Land Planning Committee, 1935 Land Problems and Policies John Francis Timmons, William Gordon Murray, 1950 **Urban Land Problems and Policies in the United States** Charles Monroe Haar, Lloyd Rodwin, 1952 **Report on Land Planning ...: Certain aspects of land problems and government land policies** United States. National Resources Board. Land Planning Committee, 1935 **Land problems and policies, ed** John Francis Timmons, William Gordon Murray, **Farm Opportunities in the United States, Outlook, Problems, Policies, Prepared by Land Settlement Group of the Interbureau Committee on Postwar Agricultural Problems** United States. Department of Agriculture, 1945 *Land Policy Circular*, 1938 Confronting Land and Property Problems for Peace Shinichi Takeuchi, 2014-06-05 This collection clarifies the background of land and property problems in conflict affected settings and explores appropriate policy measures for peace building While land and property problems exist in any society they can be particularly exacerbated in conflict affected settings characterized by unstable security weak governance loss of proper documentation as well as the return of refugees and Internally Displaced Persons Unless these problems are properly addressed they can destabilize fragile political order and hinder economic recovery Although tackling land and property problems is an important challenge for peace building it has been relatively neglected in recent debates about liberal peace building as a result of the strong focus on state level institution building such as security sector reforms and transitional justice Using rich original data from eight conflict affected countries this book examines the topic from the viewpoint of State society relationship In contrast to previous literature this volume analyses land and property problems in conflict afflicted areas from a long term perspective of state building and economic development rather than concentrating only on the immediate aftermath of the conflict The long term perspective enables not only an understanding of the root causes of the property problems in conflict affected countries but also elaboration of effective policy measures for peace Contributors are area specialists and the eight case study countries have been carefully selected for comparative study The collection applies a common framework to a diverse group of countries South Sudan Uganda Rwanda Burundi Cambodia Timor Leste Colombia and Bosnia Herzegovina **Land and Limits** Susan Owens, Richard Cowell, 2011-03-17 This book explores the impact of an influential idea sustainable development on the institutions and practices governing use of land The new edition adds a Foreword by Professor John Forester as well as a substantial chapter by the authors in which they reflect on the arguments propounded in the book in the light of subsequent events *Comparative Perspectives on Environmental Policies and Issues* Robert A. Dibley, 2014-01-10 *Comparative Perspectives on Environmental Policies and Issues* presents tools and concepts about environmental policies in several developed and developing countries It explores a broad survey of ecological modernization theory ecological feminism theory environmental justice theory the concept of sustainability and

research on environmental policies Data were collected through surveys interviews and focus groups and are used to analyze social economic and environmental impact on people The book specifically discusses how the earth s basic life supporting capital soils forests species fresh water and oceans is degraded or depleted to provide for human needs and how air pollution and acid precipitation are causing widespread injury to humans forests and crops Realistically over taxing of natural resources and ecological systems throughout the world has promoted economic growth and created increasing opportunities for people while also advancing social injustice The use of the environment to accomplish social and economic transformation raises fundamental issues for the study of environmental policy and the natural ecological system As human beings exploit the natural environment to meet present needs they often will destroy resources needed for the future generations Thus environmental policies are enacted to ensure that social and economic impacts of the environment are compatible with the limits of natural systems Offering an intuitive and crystal clear explanation of the key concepts and principles of environmental policies and sustainable development this volume is suitable not only for environmental science students but also for instructors practitioners researchers and academics
