Global Scots:

Global Force David Forsyth, 2016-04-15 This volume emerged from an international research colloquium jointly organised by National Museums Scotland and the Scottish Centre for Diaspora Studies University of Edinburgh funded by the Scottish Government and administered by the Royal Society of Edinburgh Historians and museum curators from Australia Canada New Zealand and South Africa were invited to join with their Scottish counterparts to consider the functioning and the meaning of military Scottishness in different Commonwealth countries and in Britain from the late Victorian period to the present day with a particular focus on the impact of the First World War Another key objective was to throw light on the hidden culture of social networking which potentially operated behind local regiments and military units amongst Scotland's global diaspora This edited collection provides a comparative overview of the nineteenth century emergence of military Scottishness and explores how the construction and performance of Scottish military identity has evolved in different Commonwealth countries over the late nineteenth and twentieth centuries In particular it looks at the ways in which Scottish volunteer regiments in Commonwealth countries variously sought to draw upon align themselves with or at certain key moments redefine the assertions of martial identity which Highland regiments represented *Scotland: Global Cinema* David Martin-Jones, 2009-10-01 Scotland Global Cinema is the first book to focus exclusively on the unprecedented explosion of filmmaking in Scotland in the 1990s and 2000s It explores the various cinematic fantasies of Scotland created by contemporary filmmakers from all over the world including Scotland England France the United States and India who braved the weather to shoot in Scotland Significantly broadening the scope of previous debates Scotland Global Cinema provides analysis of ten different genres and modes prevalent in the 1990s 2000s the comedy road movie Bollywood extravaganza Loch Ness monster movie horror film costume drama gangster flick social realist melodrama female friendship US indie movie and art cinema These various chapters suggest a wealth of different histories of cinema in Scotland and uncover the numerous identities national transnational diasporic global local gendered sexual religious created by these approaches Cinema in Scotland is situated in a global context through analysis of the intersection of transversal flows of filmmaking tourism trade and transnational fantasy typical of globalization as they meet and mingle against the world famous cinematic landscapes of Scotland **New Scots** Tom M. and that slang is restricted to verbal language With an introduction by editor Julie Coleman the topics covered range from Inner City New York slang and Hip Hop Slang to UK student slang and slang in Scotland Authors also explore slang in Jamaica Australia New Zealand India and Hong Kong and the influence of English slang on Norwegian Italian and Japanese A final section looks at slang and new media including online slang usage and the possibilities offered by the internet to document verbal and gestural slang Global English Slang is an essential reference for advanced undergraduates

Jason R.
