Eminent Persians Abbas Milani, 2022-08-01 As the 25th anniversary of the Islamic Revolution approached Abbas Milani realized that very little if any attention had been given to the entire prerevolutionary generation Political upheavals and a tradition of neglecting the history of past regimes have resulted in a cultural memory loss erasing the contributions of a generation of individuals Eminent Persians seeks to rectify that loss Milani's groundbreaking portrait of

modern Iran reveals the country's rich history through the lives of the men and women who forged it. Consisting of 150 profiles of the most important innovators in Iran between World War II and the Islamic Revolution, the book includes politicians, entrepreneurs, poets, artists, and thinkers who brought Iran into the modern era with brilliant success and sometimes terrible consequences. The biographies and essays weave a richly textured tapestry of lives, ideas, and events that reveals the true story of these decades in the life of a nation. The two volumes are divided into sections on politics, economics, and culture, each accompanied by an introductory essay that places the individual stories in their broader historical context. Drawn from interviews, extensive archival material, and private correspondence, *Eminent Persians* is a treasure trove of original documents, many appearing in print for the first time. Detailed sketches of personalities and personal foibles offer a compelling and highly readable account of this remarkable period of history on a human scale. Southern Historical Society Papers Southern Historical Society, 1897. **A Communist for the RCMP** Dennis Gruending. In 1941 the RCMP recruited Frank Hadesbeck, a Spanish Civil War veteran, as a paid informant to infiltrate the Communist Party. For decades he informed not only upon communists but also upon hundreds of other people who held progressive views. Hadesbeck's Watch Out lists on behalf of the Security Service included labour activists, medical doctors, lawyers, university professors, and students, journalists, Indigenous and progressive farm leaders, members of the clergy, and anyone involved in the peace and human rights movements. Defying every warning given to him by his handlers, Hadesbeck kept secret notes. Using these notes, author Dennis Gruending recounts how the RCMP spied upon thousands of Canadians. Hadesbeck's life and career are in the past, but RCMP surveillance continues in new guises. As Canada's petroleum industry doubles down on its extraction plans in the oil sands and elsewhere, the RCMP and other state agencies provide support, routinely branding Indigenous land defenders and their allies in the environmental movement as potential terrorists. They share information and tactics with petroleum industry stakeholders in what has been described as a surveillance web intended to suppress dissent. *A Communist for the RCMP* provides an inside account of Hadesbeck's career and illustrates

how the RCMP uses surveillance of activists to enforce the status quo *To Hell with Honor* Larry Sklenar, 2003-03-01
 Sklenar contends that Custer did have a battle plan one different from any other suggested by scholars thus far Custer he argues had reason to believe that his scheme might succeed with minimum bloodshed made decisions consistent with army regulations and his best instincts as an experienced commander had subordinates who could not overcome the limits of their personalities in a desperate situation and made a selfless commitment to save the bulk of his regiment Along the way Sklenar appraises the officers and other men who served in the Seventh evaluating the survivors testimony and assessing the intent and motives of each BOOK JACKET **Confederate Veteran** ,1926 *The Fort McClellan POW Camp* Jack Shay, 2016-05-16 The POW Camp at Fort McClellan Alabama was one of hundreds of American containment centers built to hold the hundreds of thousands of German prisoners captured during World War II The camp s well maintained and humane facilities gained it a reputation as a model camp Military officials praised its elimination of major operational problems International inspectors commended it calling it one of the best camps in the country Prisoners accepted and even enjoyed their time there Drawing on official documents and recollections of prisoners soldiers and civilians this book provides a personal and detailed history of a widely praised and admired place of internment People's Lawyers Diana Klebanow, Franklin L. Jonas, 2003 A collection of biographies of ten American lawyers Some are well known such as Thurgood Marshall and Morris Dees and Ralph Nader others such as Belva Lockwood and Samuel Leibowitz are not Each chapter is accompanied by an annotated bibliography a chronology and a table of cases *The Days of the Swamp Angel* Mary Hall Leonard, 1914 **Memoirs of Robert E. Lee: His Military and Personal History** Armistead Lindsay Long, 2015-09-04
 This book is an interesting addition to the voluminous biographical literature of the war that has been made in the *Memoirs of Robert E Lee* General A L Long of the Confederate Army was a friend and fellow soldier of Lee This large volume has been written under great difficulties the author having lost his sight but like some more eminent American historians who have worked under similar disadvantages he has not slighted his task but has made diligent use of a great body of material The work is not autobiographical of course but makes large use of the words and records of General Lee Its value rests in its full clear and enthusiastic presentation of the character and career of one of the most remarkable men of a great epoch Included are also the full official Reports of Gen Lee with copious selections from his confidential letters dispatches and official communications never before published the only official record of the closing years of the war **Governor of the Cordillera** Shelton Woods, 2023-07-15 Governor of the Cordillera tells the story of an American colonial official in the Philippines who took the unpopular position of defending the rights of the Igorots was fired in disgrace and made a triumphal return During the first fifteen years of colonial rule 1898 1913 a small group of Americans controlled the headhunting tribes who were wards of the nascent colonial government These officials ignored laws carved out fiefdoms and brutalized or killed those who challenged their rule John Early was cut from a different cloth Battling colleagues and supervisors over their

