## **Global Perspectives A Handbook For Understanding International Issues:**

**Global Perspectives** Ann Kelleher, Laura Frances Klein, 2009 This book provides a multidisciplinary vocabulary for explaining general issues and trends facing the contemporary world involving cultural diversity economic development the natural environment and international peace and violence It affords equal time to the analysis of global issues using alternative perspectives Eight major case studies one for each of the central issues explored encourage the application of concepts and perspectives presented in the narrative These perspectives include Ethnicity and Global Diversity Economic Development Human Ecological Sustainability World Ecology and Peace and War For individuals interested in an introduction to world issues as they relate to anthropology sociology history and political science

### **Global Perspectives**

Ann Kelleher, Laura Frances Klein, 2011 For global studies courses across the curriculum Ann Kelleher and Laura Klein's *Global Perspectives* provides a broad analytical framework for understanding cultural economic environmental and political issues This brief multidisciplinary primer introduces the basic concepts needed to study global issues as well as the differing perspectives that scholars policymakers and individuals bring to these issues *Global Perspectives* helps students make sense of short and long term problems facing the world in the twenty first century historical and current events that led to and fuel these problems and the consequences of their choices in an era of globalization

*Information Sources in the Social Sciences* David Fisher, Sandra Price, Terry Hanstock, 2018-02-19 No detailed description available for *Information Sources in the Social Sciences*

**Understanding Global Politics** Dr Chanchal Kumar, Prof Lungthuiyang Riamei, Dr Sanju Gupta, 2017-02-15 *Understanding Global Politics* is a pioneering work which analyses contemporary issues such as climate change migration nuclear proliferation terrorism as well as feminist perspective on International Relations It covers the various dimensions of globalisation which affects on the accelerating world The intergovernmental agencies such as International Atomic Energy Agency IAEA International Court of Justice as well as the United Nations are instrumental in directing the energies towards the control of proliferation of nuclear weapons The last section of the book deliberates on the global shifts power and governance in a fast changing world order The salience of global regional and economic groupings like WTO IMF World Bank BRICS EU etc are covered in great detail The book presents an opportunity to engage in Applied Global Politics and explore the core concept by students of Political Science International Relations as well as refresher for scholars of defence and security studies

**Global Perspectives in the Geography Curriculum** Alex Standish, 2008-10-07 For geographers across the globe this book provides the arguments for a return to the teaching of geography and why they should reject the politicisation of the subject by education policy makers and politicians Standish's careful critique shows the necessity of a depoliticised geography curriculum the irony of which would be that it would ensure that every child could point to Iraq Iran and Afghanistan on a map Prof Dennis Hayes Oxford Brookes University UK A prescient and critical analysis of the changing face of geography teaching This book deserves to be widely read and debated Alex Standish's book

puts current trends in geography teaching in historical and critical context It comprises a forthright and timely defence of geographical education for its own sake Dr Jim Butcher FRSA Department of Sport Science Tourism and Leisure Canterbury Christ Church University Since the early 1990s educational policy makers and some subject leaders have been seeking to fundamentally change the teaching of geography in UK and US schools from a subject which encourages students to explore spatial concepts ideas and skills to a more ethics based subject concerned with the promotion of environmentalism cultural diversity and social justice In this book the new approach is critically examined within a historical and ideological context addressing a number of fundamental questions Should geography be used as a tool for the delivery of citizenship ideals How does this affect the intellectual and moral value of geographical education for young people If the state and teachers are taking more responsibility for the values attitudes and emotional responses of students how will they learn to develop these qualities for themselves If global perspectives shift the focus of education from learning about the outside world to learning about the self what is its vision of social progress and conception of social change This book advocates a return to liberal models of education arguing that the new approach to geography currently being promoted for schools fundamentally undermines the educational value of the subject and the freedom of young people to shape the world in which they live A vital resource for teachers and student teachers alike *Global Perspectives in the Geography Curriculum* makes a significant contribution to the growing debate about the future direction of the discipline itself *International Educator*, 2004

**Globalization and the Challenges of a New Century** Patrick O'Meara, Howard D. Mehlinger, Matthew Krain, Roxana Ma Newman, 2000-06-22 If you want to catch up on some of the best articles written about globalisation since the topic became fashionable several years ago this reader is the place to start The Economist A blue ribbon collection of major articles and position papers on the concept of globalization By bringing together a number of major thinkers and different perspectives this book provides a broad introduction to the topic and lays the groundwork for an interdisciplinary collaborative dialogue Contributors include Kofi Annan Benjamin Barber Francis Fukuyama Samuel Huntington Robert Kaplan Paul Kennedy Walter Lacqueur Bill McKibben Lester Thurow and Jeffrey Sachs **Resources in Education**, 1998-10 *The SAGE Encyclopedia of Journalism* Gregory A. Borchard, 2022-02-22 Journalism permeates our lives and shapes our thoughts in ways that we have long taken for granted Whether it is National Public Radio in the morning or the lead story on the Today show the morning newspaper headlines up to the minute Internet news grocery store tabloids Time magazine in our mailbox or the nightly news on television journalism pervades our lives The Encyclopedia of Journalism covers all significant dimensions of journalism such as print broadcast and Internet journalism U S and international perspectives and history technology legal issues and court cases ownership and economics The encyclopedia will consist of approximately 500 signed entries from scholars experts and journalists under the direction of lead editor Gregory Borchard of University of Nevada Las Vegas **Internally Displaced Persons and International Refugee Law** Bríd Ní

