Heroic Visions

Alexander Leggatt

Heroic Visions:

Heroic Visions William Council, 2009-05-04 It's 10:30 PM. A wintry wind whistles through the streets of Arcadia City. A young couple hand in hand meanders down the street lost in giggling conversation. They are unaware of the danger that lurks in the shadows. But that's where you come in. Perched on the rooftop, you see the muggers hastily mutter their plans. The glint of moonlight on metal indicates their intent more clearly than an orange neon sign. Exhaling slightly, you leap from your perch and enter the breach once again. The world needs heroes. With *Heroic Visions*, the Superhero Role Playing Adventure Game, you can create your own Champion of Truth, Justice, and the Galactic Way. **Heroic Visions** Jessica Amanda Salmonson, 1983 Ten stories and a novella of the heroic fantasy genre [Breaking Free of Bonkers](#) George Binney, 2018-04-03 Engaging, clear, rigorous, human, and energizing, a must read for everyone in organizations. Kasper Holten, former Director of Opera, Royal Opera House. IS IT JUST ME OR IS EVERYTHING AROUND HERE BONKERS? Do you ever feel bewildered or even oppressed by what goes on in your organization? Does anything ever strike you as odd, ridiculous, inefficient, or just plain bonkers? Chances are you are not alone. No matter what industry sector or institution, the world of work can often seem bonkers. We can spend so much time ticking boxes, preparing plans and reports, sitting in unproductive meetings, replying to unhelpful emails, and trying to deliver on misconceived top-down initiatives that the time to do real work is squeezed out. *Breaking Free of Bonkers* shows you how it is possible to make progress despite the mad and messy world of today's organizations. Against the odds, it is possible to lead effectively. George Binney, Phil Glanfield, and Gerhard Wilke are three organization consultants from Ashridge Business School. They have an unusual vantage point. Drawing on their long experience of working with people at levels from chief executives to front-line workers, they offer hope. They use a wealth of lively examples and illustrations to show you how to get connected with colleagues, get real about what you offer, and get going on the things that matter. **Against the E. S. T.** William Council, 2010-11-27 For decades, criminals have disappeared from prisons throughout the Gedaliah Confederation. The Eliminator, a Knight of Alteration, has quietly collected felons to aid him in his intergalactic operations. Eliminator Strike Teams or the E S T provides support personnel to both Lord Alteration's Royal Court and the Knights of Alteration. [English Drama](#) Alexander Leggatt, 2014-06-06 The most important period in the history of English drama is revealed in Alexander Leggatt's challenging account. The author considers English drama from the beginning of Shakespeare's career to the restoration of Charles II. Focusing on Shakespeare and the development of his art, he examines all his major contemporaries: Jonson, Middleton, Webster, Beaumont, Fletcher, and Ford. He combines close analysis of specific plays with a broader look at trends within drama. **The Biblical Hero** Elliott Rabin, 2020-03-01 Approaching the Bible in an original way, comparing biblical heroes to heroes in world literature. Elliott Rabin addresses a core biblical question: What is the Bible telling us about what it means to be a hero? Focusing on the lives of six major biblical characters: Moses, Samson, David, Esther, Abraham, and Jacob, Rabin examines their resemblance to hero.

types found in and perhaps drawn from other literatures and analyzes why the Bible depicts its heroes less gloriously than do the texts of other cultures Moses founds the nation of Israel and is short tempered and weak armed Samson arrogant and unhinged can kill a thousand enemies with his bare hands David establishes a centralized unified triumphal government through pretense and self deception Esther saves her people but marries a murderous misogynist king Abraham's relationships are wracked with tension Jacob fathers twelve tribes and wins his inheritance through deceit In the end is God the real hero Or is God too removed from human constraints to even be called a hero Ultimately Rabin excavates how the Bible's unique perspective on heroism can address our own deep seated need for human scale heroes **Poetic Castles in**

