## Go Ahead Make My Curry:

**The Black Nile** Dan Morrison, 2011-07-26 A supremely entertaining work and also an important one David Grann author of *The Lost City of Z* Upon hearing the news of tenuous peace in Sudan foreign correspondent Dan Morrison bought a plank board boat summoned a friend who'd never left America and set out from Uganda paddling the Nile on a quest to reach Cairo a trip that tyranny and war had made impossible for decades With the propulsive force of a thriller Morrison's chronicle is a mash up of travel narrative and reportage packed with flights into the frightful and absurd From the hardscrabble fishing villages on Lake Victoria to the floating nightclubs of Cairo *The Black Nile* tracks the snarl of commonalities and conflicts that bleed across the Nile valley bringing to life a complex region in profound transition *Walk Wit' Me...* Helena Martin, 2011-12-16 My memoir is laced with nostalgia and at the same time it is my sincere intention to portray the true essence of the Guyanese culture without offence Keep in mind that this is not based on the experience of every Guyanese This was the way I saw and experienced things back then The use of colloquialism is of utmost importance it is the vernacular we understand It may sound like another language so unless you were born and bred in Guyana you will need to refer to the glossary provided Folklore and mothers preaching life lessons through proverbs played a large part in Guyanese life This is not only an account of the first twenty one years of my life in Guyana it also contains anecdotes of visits back to my homeland You will also find a sprinkling of information pertaining to my new life in Australia Before immigrating to Australia I believed the sun only rose and set in Guyana I never imagined another paradise existed on the planet There is a saying that most Guyanese use to identify their roots after they have voluntarily immigrated or simply fled to another country When we say My navel string is buried in Guyana we simply mean My roots are there Its a place where true and enduring friendships were formed forever We will meet one another decades later and feel as if it was yesterday reminiscing about our beloved land lapsing into the language only a fellow Guyanese can understand A famous Australian crooner said I still call Australia home and I can assure you that saying applies to Guyanese who have immigrated to every corner of the globe Navigating the labyrinth of family secrets was my one mission in life I just had to know *Entertainment Science* Thorsten Hennig-Thurau, Mark B. Houston, 2018-08-01 The entertainment industry has long been dominated by legendary screenwriter William Goldman's Nobody Knows Anything mantra which argues that success is the result of managerial intuition and instinct This book builds the case that combining such intuition with data analytics and rigorous scholarly knowledge provides a source of sustainable competitive advantage the same recipe for success that is behind the rise of firms such as Netflix and Spotify but has also fueled Disney's recent success Unlocking a large repertoire of scientific studies by business scholars and entertainment economists the authors identify essential factors mechanisms and methods that help a new entertainment product succeed The book thus offers a timely alternative to Nobody Knows decision making in the digital era while coupling a good idea with smart data analytics and entertainment theory cannot guarantee a hit it systematically and

substantially increases the probability of success in the entertainment industry Entertainment Science is poised to inspire fresh new thinking among managers students of entertainment and scholars alike Thorsten Hennig Thureau and Mark B Houston two of our finest scholars in the area of entertainment marketing have produced a definitive research based compendium that cuts across various branches of the arts to explain the phenomena that provide consumption experiences to capture the hearts and minds of audiences Morris B Holbrook W T Dillard Professor Emeritus of Marketing Columbia University Entertainment Science is a must read for everyone working in the entertainment industry today where the impact of digital and the use of big data can t be ignored anymore Hennig Thureau and Houston are the scientific frontrunners of knowledge that the industry urgently needs Michael K Imel media entrepreneur and Honorary Professor of Media Economics at University of Leipzig Entertainment Science s winning combination of creativity theory and data analytics offers managers in the creative industries and beyond a novel compelling and comprehensive approach to support their decision making This ground breaking book marks the dawn of a new Golden Age of fruitful conversation between entertainment scholars managers and artists All gre Hadida Associate Professor in Strategy University of Cambridge **Tongass National Forest** United States.
