Global Politics Of Drug Control

Melissa Bone

Global Politics Of Drug Control:

The Global Politics of Drug Control Mandy Bentham,1998-10-05 **The Politics of Drug Control** M.

Bentham,1998-10-05 The Global Politics of Drug Control sets the drug problem into a theoretical framework which aids understanding of the phenomenon by focusing on changing international values and norms In the early literature on drug use drugs were considered primarily as a social problem and the focus was on seeking a national policy However in the 80s the problem was increasing requiring international cooperation and action bringing the concerned to the arena of international relations scholars The book focuses on changing values and norms in the international community that allow the discipline of international relations to add something new to the current debate on the subject This book should appeal to all those interested in the current discussions on the drug phenomenon as well as to students and academics in the area of international relations and related disciplines *The Politics of Drug Control* Mandy Bentham,1998 In addition to clarifying what is meant by a global issue using regime analysis this book discusses the drug problem as an amalgamation of different global issues illegal drug use the spread of AIDS money laundering and government corruption *The Global Politics of Illicit-drug Control* Mandy Bentham,1994 *International Drug Control* David R. Bewley-Taylor,2012-03-22 There remains substantial agreement among the international community on many aspects of the contemporary UN drug control regime However diverging views on the non medical and non scientific use of a range of controlled substances make drug policy an increasingly contested and transitional field of multinational cooperation Employing a fine grained and interdisciplinary approach this book provides the first integrated analysis of the sources manifestations and sometimes paradoxical implications of this divergence The author develops an original explanatory framework through which to understand better the dynamic and tense intersection between policy shifts at varying levels of governance and the regime s core prohibitive norm Highlighting the centrality of the harm reduction approach and tolerant cannabis policies to an ongoing process of regime transformation this book examines the efforts of those actors seeking to defend the existing international control framework and explores rationales and scenarios which may lead to the international community moving beyond it **The**

Politics of Narcotic Drugs Julia Buxton,2011-04-06 The Politics of Narcotic Drugs brings together leading experts on the drugs trade to provide an accessible yet detailed analysis of the multiple challenges that the contemporary trade in narcotic drugs and its prohibition pose from the local to the international community Through the use of country and regional case studies that include Afghanistan Mexico Colombia and the Middle East the drivers of the drugs trade and the security and development dilemmas created by the prohibition of narcotic substances are explored Contributions that assess the international drug control regime British anti drug enforcement organizations narcoterrorism and options for drug policy reform engage readers in current debates and the narrative frameworks that shape discussion of the drugs issue The book is an invaluable guide to the dynamic and far reaching issue of narcotic drugs and the impact of their prohibition on our

countries and communities The chapters are followed by an A Z glossary of key terms issues and organizations and a section of maps and statistics Research Handbook on International Drug Policy David R. Bewley-Taylor, Khalid Tinasti, 2020-09-25

Analysing arguably one of the most controversial areas in public policy this pioneering Research Handbook brings together contributions from expert researchers to provide a global overview of the shifting dynamics of drug policy Emphasising connections between the domestic and the international contributors illustrate the intersections between drug policy human rights obligations and the 2030 Sustainable Development Agenda offering an insightful analysis of the regional dynamics of drug control and the contemporary and emerging problems it is facing Crime, Security and Global Politics Anja P. Jakobi, 2020-03-04

This engaging new textbook presents a comprehensive nuanced and multidimensional perspective on global crime and its governance As global criminal activity becomes increasingly sophisticated and elusive so the means to counter it must adapt Every day our news media is dominated by incidents that span countries and continents often presented as an all encompassing threat orchestrated by societal outsiders If not in the news global crime is sensationalised in our film and television industry and it can be difficult to gain a true understanding of what global crime is and how it is combated Featuring the latest research and informed by a wide range of theoretical perspectives this text masterfully makes sense of a range of issues from global environmental crime and human trafficking to the global trade in drugs and cybercrime This pathbreaking text analyses why global crime is important the obstacles faced in countering it and accounts for the difficulties in securing cooperation across states Comprehensive and accessible this authoritative textbook is the perfect companion for students and scholars who are interested in the still evolving issue of international relations and global politics

Drug Control and International Law Daniel Wisheart, 2018-10-08 This book provides for an extensive legal analysis of the international drug control system in light of the growing challenges and criticism that this system faces In the current debate on global drug policy the central pillars of the international drug control system the UN Drug Conventions as well as its institutions are portrayed as outdated suppressive and seen as an obstacle to necessary changes The book's objective is to provide an in depth and positivist insight into drug control's present legal framework and thus provide for a better understanding of the normative assumptions upon which drug control is currently based This is attained by clarifying the objectives of the international drug control system and the premises by which these objectives are to be achieved The objective of the current global framework of international drug control is the limitation of drugs to medical and scientific purposes The meaning of this objective and its concrete implications for States parties as well as its problems from the perspective of other regimes of international law most notably international human rights law are extensively analysed Additionally the book focuses on how the international drug control system attempts to reach the objective of confining drugs to medical and scientific purposes i.e. by setting up a universal system that exercises a rigid control on drug supply The consequences of this heavy focus on the reduction of drug supply are outlined and the book concludes by making suggestions

on how the international drug control system could be reformed in the near future in order to better meet the existing challenges The analysis occurs from a general international law perspective It aims to map the international drug control system within a wider context of international law and to understand whether the problems that the international drug control system faces are exemplary for the difficulties that institutionalized systems of global scope face in the twenty first century

