**Tales of Justice and Rituals of Divine Embodiment** Aditya Malik, 2016 Based on extensive ethnographic fieldwork conducted in the Central Himalayan region of Kumaon Tales of Justice and Rituals of Divine Embodiment draws on oral and written narratives stories testimonies and rituals told and performed in relation to the God of Justice Goludev and other regional deities The book seeks to answer several questions How is the concept of justice defined in South Asia Why do devotees seek out Goludev for the resolution of matters of justice instead of using the secular courts What are the sociological and political consequences of situating divine justice within a secular democratic modern context Moreover how do human beings locate themselves within the indeterminateness and struggles of their everyday existence What is the place of language and ritual in creating intimacy and self How is justice linked to intimacy truth and being human The stories and narratives in this book revolve around Goludev's own story and deeds as well as hundreds of petitions manauti written on paper that devotees hang on his temple walls and rituals jagar that involve spirit possession and the embodiment of the deity through designated mediums The jagars are powerful extraordinary experiences mesmerizing because of their intensity but also because of what they imply in terms of how we conceptualize being human with the seemingly limitless potential to shift alter and transform ourselves through language and ritual practice The petitions though silent and absent of the singing drumming and choreography that accompany jagars are equally powerful because of their candid and intimate testimony to the aspirations breakdowns struggles and breakthroughs that circumscribe human existence     Stages of the Path and the Oral Transmission , 2022-12-20 A major contribution to the literature on Buddhist practice according to the Geluk school of

Tibetan Buddhism from its foremost interpreter Although it was the last major school to emerge in the Tibetan Buddhist tradition the Geluk school has left an indelible mark on Buddhist thought and practice The intellectual and spiritual brilliance of its founder the great Tsongkhapa 1357 1419 has inspired generations of scholars and tantric yogis to place him at the heart of their daily meditative practice The Geluk tradition's close ties to the Dalai Lamas have also afforded it an outsized influence in all aspects of Tibetan life for centuries At its peak its combined monasteries boasted a population in the tens of thousands and its sway encompassed the religious landscape of Mongolia and much of Central Asia This widespread religious activity fostered a rich literary tradition and fifteen seminal works are featured here representing four genres of that tradition They include works on the stages of the path or lamrim the genre for which the Geluk is most renowned works on guru yoga centered around the core Geluk ritual Offering to the Guru Lama Ch pa teachings from the unique oral transmission of Geluk mahamudra meditation on the nature of mind and instructions on the three essential points what to practice in life at death and in the bardo Your guide to these riches Thupten Jinpa maps out their historical context and spiritual significance in his extensive introduction *The Tantric Path of Indestructible Wakefulness* Chögyam Trungpa, 2013-04-08 Ch gyam Trungpa explores the the vajrayana teachings of the tantric path in this final volume of his masterpiece on Tibetan Buddhism This three volume collection presents in lively relevant language the comprehensive teachings of the Tibetan Buddhist path of the hinayana mahayana and vajrayana Considered Ch gyam Trungpa's magnum opus The Profound Treasury of the Ocean of Dharma will resonate with new and senior students of Buddhism In this third and final volume Ch gyam Trungpa's examines the vajrayana teachings of the tantric path The vajrayana or diamond vehicle also referred to as tantra draws upon and extends the teachings of the hinayana and mahayana As with the hinayana and the mahayana the formal acceptance into the vajrayana is marked by a vow in this case the samaya vow There is an emphasis at this stage on the student teacher relationship and on the quality of devotion Generally students must complete preliminary practices called ng ndro to prepare themselves for initiation into the vajrayana path before going further Having done so they then receive the appropriate empowerments to begin tantric practices There are empowerment ceremonies of many kinds called abhishekas The vajrayana includes both form practices such as visualizations and sadhanas ritual liturgies and formless practices based on allowing the mind to rest naturally in its inherent clarity and emptiness Although on the surface there is much greater complexity in tantric practices the principles of mindfulness and awareness and the cultivation of compassion and skillful action continue to be of central importance The tantric path requires complete engagement and fierce dedication It is said to be a more rapid path but it is also more dangerous There is a quality of directness abruptness and wholeheartedness Tantrikas or vajrayana practitioners recognize that the most challenging aspects of life the energies and play of confused emotions and frightening obstacles can be worked with as gateways to freedom and realization Other topics covered in detail in this volume include the four reminders the mandala principle mahamudra atiyoga and more
