*Mystics of the Renaissance and Their Relation to Modern Thought* Rudolf Steiner,1911

**False Mystics** Nora E. Jaffary,2004-01-01 *False Mystics* provides a history of popular religion race and gender in colonial Mexico focusing on questions of spiritual and social rebellion and conformity Nora E Jaffary examines more than one hundred trials of false mystics whom the Mexican Inquisition prosecuted in the seventeenth and eighteenth centuries While the accused experienced many of the same phenomena as bona fide mystics visions sacred illness and bouts of demonic possession the Mexican tribunal condemned them nevertheless *False Mystics* examines why the Catholic church viewed the accused as deviants and argues that this categorization was due in part to unconventional aspects of their spirituality and in part to contemporary social anxieties over class and race mixing transgressions of appropriate gendered behavior and fears of Indian and African influences on orthodox Catholicism Jaffary examines the transformations this category of heresy underwent between Spain and the New World and explores the

relationship between accusations of false mysticism and contemporary notions of demonic possession sickness and mental illness Jaffary adopts the perspectives of visionaries to examine the influence of colonial artwork on their spiritual imaginations and to trace the reasons that their spirituality diverged from conventional expressions of piety False Mystics illuminates the challenges that popular religion and individual spirituality posed to both the institutional church and the colonial social order

**Mystics of the Renaissance and Their Relation to Modern Thought, Including Meister Eckhart, Tauler, Paracelsus, Jacob Boehme, Giordano Bruno, and Others** Rudolf Steiner,1910-01-01 The matter which I am laying before the public in this book formed the content of lectures which I delivered during last winter at the Theosophical Library in Berlin I had been requested by Graf Brockdorff to speak upon Mysticism before an audience for whom the matters thus dealt with constitute a vital question of the utmost importance Ten years earlier I could not have ventured to fulfil such a request Not that the realm of ideas to which I now give expression did not even then live actively within me For these ideas are already fully contained in my *Philosophy of Freedom* Berlin 1894 Emil Felber But to give expression to this world of ideas in such wise as I do to day and to make it the basis of an exposition as is done on the following pages to do this requires something quite other than merely to be immovably convinced of the intellectual truth of these ideas It demands an intimate acquaintance with this realm of ideas such as only many years of life can give Only now after having enjoyed that intimacy do I venture to speak in such wise as will be found in this book Any one who does not approach my world of ideas without preconceptions is sure to discover therein contradiction after contradiction I have quite recently Berlin 1900 S Cronbach dedicated a book upon the world conceptions of the nineteenth century to that great naturalist Ernst Haeckel and closed it with a defence of his thought world In the following expositions I speak about the Mystics from Master Eckhart to Angelus Silesius with a full measure of devotion and acquiescence Other contradictions which one critic or another may further count up against me I shall not mention at all It does not surprise me to be condemned from one side as a Mystic and from the other as a Materialist When I find that the Jesuit Father M ller has solved a difficult chemical problem and I therefore in this particular matter agree with him unreservedly one can hardly condemn me as an adherent of Jesuitism without being reckoned a fool by those who have

