Brooks, 2014-07-03. *Beyond Postmodernism* Onto the Postcontemporary is a collection designed to provide the reader with an alternative to viewing the world through the lens of Postmodernism. Contributors to this collection utilize and define such critical tools as transhumanism, post post theory, posthumanism and postcontemporary theory. Other essays focus on interpreting texts or genres yielding impressive conclusions that were beyond the scope of postmodern discourse. Eclectic in nature while examining works as diverse as Julia Ward Howe's *The Hermaphrodite* and Salman Rushdie's *Satanic Verses*, yet unified in a commonsensical statement that postmodernism has perhaps ruled too long in critical discussions, this collection is also designed to attract those seeking or

*The Oxford Handbook of Christianity in Asia* Felix Wilfred, 2014-05-23. Named by the International Bulletin of Missionary Studies as an Outstanding Book of 2014 for Mission Studies. Despite the ongoing global expansion of Christianity, there remains a lack of comprehensive scholarship on its development in Asia. This volume fills the gap by exploring the world of Asian Christianity and its manifold expressions, including worship, theology, spirituality, inter-religious relations, interventions in society and mission. The contributors from over twenty countries deconstruct many of the widespread misconceptions and interpretations of Christianity in Asia. They analyze how the growth of Christian beliefs throughout the continent is linked with the socio-political and cultural processes of colonization, decolonization, modernization, democratization, identity construction of social groups and various social movements. With a particular focus on inter-religious encounters and emerging theological and spiritual paradigms, the volume provides alternative frames for understanding the phenomenon of conversion and studies how the scriptures of other religious traditions are used in the practice of Christianity within Asia.