The Global Political System Fulvio Attina,2011-01-12 What can international relations scholarship tell us about the global political system This innovative text examines the contribution made by the principal schools of international relations to our understanding of the global system and draws on them to analyze some crucial issues for 21st century politics Elegantly synthesising history and theory this text introduces the concepts that have been used to explain the politics and policies of the global system It challenges the dominance of purely state based approaches and shows how non state based approaches are essential for a full and integrated understanding of today s global politics Using both approaches the author examines key issues in contemporary world politics from international security to economic stability and migration to human rights

Regulating Global Security Nik Hynek,Ondrej Ditrych,Vit Stritecky,2018-12-29 This edited collection presents an innovative approach to global security regimes Employing both conceptual and empirical studies the volume examines three empirically oriented sets of cases weapons of mass destruction humanitarian disarmament and unconventional threats The book combines interrogations of the most prominent prohibition regulatory regimes while covering WMDs humanitarian issues and other agendas such as drugs endangered species and cyber security It will be of interest to academics and researchers in International Relations and Security Studies

International Drug Policy Steven Hayle,2025-03-13 This textbook provides an overview of international drug policy using a comparative framework to explore contemporary drug issues Using a topical approach each chapter examines a different topic pertaining to drug policy to illustrate the range of contrasting approaches adopted including decriminalisation prohibition legalisation and harm reduction In this way it speaks to students in the field of criminology and justice and beyond with a focus on criminal laws and the administration of criminal justice It draws on global examples from over 30 countries throughout to discuss and compare drug policies The book includes a host of pedagogic features including case studies exercises study questions web resources and chapter summaries It starts by providing an overview of the psychoactive and pharmacological effects of illicit drugs discusses how to compare policies across many countries and provides a history of the global drug prohibition regime and how it is evolving internationally Many of the chapter topics that follow relate to drug control regimes which are different forms of regulatory strategies found operating in many countries around the world It also discusses the global movement toward the decriminalization of all drugs It incorporates multidisciplinary theoretical and methodological approaches drawing on the work of a wide range of scholars including historians political scientists sociologists psychologists economists and lawyers

Governing Human Life Ondrej Ditrych,Constanza Sánchez Avilés,2023-08-31 This book is a

critical analysis tracing the operation of biopolitical mode of power in the global field of drug control Through a series of theoretically framed investigations that relate current drug control policies to the broader frame of vital politics it attends to the relationship of drug control state of exception and democracy exploring how pressures of resurgent sovereignty and neoliberal governmentality imprint on drug policy Then it turns attention to the relationship of power and knowledge with a particular focus on the evidence based approaches that may at times sustain rather than challenge prohibitionist drug control policies Finally it looks at how the global drug control dispositif shapes life on one of Europe s internal peripheries These investigations are intended to illuminate the operation of the drug control dispositif and its far reaching bio political effects in order to expand the space for devising more competent and compassionate public policies *Towards Drug Policy Justice* Damon Barrett,Rick Lines,2023-12-19 Taking the shifting global drug policy terrain as a starting point this collection moves beyond debates about whether to reform drug policies to a focus on delivering drug policy justice repairing the damage caused by the war on drugs as a component of reform efforts and safeguarding against future harms in legal markets This book brings together some of the leading international thinkers and advocates on harm reduction and drug policy to introduce key questions in contemporary drug policy Across five themes and with contributions from different regions and disciplines it explores ethical legal empirical and historical perspectives on delivering drug policy justice from supply through to use Essays cover a wide range of issues from the effects of COVID on drug policy to securing economic and environmental justice and from human rights in Asian drug policy to questions of race and equity in cannabis reforms providing diverse insights on both prominent and overlooked drug policy challenges *Towards Drug Policy Justice* is a benchmark text for scholars students advocates and policymakers as the book explores new models of global drug policy reform **Human Rights and Drug Control** Melissa Bone,2019-10-10 This book uses a human rights perspective developed philosophically politically and legally to change the way in which we think about drug control issues The prohibitionist approach towards tackling the drugs problem is not working The laws and mentality that see drugs as the problem and tries to fight them makes the drugs problem worse While the law is the best placed mechanism to regulate our actions in relation to particular drugs this book argues against the stranglehold of the criminal law and instead presents a human rights perspective to change the way we think about drug control issues Part I develops a conceptual framework for human rights in the context of drug control philosophically politically and legally and applies this to the domestic UK and international drug control system Part II focuses on case law to illustrate both the potential and the limitations of successfully applying this unique perspective in practice The conclusion points towards a bottom up process for drug policy which is capable of reconfiguring the mentality of prohibition This book will be of interest to students and scholars of human rights criminal law criminology politics and socio legal studies **Introduction to Global Politics** Richard W. Mansbach, Ellen Pirro,2023-06-14 *Introduction to Global Politics* Fourth Edition is an accessible comprehensive and well written introductory textbook which emphasizes the