Ghráinne, 2022-03-15 Internally Displaced Persons IDPs are persons who have been forced to leave their places of residence as a result of armed conflict violence human rights violations or natural or human made disasters but who have not crossed an international border There are about 55 million IDPs in the world today outnumbering refugees by roughly 2:1 Although IDPs and refugees have similar wants needs and fears IDPs have traditionally been seen as a domestic issue and the international legal and institutional framework of IDP protection is still in its relative infancy This book explores to what extent the protection of IDPs complements or conflicts with international refugee law Three questions form the core of the book's analysis What is the legal and normative relationship between IDPs and refugees To what extent is an individual's real risk of internal displacement in their country of origin relevant to the qualification and cessation of refugee status And to what extent is the availability of IDP protection measures an alternative to asylum It argues that the IDP protection framework does not as a matter of law undermine refugee protection The availability of protection within a country of origin cannot be a substitute for granting refugee status unless it constitutes effective protection from persecution and there is no real risk of refoulement The book concludes by identifying current and future challenges in the relationship between IDPs and refugees illustrating the overall impact and importance of the findings of the research and setting out questions for future research

*International Social Work and Forced Migration* Ralf Roßkopf, Katharina Heilmann, 2021-02-15 The book focuses on Social Work with refugees in African Middle East and European countries Published as a follow up to the International Social Work Week in Würzburg Germany with professionals and experts from all over the globe this book intends to share insights into country specific developments challenges and potentials of Social Work in forced migration contexts The objectives are to map Social Work in this field of action across several countries to bring into sharper focus an International Social Work in forced migration contexts as well as to contribute in connecting Social Work scholars and experts around the globe

Conceptual and Methodological Issues on the Adjustment to Aging Sofia von Humboldt, 2016-05-25 This book approaches the concept of adjustment to aging and endeavors to build reader understanding of this construct through a critical review and discussion Once the reader understands the origins and nature of adjustment to aging a second innovation encompasses the development of a proposed empirical model of adjustment to aging and the analysis of its components and correlates Measures to assess adjustment to aging policies programs and interventions comprising adjustment to aging and its components and correlates will also be addressed Another innovation includes the multidimensional experience of adjustment to aging from the cultural perspective Lastly it addresses areas of future development related to this construct Future policies and interventions in older populations need to integrate and debate the role of adjustment to aging and ultimately consider a variety of different strategies each with a different set of costs and benefits Health and social professionals will be at the vanguard of policy making and community and institutional interventions Hence resources and tools to adequately prepare these individuals for the future years will be vital It is the

author's hope that this resource can be valuable for professionals and students working within the field of aging as they develop research and intervention policies encompassing adjustment to aging in the coming years      *Global Perspectives on Fostering Problem-Based Learning in Chinese Universities* Zhu, Zhiliang, Zhou, Chunfang, 2019-05-03 Future generations are being faced with the potential challenge of having to solve professional problems in a hybrid world in which there is no clear boundary between autonomous non human nature and human generated processes This requires young students to effectively prepare themselves for managing issues of complexity uncertainty and ambiguity in their professional practice *Global Perspectives on Fostering Problem Based Learning in Chinese Universities* is a comprehensive reference source that provides insight into the growing need for problem based learning within higher education environments Featuring a wide range of topics such as curriculum design STEM education and cross cultural communication this reference source is ideal for educators instructional designers academicians administrators and researchers      *Intimate Partner Violence* Connie Mitchell, Deirdre Anglin, 2009-06-30 Intimate partner violence is a challenging problem that health professionals encounter on a daily basis This volume thoroughly compiles the current knowledge and health science and provides a strong foundation for students educators clinicians and researchers on prevention assessment and intervention      *Beyond Bystanders* Nimrod Aloni, Lori Weintrob, 2017-04-17 *Beyond Bystanders* calls for a shift in the professional self image of teachers from agents of socialization to active advocates of human flourishing social justice and world betterment The editors propose that it is irresponsible for teachers to posit themselves as bystanders and to conceive of globalization as something happening to them Their role as educators in all disciplines must be to establish educational leadership that would empower students to critically evaluate developing global realities mass migrations socioeconomic inequalities global warming and the dehumanizing effects of submission to social media and consumerism and achieve the overarching goals of humanization and facilitation of the fulfilling life A shared commitment to humanist ethics pedagogical activism and social engagement at Kibbutzim College of Education Tel Aviv and Wagner College New York sparked this collaboration The authors of the book include educational thinkers such as Nel Noddings Michael Apple David Hansen Pasi Sahlberg and Wiel Veugelers as well as scholars and practitioners from six different countries and diverse professional and cultural backgrounds An essential part of our educational enterprise must involve promoting intercultural opportunities confronting cultural ills and ensuring that civic engagement is more attuned to political realities Educators in all disciplines can reframe their teaching and schools to be more cooperative and civic minded and challenge views of marginalized immigrant undocumented and refugee communities as strangers Education is not only about teaching people to read and to write It is about teaching human rights and cultural diversity nourishing peace and fostering inclusive and sustainable development I wish to commend Kibbutzim College of Education and Wagner College for joining forces to compile this volume to inspire readers in crafting new models of intellectual and intercultural understanding Irina Bokova Director General of UNESCO from the Foreword      [Global](#)