treatment of the mountain people Early also had run ins with lowland Filipino leaders like Manuel Quezon Early s return as governor of the entire Cordillera was celebrated by all the tribes In Governor of the Cordillera Shelton Woods combines biography with colonial history He includes a discussion on the exhibition of the Igorots at the various fairs in the US and Europe which Early tried to stop The life of John Early is a testament to navigating political and racial divides with integrity

To Live and Die in Dixie David Zimring, 2014-12-31 According to the 1860 census nearly 350 000 native northerners resided in a southern state by the time of the Civil War Although northern in birth and upbringing many of these men and women identified with their adopted section once they moved south In this innovative study David Ross Zimring examines what motivated these Americans to change sections support or not the Confederate cause and in many cases rise to considerable influence in their new homeland By analyzing the lives of northern emigrants in the South Zimring deepens our understanding of the nature of sectional identity as well as the strength of Confederate nationalism Focusing on a representative sample of emigrants Zimring identifies two subgroups adoptive southerners individuals born and raised in a state above the Mason Dixon line but who but did not necessarily join the Confederacy after they moved south and Northern Confederates emigrants who sided with the Confederacy during the Civil War After analyzing statistical data on states of origin age education decade of migration and most importantly the reasons why these individuals embarked for the South in the first place Zimring goes on to explore the prewar lives of adoptive southerners the adaptations they made with regard to slavery and the factors that influenced their allegiances during the secession crisis He also analyzes their contributions to the Confederate military and home front the emergence of their Confederate identities and nationalism their experiences as prisoners of war in the North and the reactions they elicited from native southerners In tracing these journeys from native northerner to Confederate veteran this book reveals not only the complex transformations of adoptive southerners but also the flexibility of sectional and national identity before the war and the loss of that flexibility in its aftermath *To Live and Die in Dixie* is a thought provoking work that provides a novel perspective on the revolutionary changes the Civil War unleashed on American society

History of the Twenty-ninth Division, "Blue and Gray," 1917-1919 John Abram Cutchins, George Scott Stewart, 1921

The Imperial Screen Peter B. High, 2003 From the late 1920s through World War II film became a crucial tool in the state of Japan Detailing the way Japanese directors scriptwriters company officials and bureaucrats colluded to produce films that supported the war effort *Imperial Screen* is a highly readable account of the realities of cultural life in wartime Japan High s treatment of the Japanese film world as a microcosm of the entire sphere of Japanese wartime culture demonstrates what happens when conscientious artists and intellectuals become enmeshed in a totalitarian regime This English language edition is revised and expanded

from the original Japanese edition *Our Lesser Angels* Mary Frailey Calland, 2023-06-30 Fifteen years after the end of the American Civil War a North Carolina widow travels to Elmira New York the site of an infamous Confederate prisoner of war camp to confront the woman who may know the meaning of an engraved ring found in the pocket of her deceased husband's Rebel uniform The answer emerges through fictionalized first person accounts from a Rebel prisoner a Union guard a crusading Elmira Female College student and John W Jones the actual fugitive slave and Underground Railroad conductor ironically tasked with overseeing the burials of the nearly 3000 Confederate soldiers who died at the camp Their diverse voices provide an intimate look into the build up and conduct of the war from the passionate perspectives of those who fought for either side those left to wait at home and those whose very freedom depended on the war's outcome Their deeply held beliefs and loyalties are challenged when their fates converge in the harsh shadow of the Elmira prison camp a place where suffering blurs the line between enemy and friend and where empathy can turn to love
