**On Global Grounds** Julia Nevarez, Gabriel Moser, 2009 The object of this book is to combine sound conceptual work and research in specific sites under the rubric of globalisation It will provide the opportunity for scholars researchers professors and practitioners to become more aware about current trends and the different impacts of globalisation in examples of the transformations taking place in contemporary urban environments Thus the book helps explore develop and improve current research programs that focus on cities and other forms of human settlements Even though there are conceptual and analytical overlaps with other books the focus on this book is different from others in that its objective is to analyse globalisation and its specific effects in urban areas around the world

**The Urban Caribbean in an Era of Global**

**Change** Robert B. Potter, 2017-03-02 Based on the author's first hand field research this book addresses the twin processes of urbanization and globalization as they affect the contemporary Caribbean region One of the key aims of the book is to focus attention on the fact that contrary to popular perceptions the Caribbean is highly urbanized Indeed statistics show that the region is more highly urbanized than the world taken as a whole In addition the fact that the Caribbean region has always been affected by processes of globalization in respect of its economy polity and society is central to the text The chapters cover pressing topics such as urban change and the evolution of mini metropolitan regions the importance of the mercantile and plantopolis frameworks tourism post modernity and the urban nexus economic change and the dual processes of global convergence and divergence and the nature of the relationships existing between the state the informal sector housing and environmental conditions In reality it is shown that the development of tourism and enclave manufacturing is leading to new forms of urban concentration and not spatial dispersal *The Routledge Handbook of Urbanization and Global*

*Environmental Change* Karen Seto, William Solecki, Corrie Griffith, 2015-12-22 This volume provides a comprehensive overview of the interactions and feedbacks between urbanization and global environmental change A key focus is the examination of how urbanization influences global environmental change and how global environmental change in turn influences urbanization processes It has four thematic foci Theme 1 addresses the pathways through which urbanization drives global environmental change Theme 2 addresses the pathways through which global environmental change affects the urban system Theme 3 addresses the interactions and responses within the urban system in response to global environmental change Theme 4 centers on critical emerging research **Globalization and Social Change** Johannes Dragsbaek
