Unframed Rosemary Betterton, 2003-11-21 Women's painting is undergoing a vibrant revival yet has been little explored

in writing or modern visual culture *Unframed* is an examination of women's contemporary painting. It presents writing with practitioners who engage with theory and critical theorists who deal directly with contemporary practice. All contributors reflect on their own practice and that of other women painters and theorists whose common aim is to develop innovative ways of thinking about and through painting by women. The book focuses on current debates on gender, subjectivity, spectatorship and painting and moves them forward into the second millennium. It should appeal to a range of readers including scholars, students, artists and gallery visitors.

The Ashgate Research Companion to Thomas Hardy Dr Rosemarie Morgan, 2013-04-28 Bringing together eminent Hardy scholars, *The Ashgate Research Companion to Thomas Hardy* offers an overview of Hardy scholarship and suggests new directions in Hardy studies. While several collections have surveyed the Hardy landscape, no previous volume has been composed specifically for scholars and advanced graduate students. This companion is specially designed to aid original research on Hardy and serve as the critical basis for Hardy studies in the new millennium.
