It also illuminates how the war changed the lives of women in more traditional home front roles. Other entries discuss institutional change as the war affected every aspect of life including schools, hospitals, and even religion. *American Women during World War II* provides a handy one volume collection of information and images suitable for any public or professional library.

The American Journal of Nursing, 1927 **Saving Lives** Sandy Summers, Harry Summers, 2015 This fully updated and expanded edition of *Saving Lives* highlights the essential roles nurses play in contemporary health care and how this role is marginalized by contemporary culture. The Trained Nurse and Hospital Review, 1895 **All This Hell** Evelyn M. Monahan, Rosemary Neidel-Greenlee, 2010-09-12 Even though women were not supposed to be on the front lines, on the front lines we were. Women were not supposed to be interned either, but it happened to us. People should know what we endured. People should know what we can endure. Lt Col Madeline Ullom. More than one hundred U.S. Army and Navy nurses were stationed in Guam and the Philippines at the beginning of World War II. After the Japanese attack on Pearl Harbor in December 1941, five navy nurses on Guam became the first American military women of World War II to be taken prisoner by the Japanese. More than seventy army nurses survived five months of combat conditions in the jungles of Bataan and Corregidor before being captured, only to endure more than three years in prison camps. When freedom came, the U.S. military ordered the nurses to sign agreements with the government not to discuss their horrific experiences. Evelyn Monahan and Rosemary Neidel Greenlee have conducted numerous interviews with survivors and scoured archives for letters, diaries, and journals to uncover the heroism and sacrifices of these brave women.
