly explores the writing and cultural production of Irish working class life Over recent years this work has expanded into new multidisciplinary themes and international contexts including the study of festivals digital methodologies in public humanities and theatre as research practices Michael has contributed to a range of national and international publications is the author

of Writing Ireland's Working Class Dublin after O'Casey 2011 and has been awarded several Arts and Humanities Research Council awards and the Vice Chancellor's Award at Queen's

A Brief History of Ireland Richard Killeen, 2012-01-19 From the dawn of history to the decline of the Celtic Tiger how Ireland has been shaped over the centuries Ireland has been shaped by many things over the centuries geography war the fight for liberty A Brief History of Ireland is the perfect introduction to this exceptional place its people and its culture Ireland has been home to successive groups of settlers Celts Vikings Normans Anglo Scots Huguenots It has imported huge ideas none bigger than Christianity which it then re-exported to Europe after the fall of the Roman Empire In the Tudor era it became the first colony of the developing English Empire Its fraught and sometimes brutal relationship with England has dominated its modern history Killeen argues that religion was decisive in all this Ireland remained substantially Catholic setting it at odds with the larger island culturally religiously and politically But its own culture and identity have stayed strong most obviously in literature with a magnificent tradition of writing from the Book of Kells to the modern masters Joyce Yeats Beckett and Heaney

Power and Powerlessness in Union Ireland Ciaran O'Neill, 2024-11-20 The history of Union Ireland is typically told through its best known historical events and leaders from the 1798 Rising the Great Famine and the Irish Revolution to Parnell and De Valera and as moments of sectarian division and high parliamentary politics Instead Ciaran O'Neill here makes the case for a broader more inclusive and decentred approach that emphasizes transnational phenomena a settler colonial diaspora and minority groups on the island Through the lenses of power and powerlessness he demonstrates that the received historiographical wisdoms suffer from several misconceptions on the one hand they misconstrue the nature of power and the powerful perpetuating historical myths about the ungovernability of Ireland After securing the Union the British state proceeded to govern Ireland with less and less certainty of ever persuading its citizens of its legitimacy Despite all reforms and investment there was a widespread sense that Ireland would never recover and be a willing partner in the Union And on the other hand they take at face value the nature of the so called powerless ignoring the myriad ways in which marginalized and diasporic groups negotiated and asserted their agency during the Union period influencing and transforming the powerful centre in the process The result is an untraditional and thought provoking reappraisal of Union Ireland that raises important questions about colonialism and resistance of what it means to govern and be governed and the long lasting legacies of the spaces in between

The Culture of Property Jordanna Bailkin, 2004-07-15 What kind of property is art Is it property at all Jordanna Bailkin's The Culture of Property offers a new historical response to these questions examining ownership disputes over art objects and artifacts during the crisis of liberalism in the United Kingdom From the 1870s to the 1920s Britons fought over prized objects from ancient gold ornaments dug up in an Irish field to a portrait of the Duchess of Milan at the National Gallery in London They fought to keep these objects in Britain to repatriate them to their points of origin and even to destroy them altogether Bailkin explores these disputes in order to investigate the vexed status of property within modern British politics as well as the often

surprising origins of ongoing institutional practices Bailkin's detailed account of these struggles illuminates the relationship between property and citizenship which has constituted the heart of liberal politics as well as its greatest weakness Drawing on court transcripts gallery archives exhibition reviews private correspondence and a striking series of cartoons and photographs *The Culture of Property* traverses the history of gender material culture urban life colonialism Irish and Scottish nationalism and British citizenship This fascinating book challenges recent scholarship in museum studies in light of ongoing culture wars It should be required reading for cultural policy makers museum professionals and anyone interested in the history of art and Britain

The Strong Spirit Andrew Gibson, 2013-02-28 Scholarly accounts of Joyce's early work have traditionally resorted to two historical keys to try to unlock it a concept of the Dublin and Ireland in which he grew to adulthood as stagnant and backward and an emphasis on 1904 the year of the supposedly crucial break in which Joyce quit Ireland for continental Europe and could begin his great modernist literary project But modernist or no Joyce's works are always about Ireland and he remained vitally in touch with Irish historical developments throughout his life This study aims to be the first comprehensive historicisation of Joyce's writings 1898-1915 in relation to the distinct phases and shifting currents of British Irish history during the period At the turn of the century when a concept of national resurgence is much in the Irish air in his earliest essays Joyce meditates on art as an anti colonial and emancipatory project that addresses questions of freedom and justice in its own distinctive way His early essays produce a compelling declaration of a principle of autonomy at a specific historical moment in a colonial culture However successive historical events the crises surrounding the Land Act the United Irish League and Devolution the election of 1906 the Third Home Rule Bill crisis call the emancipatory project ever more sharply into question Thus the strong spirit which Joyce had initially thought might transcend and even conquer the effects of history becomes indissolubly wedded to radical historical scepticism Through *Dubliners* *Stephen Hero* the *Triestine Writings* and *A Portrait of the Artist as a Young Man* to *Exiles* Joyce responds to his predicament by examining recent Irish history and the place of the intellectual and artist within it in a variety of extremely subtle and complex or in Joycean terms labyrinthine forms of writing