Spain Diego Saglia, 2000 Saglia a scholar of some sort whose academic affiliations are not noted charts the various ways in which between the 1810s and 1820s Spain figured in British literary culture Mainly concerned with narrative versions of Spain specifically metrical tales and verse romances he traces the contours of the Spanish imaginary in British Romanticism offering a cultural geography of Romantic Spain as a space of war involving not only France and Britain or the Spanish and Moorish armies but ideological conflicts between public and private republicanism nationalism and imperialism and competing models of masculinity and femininity Annotation copyrighted by Book News Inc Portland OR [Encyclopedia of Humor Studies](#) Salvatore Attardo, 2014-02-25 The Encyclopedia of Humor Studies explores the concept of humor in history and modern society in the United States and internationally This work's scope encompasses the humor of children adults and even nonhuman primates throughout the ages from crude jokes and simple slapstick to sophisticated word play and ironic parody and satire As an academic social history it includes the perspectives of a wide range of disciplines including sociology child development social psychology life style history communication and entertainment media Readers will develop an understanding of the importance of humor as it has developed globally throughout history and appreciate its effects on child and adult development especially in the areas of health creativity social development and imagination This two volume set is available in both print and electronic formats Features Benefits The General Editor also serves as Editor in Chief of HUMOR International Journal of Humor Research for The International Society for Humor Studies The book's 335 articles are organized in A to Z fashion in two volumes approximately 1 000 pages This work is enhanced by an introduction by the General Editor a Foreword a list of the articles and contributors and a Reader's Guide that groups related entries thematically A Chronology of Humor a Resource Guide and a detailed Index are included Each entry concludes with References Further Readings and cross references to related entries The Index Reader's Guide themes and cross references between and among related entries combine to provide robust search and browse features in the electronic version This two volume A to Z set provides a general non technical resource for students and researchers in such diverse fields as communication and media studies sociology and anthropology social and cognitive psychology history literature and linguistics and popular culture and folklore Key Themes Anthropology Folklore and Ethnicity Antiquity Components of Humor

Visual Humor Poetics of Emptiness Jonathan Stalling, 2011-10-03 The Poetics of Emptiness uncovers an important untold
history by tracing the historically specific intertextual pathways of a single if polyvalent philosophical term emptiness as it
is transformed within twentieth century American poetry and poetics This conceptual migration is detailed in two sections The
first focuses on transpacific Buddhist poetics while the second maps the less well known terrain of transpacific Daoist poetics
In Chapters 1 and 2 the author explores Ernest Fenollosa's The Chinese Written Character as a Medium for Poetry as an
expression of Fenollosa's distinctly Buddhist poetics informed by a two decade long encounter with a culturally hybrid form
of Buddhism known as Shin Bukkyo New Buddhism Chapter 2 explores the classical Chinese poetics that undergirds the lost
half of Fenollosa's essay Chapter 3 concludes the first half of the book with an exploration of the didactic and soteriological
function of emptiness in Gary Snyder's influential poetry and poetics The second half begins with a critical exploration of the
three decades long career of the poet translator critic Wai lim Yip whose transpacific Daoist poetics has been an important
fixture in American poetic late modernism and has begun to gain wider notoriety in China The last chapter engages the
intertextual weave of poststructural thought and Daoist and shamanistic discourses in Theresa Hak Kyung Cha's important
body of heterocultural productions By formulating interpretive frames as hybrid as the texts being read this book makes
available one of the most important yet still largely unknown stories of American poetry and poetics *Servants and Fools*
Arthur Boers, 2015-10-20 Leadership is a much discussed topic What does it actually mean for us as Christians Does Christian
leadership have its own distinctive shape and character In *Servants and Fools A Biblical Theology of Leadership* Arthur Boers
examines Jesus's pattern of leadership Boers shows how this pattern is rooted in service and sacrifice is cautious about
power and hierarchies and prioritizes the vulnerable In other words it often reverses what we expect of leadership and is
different from what we read in most leadership literature *Servants and Fools* is a unique resource for students and
practitioners across denominations It offers a foundational perspective on leadership and guidance for practical application
in the reader's daily life and ministry Arthur Boers has at last written the book we have sorely needed a book that is destined
to become the main text in my seminary courses in church leadership a book that is sure to be enthusiastically received by
thousands of contemporary Christian leaders Boers energetically underscores the joyful peculiarity of specifically Christian
leadership His book is unique a biblically based Christologically grounded defense of leadership in the name of Christ Will
Willimon Professor of the Practice of Christian Ministry Duke Divinity School United Methodist Bishop retired and author of