insight Whoever goes his own road as I do must needs allow many a misunderstanding about himself to pass That however he can put up with easily enough For such misunderstandings are in the main inevitable in his eyes when he recalls the mental type of those who misjudge him I look back not without humorous feelings upon many a critical judgment that I have suffered in the course of my literary career At the outset matters went fairly well I wrote about Goethe and his philosophy What I said there appeared to many to be of such a nature that they could file it in their mental pigeon holes This they did by saying A work such as Rudolf Steiner s Introduction to Goethe s Writings upon Natural Science may without hesitation be described as the best that has been written upon this question When later I published an independent work I had already grown a good bit more stupid For now a well meaning critic offered the advice Before he goes on reforming further and gives his Philosophy of Freedom to the world he should be pressingly advised first to work himself through to an understanding of these two philosophers Hume and Kant The critic unfortunately knows only so much as he is himself able to read in Kant and Hume practically therefore he simply advises me to learn to see no more in these thinkers than he himself sees When I have attained that he will be satisfied with me Then when my Philosophy and Freedom appeared I was found to be as much in need of correction as the most ignorant beginner This I received from a gentleman who probably nothing else impelled to the writing of books except that he had not understood innumerable foreign ones He gravely informs me that I should have noticed my mistakes if I had made more thorough studies in psychology logic and the theory of knowledge and he enumerates forthwith the books I ought to read to become as wise as himself Mill Sigwart Wundt Riehl Paulsen B Erdmann What amused me especially was this advice from a man who was so impressed with the way he understood Kant that he could not even imagine how any man could have read Kant and yet judge otherwise than himself He therefore indicates to me the exact chapters in question in Kant s writings from which I may be able to obtain an understanding of Kant as deep and as thorough as his own

Situates the female mystical tradition within the context of the epistemological shift which occurred at the dawn of the modern world      **Heretical Mystics** A. B. Sharpe,2005-12-01 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work      The

Rhineland Mystics Oliver Davies,2016-06-02 The work of the great Rhineland mystics of the fourteenth century speaks to the modern reader with astonishing directness and clarity In their emphasis on the personal inward experience of God and their questioning of the formal ritualistic side of religion Meister Eckhart Johannes Tauler and Jan van Ruusbroec appear almost as contemporaries This impression is heightened by vivid new translations by Oliver Davies who also sets the Rhineland mystics

in their historical and cultural context and examines why we seem to have a special sensitivity to their voice in spite of a gap of over six hundred years      **Herbert Grundmann (1902-1970)** Herbert Grundmann, 2019 First English translation of seminal essays on heresy and other aspects of medieval religious history      **The Christian Remembrancer** ,1866      The Christian remembrancer; or, The Churchman's Biblical, ecclesiastical & literary miscellany ,1866      **Christian Mysticism** Dr Kevin Magill, Dr Louise Nelstrop, Mr Bradley B Onishi, 2013-06-28 This book introduces students to Christian mysticism and modern critical responses to it Christianity has a rich tradition of mystical theology that first emerged in the writings of the early church fathers and flourished during the Middle Ages Today Christian mysticism is increasingly recognised as an important Christian heritage relevant to today's spiritual seekers The book sets out to provide students and other interested readers with access to the main theoretical approaches to Christian mysticism including those propounded by William James Steven Katz Bernard McGinn Michael Sells Denys Turner and Caroline Walker Bynum It also explores postmodern readings of Christian mysticism by authors such as Jacques Derrida Jean Luc Marion and Jean Francois Lyotard The book first introduces students to the main themes that underpin Christian mysticism It then reflects on how modern critics have understood each of them demonstrating that stark delineation between the different theoretical approaches eventually collapses under the weight of the complex interaction between experience and knowledge that lies at the heart of Christian mysticism In doing so the book presents a deliberate challenge to a strictly perennialist reading of Christian mysticism Anyone even remotely familiar with Christian mysticism will know that renewed interest in Christian mystical writers has created a huge array of scholarship with which students of mysticism need to familiarise themselves This book outlines the various modern theoretical approaches in a manner easily accessible to a reader with little or no previous knowledge of this area and offers a philosophical theological introduction to Christian mystical writers beyond the patristic period important for the Latin Western Tradition      *Religious Movements in the Middle Ages* Herbert Grundmann, 1995-01-31 Medievalists historians and women's studies specialists will welcome this translation of Herbert Grundmann's classic study of religious movements in the Middle Ages because it provides a much needed history of medieval religious life one that lies between the extremes of doctrinal classification and materialistic analysis and because it represents the first major effort to underline the importance of women in the development of the language and practice of religion in the Middle Ages      **Middle-age period** Walter Farquhar Hook, 1872      **Lives of the Archbishops of Canterbury** Walter Farquhar Hook, 1872