The Political Economy of British Historical Experience, 1688-1914 Donald Winch, Patrick O'Brien, British Academy, 2002 How did Britain emerge as a world power and later as the world's first industrial society What policies cultural practices and institutions were responsible for this outcome How were the inevitable disruptions to social and political life coped with This innovative volume illustrates the contribution of economic thinking scientific official and popular to the public understanding of British economic experience over the period 1688-1914 Political economy has frequently served as the favourite mode of public discourse when analysing or justifying British economic policies performance and institutions These sixteen essays centering on the peculiarities of the British experience are grouped under five main themes foreign assessments of that experience land tenure empire and free trade fiscal and monetary regimes and the poor law and welfare This is a collaborative endeavour by historians with

established reputations in their field which will appeal to all those interested in the current development of these branches of historical scholarship *The Centenary of the Irish Free State Constitution* Laura Cahillane, Donal K. Coffey, 2024-03-12 This book deals with the role development and legacy of the first Constitution of independent Ireland within the wider context of the establishment of the State After decades of relative neglect the 1920s have been receiving increased attention from historians recently thanks to the centenary of the State's foundation This book continues this trend of re-examination of this period and looks at key themes such as the establishment of institutions under the Irish Free State Constitution and the focus on the ideals of popular sovereignty and democracy It does so from novel and cross-disciplinary perspectives and it also looks at areas which have received little to no previous attention from individual aspects like property rights the Irish language and environmental rights to aspects such as opposition and partition **Imperial spaces** Lindsay Proudfoot, Dianne Hall, 2013-07-19 *Imperial spaces* takes two of the most influential minority groups of white settlers in the British Empire the Irish and the Scots and explores how they imagined themselves within the landscapes of its farthest reaches the Australian colonies of Victoria and New South Wales Using letters and diaries as well as records of collective activities such as committee meetings parades and dinners the book examines how the Irish and Scots built new identities as settlers in the unknown spaces of Empire Utilizing critical geographical theories of place as the site of memory and agency it considers how Irish and Scots settlers grounded their sense of belonging in the imagined landscapes of south east Australia *Imperial spaces* is relevant to academics and students interested in the history and geography of the British Empire Australia Ireland and Scotland *Ireland 1798-1998* Alvin Jackson, 2010-04-26 Receiving widespread critical acclaim when first published *Ireland 1798-1998* has been revised to include coverage of the most recent developments Jackson's stylish and impartial interpretation continues to provide the most up to date and important survey of 200 years of Irish history A new edition of this highly acclaimed history of Ireland reflecting both the very latest political developments and growth of scholarship Jackson provides a balanced and authoritative account of the complex political history of modern Ireland Draws on original research and extensive reading of the latest secondary literature Jackson provides an impressive treatment of events coupled with flowing narrative delivered analytically and elegantly *The Shaping of Modern Britain* Eric Evans, 2014-01-14 In this wide-ranging history of modern Britain Eric Evans surveys every aspect of the period in which Britain was transformed into the world's first industrial power By the end of the nineteenth century Britain was still ruled by wealthy landowners but the world over which they presided had been utterly transformed It was an era of revolutionary change unparalleled in Britain yet that change was achieved without political revolution Ranging across the developing empire and dealing with such central institutions as the church education health finance and rural and urban life *The Shaping of Modern Britain* provides an unparalleled account of Britain's rise to superpower status Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed The book discusses the growing role of the central state in

domestic policy making the emergence of the Labour party the Great Depression the acquisition of a vast territorial empire Comprehensive informed and engagingly written The Shaping of Modern Britain will be an invaluable introduction for students of this key period of British history Modern Ireland: A Very Short Introduction Senia Paseta, 2003-03-27 Drawing on new research on the history of Ireland since 1800 this new look at modern Ireland challenges some of the assumptions which underpin this research It explores the notion of the Irish Question and argues that there were in fact many Irish Questions which were continually articulated and reassessed according to the particular social political and economic conditions in which they developed