evolution of major global issues from the past to the present By integrating theory and political practice at individual state and global levels students are introduced to key developments in global politics helping them make sense of major trends that are shaping our world This completely revised and updated edition includes new material on the dramatic shift in US policies under President Donald Trump and the post Trump moves to redo the global scene the coronavirus pandemic and its impact around the world Brexit and its consequences for the European Union the rise of China and Russia in the international order technological developments in weaponry and the militarization of outer space the growing importance of the politics of identity the environment nationalism and populism while retaining much of the structure and many of the features of past editions including a revised range of faculty and student aids a test bank flashcards glossary web links PowerPoint slides chapter outlines suggested video clips map exercises cultural references and boxed features Stimulating and provocative the book is designed to appeal to students and instructors interested in international relations as a broadly defined multidisciplinary subject encompassing politics history economics military science psychology sociology anthropology and philosophy

Legal Aspects of International Drug Control S.K. Chatterjee, 2013-12-01 The need for suppressing the illicit traffic in drugs can hardly be over emphasized Yet the licit uses of drugs especially for medical and scientific needs cannot be suppressed Apparently it is a question of determining the world requirements of drugs for such legitimate uses and of producing and manufacturing them accordingly Owing to their multifarious medical uses in various parts of the world it proves to be almost impossible to determine exactly the amount of drugs required for legitimate purposes There is also the complicating factor that drugs are used for sociological and religious reasons which have a long history Not only are the licit uses and legitimate amounts of drugs difficult to determine but also such difficulties give rise to illicit traffic in them Yet it is believed that a concerted international policy coupled with national co operation on various facets of the related problems namely limitation of production and or manufacture of drugs restriction on cultivation of plants that may contribute to addiction producing substances training and rehabilitation of drug addicts and efficient national administration would help eradicate drug abuse In search of an appropriate remedy this book has been devoted to a practical study of the problem and to exploring in this area of international law the relationship between the political and economic interests and the international economic order

US Foreign Policy and the War on Drugs Cornelius Friesendorf, 2007-02-22 This book examines the geographic displacement of the illicit drug industry as a side effect of United States foreign policy To reduce the supply of cocaine and heroin from abroad the US has relied on coercion against farmers traffickers and governments but this has only exacerbated the world's drugs problems US Foreign Policy and the War on Drugs develops and applies a causal mechanism to explain the displacement analyzing US anti drug initiatives at different times and in various regions The findings clearly show that American foreign policy has been a major driving force behind the global spread of the illicit drug industry calling for urgent revision This book will be of interest to students of US foreign policy security studies and

international relations in general **International Law and Transnational Organised Crime** Pierre Hauck, Sven Peterke, 2016-06-23 Since the end of the Cold War states have become increasingly engaged in the suppression of transnational organised crime The existence of the UN Convention against Transnational Organised Crime and its Protocols demonstrates the necessity to comprehend this subject in a systematic way Synthesizing the various sources of law that form this area of growing academic and practical importance International Law and Transnational Organised Crime provides readers with a thorough understanding of the key concepts and legal instruments in international law governing transnational organised crime The volume analyses transnational organised crime in consideration of the most relevant subareas of international law such as international human rights and the law of armed conflict Written by internationally recognized scholars in international and criminal law as well as respected high level practitioners this book is a useful tool for lawyers public agents and academics seeking straightforward and comprehensive access to a complex and significant topic **The Humanisation of Global Politics** Sassan Gholiagha, 2022-09 The book draws on International Relations Theory and International Law to study the humanisation of global politics especially within security discourses

Eventually, you will entirely discover a additional experience and achievement by spending more cash. yet when? get you say yes that you require to acquire those every needs afterward having significantly cash? Global Politics Of Drug Control Introduction

In today's digital age, the availability of Global Politics Of Drug Control books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Global Politics Of Drug Control books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Global Politics Of Drug Control books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Global Politics Of Drug Control versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Global Politics Of Drug Control books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Global Politics Of Drug Control books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Global Politics Of Drug Control books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to

borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Global Politics Of Drug Control books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Global Politics Of Drug Control books and manuals for download and embark on your journey of knowledge?

FAQs About Global Politics Of Drug Control Books

What is a Global Politics Of Drug Control PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Global Politics Of Drug Control PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Global Politics Of Drug Control PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Global Politics Of Drug Control PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Global Politics Of Drug Control PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such

as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