Pastor The Theology and Practice of Ordained Leadership Servants and Fools is a brilliant and essential contribution to any serious study of leadership Robust faithful insightful biblical teaching A judicious knowledgeable harvest of the best contributions from leadership theorists and practitioners Plus humor in the trenches experiences and practical applications I cannot imagine ever teaching another class on leadership without assigning and discussing Arthur Boers s book David W Gill Mockler Phillips Professor of Workplace Theology Ethics Gordon Conwell Theological Seminary In Servants and Fools A Biblical Theology of Leadership Arthur Boers deconstructs the contemporary cult of leadership and serves up a refreshingly Biblical alternative It is a great cautionary tale for today s churches seminaries and Christian non profits At the same time it offers great insight for secular organizations and leaders as well John Suk author former editor of The Banner and pastor of Lawrence Park Community Church Toronto Canada One of Hearts Minds Bookstore s BEST BOOKS OF 2015 Guardians of the Nation Pieter M. Judson,2006 In the decades leading up to World War I nationalist activists in imperial Austria labored to transform linguistically mixed rural regions into politically charged language frontiers Using examples from several regions including Bohemia and Styria Judson traces the struggle to consolidate the loyalty of local populations for nationalist causes **Musical Biography** JolantaT. Pekacz,2017-07-05 Musical biography has rarely been an object of theoretical and methodological reflection Our present day perception of the lives of prominent composers and performers of the past has been largely formed by cultural and political assumptions of nineteenth century biographers and their twentieth century followers While older biographies are being scrutinized for veracity and updated with new evidence their historiographical premisses and narrative techniques remain largely unchallenged The epistemological upheavals in the humanities since the 1960s have generated a body of theoretical thought that has undermined many of the assumptions of traditional biography Consequently many of these assumptions have lost their hold as viable underpinnings for present day scholarly biography For example the accumulation of facts is no longer believed to bring us closer to an understanding of the subject nor are the traditional views of the unified self and the self as a foundational idea taken for granted This volume brings together musicologists and historians who explore through individual case studies the rich potential of these new theories for writing musical lives The authors of this volume examine how the insights provided by these theories illuminate our critical reassessment of older biographies and the interpretations of musical works these biographies were used to construe and help forge new approaches to musical biography The authors also explore the functions musical biographies served in different historical contexts the relevance of biography for musical criticism the reliability of archival evidence the ethics of biography the demands placed on biography by feminist and gender history and the new possibilities offered by cinema The contributors to this volume challenge the view that biography has little importance for music history analysis and criticism Collectively they reassert biography s centrality and relevance and dem *This Contentious Storm: An Ecocritical and Performance History of King Lear* Jennifer Mae Hamilton,2017-08-24 This book is available as open access through the

Bloomsbury Open Access programme and is available on www.bloomsburycollections.com From providential apocalypticism to climate change this ground breaking ecocritical study traces the performance history of the storm scene in King Lear to explore our shifting fraught and deeply ideological relationship with stormy weather across time This Contentious Storm offers a new ecocritical reading of Shakespeare's classic play illustrating how the storm has been read as a sign of the providential cosmological meteorological psychological neurological emotional political sublime maternal feminine heroic and chaotic at different points in history The big ecocritical history charted here reveals the unstable significance of the weather and mobilises details of the play's dramatic narrative to figure the weather as a force within self society and planet *More Giants of the Genre* Whitley Strieber, Laurell K. Hamilton, Harry Turtledove, Boris Vallejo, Joe R. Lansdale, Graham Masterton, Terry Pratchett, Terry Brooks, Harlan Ellison, John Carpenter, 2023-07-12 Michael McCarty interviews masters of the fantastic including Harlan Ellison Whitley Strieber Laurell K Hamilton Harry Turtledove Boris Vallejo Joe R Lansdale Max Collins Charles Grant The Amazing Kreskin Richard Matheson and many more **Milton and Ecology** Ken Hiltner, 2003-11-20 In Milton and Ecology Ken Hiltner engages with literary theoretical and historic approaches to explore the ideological underpinnings of our current environmental crisis Focusing on Milton's rejection of dualistic theology metaphysical philosophy and early modern subjectivism Hiltner argues that Milton anticipates certain essential modern ecological arguments Even more remarkable is that Milton was able to integrate these arguments with biblical sources so seamlessly that his interpretative Green reading of scripture has for over three centuries been entirely plausible This study considers how Milton from the earliest edition of the Poems not only sought to tell the story of how through humanity's folly Paradise on earth was lost but also sought to tell how it might be regained This intriguing study will be of interest to eco critics and Milton specialists alike The Age of Fitness Jürgen Martschukat, 2021-01-22 We live in the age of fitness Hundreds of thousands of people run marathons and millions go jogging in local parks work out in gyms cycle swim or practice yoga The vast majority are not engaged in competitive sport and are not trying to win any medals They just want to get fit Why this modern preoccupation with fitness In this new book Jürgen Martschukat traces the roots of our modern preoccupation with fitness back to the birth of modern societies in the eighteenth century showing how the idea of fitness was interwoven with modernity's emphasis on perpetual optimization and renewal But it is only in the period since the 1970s he argues that the age of fitness truly emerged as part and parcel of our contemporary neoliberal era Neoliberalism enjoins individuals to work on themselves to cultivate themselves in body and mind Fitness becomes a guiding principle of social life an era defining network of discourses and practices that shape individuals actions and self conceptions The pursuit of fitness becomes a cultural repertoire that is deeply ingrained in our institutions and way of life This wide ranging book shows how deeply fitness is inscribed in modern societies and how important fitness has become to success or failure recognition or exclusion in a society that sets great store by self responsibility performance market and competition It will be of great value

not only to those interested in sport and fitness but also to anyone concerned with the conditions of success and failure in our societies today **Supermen** Gardner Dozois,2002-01-15 A science fiction anthology highlighting mind expanding stories of the future of the human form includes more than 20 classic stories from the most imaginative writers in the field

Self-Examination T. Hoogsteen,2022-01-28 Christianity or what is called Christianity conforms largely to Western humanism Together and individually believers draw the whole of the West into themselves accommodating its dreams loves greeds and hurts as well as its indulgences contradictions perversions and stupidities All who identify corporately and personally as Christian commit themselves to this world conformity The fMRI like files in the first part of Self Examination may please you even polish your self esteem This whole system of pictures may displease you But each analysis of the West scrutinizes all church people the whole gazing staring intensely back into you This Self Examination therefore is about dispassionate self examination you peering sharply and persistently into your Westernizing soul daringly exposing its innermost workings You thus see in yourselves all the errors of imperialism and racism including injuries to minority people these you will own plus sharing in the responsibilities for mammonism You thus will see your stewardship or lack thereof of the environment Westerners please the powers of the age to make yourselves look good you justify yourselves in the presence of the Western gods and goddesses By living the standards of the West you are good for a purpose you live and work to make your self esteem glow and thereby you please the current deities and in this paradox you still identify as Christian

British civic society at the end of empire Anna Bocking-Welch,2018-09-25 This book is about the impact of decolonisation on British civic society in the 1960s It shows how participants in middle class associational life developed optimistic visions for a post imperial global role Through the pursuit of international friendship through educational efforts to know and understand the world and through the provision of assistance to those in need the British public imagined themselves as important actors on a global stage As this book shows the imperial past remained an important repository of skill experience and expertise in the 1960s one that was called upon by a wide range of associations to justify their developing practices of international engagement This book will be useful to scholars of modern British history particularly those with interests in empire internationalism and civil society The book is also designed to be accessible to undergraduates studying these areas *Ethical Democracy* Stanton Coit,1900
